Go To Season 2>> Go To Season 3>>>>SEASON 11x01 Extreme Aggressor(Making Introductions)Hotch: This is Special Agent Gideon, Special Agent Morgan, anti-obsession crimes expert, Special Agent Reid.Gideon: (clarification) Dr. Reid.Hotchner: Dr. Reid, our expert, well, everything, and after two years of breaking my ass in this office, I hope you remember me. Hotch -----Hotch: I'm Agent Hotchner. Special Agent Dr. Reid: You seem too young to go to medical school. They're ph. D's, three of them. Are you a genius or what? Reid: I don't think intelligence can be accurately quantified, but I have an IQ of 187, an eidetic memory and read 20,000 words per minute -(Strange look at Woodland) yes, I'm a genius.----Morgan: Reid, are you good with this? We have a woman with only a few hours left, an incomplete profile, and a unit chief on the verge of a nervous breakdown. Gideon: (he re-entered the room) They're no longer called nervous breakdowns. It's called a major depressive episode. I know Reid----Morgan (the Elle)Next time, show me a little leg.-----Elle: You might have an email or a log on your computer, something that will tell you where Heather is. Do you think you can break in? Six rounds? Gideon: Try again. You're failing again. It's no better. Reid: (nods) Samuel Beckett. Try not to. Do it or don't. (Gideon looks at Reid as he doesn't know the quote) I'm Yoda. -----Garcia: (on the phone) you reached Penelope Garcia of the FBI Office of Supreme Genius.Morgan: Hey, that's Morgan. I need you to do magic for me. I have a program called Deadbolt Defense and a girl who only has a few hours left, so what do you know? Then there's a problem. Deadbolt is the number one password crack-resistant software out there. You're going to have to get in this guy's head to get the password. I thought I was calling the Office of the Supreme ----- I think he's qualified to be a field agent. You know, Haley and I were looking at a baby name book. Well, guess what Gideon means in Hebrew. Reid: (passing by and hearing the question) Mighty warrior. Appropriate. 1x02 ForcedGideon: No badge. I don't want to satisfy the unsub's attention by letting him know the FBI is here. Try to look off-the-record. (looks at the team) Try to be less official.-----Elle: Chemical catalyst can mean chemistry listening. That could mean chemistry, Professor. I'm saying he's a student. You need confidence to teach yourself in front of a 30-person classroom. Arsonators are socially incompetent. This guy doesn't date, he doesn't go to parties, he doesn't feel comfortable in front of groups. [Reid looks at Elle] And the He's a complete psychopath. Of course, I'm sorry. ----- Campus Patrol Boy: You're one of those FBI guys. Like a profiler, right? When you look at a crime scene, can you tell me what kind of shampoo a killer uses? You seem skeptical. Campus Patrol Boy: (smiles) Uh, maybe a little. (Grabs her necklace and plays with it) Your girlfriend thinks you're going to break up with her. Campus Patrol boy: You're kidding, aren't you? (later) You broke up with him. No more necklaces. Campus Patrol Boy: Yes, I'd like to date someone else. What's his name again? Campus Patrol Boy: Brian.Gideon: Oh, well, it's.... ... That's a pretty good reason. Did you do it right? Campus Patrol Boy: Yes. yes, other than you saying that homosexuality is a sin and that I'm going to get used to god's wrath. -----Morgan: Look, we need as close to the real sound as you get and anything that might be in the background. Can you do it? Okay, you know in Star Trek, when Captain Kirk asks McCoy to do something completely impossible, and McCoy says, Damn, Jim, I'm a doctor, not a miracle worker? Hey, what are you going to say so I don't expect a miracle? No, I'm saying I'm not a doctor. This is my girl.-----Morgan: You know there's got to be a quicker way. How about I just change the first question that I've recently dated a killer pyromaniac?, -----Garcia: If I find out who doesn't deserve me a night of passionate lovemaking? Definitely, Sweetness. Reid. -----Elle: We... What's the most guilty place on campus? Come on, Elle, when I was in college, it was everywhere,----- Morgan: (after entering the apartment) OCD? I meant OMG. Elle: OMG? Morgan: Oh My God1x03 I don't get fooled again by Morgan: These are my bomb fragments. We can start putting this bad guy together. Why are you tossing with him? Aren't you going to look at the pieces for fingerprints? Garcia, what are you doing at the FBI? Didn't I get into med school? Morgan: Why not surprise me?----- (Morgan and Garcia try piecing together the bomb)Garcia: If there was another piece like this ... (Picks up a pencil) No, I've tried. It doesn't fit. No, it could have been part of a longer rod that could have been over the top and gone through it. (He pöks the pencil with a crack in the bomb pattern. Morgan looks at what he did and then looks at Garcia.) Garcia: Tetris.-----Hotch: I spent a good chunk of my childhood looking for a 1944 pence worth thousands. (Elle stares at him) yes, I was a bit of a nerd. Is that so surprising? I don't-----Elle: Maybe there's something. Barbara Keller was having trouble with some of the coins she bought. The insurance company thought it might be fake. Hotchner: So the insurance company blows up annoying customers?-----Garcia: Office of Genius puzzle solver. Do you have any puzzles for me? I found out that Bale has access to the Internet by bypassing a firewall on a prison library computer. He even has an e-mail address. That's it, that's it. He's a sly son of a bitch. Reid: Yes. ----- Mrs. Walker: Are you single? Elle: Yes. I have some advice. Don't marry the first guy who asks me to marry you. ----- (Garcia is about to take a bite of his sandwich)Morgan: Are you ready to do some work? Why not? I haven't slept all week. I might as well give up eating. Poor baby, don't let the tears get in the papers or they'll all be messy.1x04 Plain SightHotchner: [About Reid] Isn't it wonderful that he knows what he knows and he's only 24? Imagine what he'll know by 50. ----- Elle: [seeing Reid trouble blowing out the candles] I thought it was full of warm air, Reid. ---- Reid: [Gideon, about JJ] Do you know that he's the only person in the world who calls me Spence? -----, I hate that you don't have a plan. We're looking for a needle in the haystack. Actually, we're looking for a needle in a pile of needles. I don't know what you're talking about. A needle would stand out in a haystack. Okay. And aren't we looking for someone who stands out? Reid: No. We are looking for a particular needle in a pile of needles.----- Reid: You need to see what comes out when you type death into a search engine. No wonder you can't find a partner. - ---- Reid: Do you think it's weird that I knew that ballad? Reid, I don't know how you know half of what you know, but I'm glad you do. You think that's why I can't date? Have you asked anyone? [Reid's going to push his eyes] No.Elle: That's why you can't get an appointment. ----- Gideon: There's also someone on the plane to be a huge Skins fan. Who is it? The only person in the world who calls me Spence is Checkmate.-----Garcia: Office of Unlimited Knowledge Science. Penelope Garcia's in there. Talk, oh, lucky. Garcia, it's Elle. Can you get into the San Diego call repair report? Sunshine, this is where I can run CentCom and participate in simultaneous Tetris tournaments. 1x05 Broken MirrorReid: I don't know everything. Yesterday, when he beat me in the card. ----- Mr Davenport: [talking to Reid] Excuse c-can you really read that quickly? Reid: The conscious mind can process 16 bits of information per second, but the unconscious can process 11 million. [Mr. Davenport looks like Gideon with a questioning look] Yes, I do, I really can read this fast.1x06 L.D.S.K. Hotchner: Nice shotReid: I aim for the leg ofHotchner: I wouldn't have kicked you anymore, I was afraid you wouldn't get my plan. At that moment, I got your plan to get the hostages out of my line of fire. I hope I didn't hurt you too much. Hotch, I was a 12-year-old prodigy at a high school in Las Vegas. You kick like a nine-year-old girl. ----- Reid: I know I should feel bad about what happened. I mean, I killed a man. You know, I should feel something... But I don't. Gideon: Not knowing how you feel, it's not the same as not feeling anything. It's going to hit you, and when that happens, all you need to know is three facts. You did what you had to do, and a lot of good people live for what you did. What's the third one? Gideon: I'm proud of you.---- (Garcia calls Morgan on his cell phone)Morgan: Yes, MorganGarcia: Not this spooky Morgan: Isn't it how spooky? That you're thinking about me now, and your phone's ringing out of nowhere, and it's me. Mi? How about a spiritual connection? He... I don't think that's a good idea. Do I know you? Why are you hurting me? 1x07 The FoxDerek: If you move, I'll break your neck. ----- Reid: Are you hacking the government's HMO database? Is that legal? Of course you don't. We're going to jail, and you're going to be somebody's *. Reid: Really?1x08 Natural Born KillerHotchner: You're just responding to what you learned from Vincent. When you grow up in an environment like this, in an extremely violent and violent household. It's no surprise that some people grow up to become murderers. Some people? What is that? You said some people were going to be killers. Hotchner: ... And some people grow up to catch them. ----- [Garcia enters the room in a cardboard box.] Please tell me you brought breakfast. Trust me, sugar. You won't want to eat when you see what's in it. ----- Russo: Look, I'm not talking smartass. So, do you have something to say? ----- Gideon: Carl Jung said: A healthy person doesn't torture others. It's usually the tortured who become torturers. ----- Elle: Here's something... [He puts his coffee cup on Garcia's desk]... What can you tell me about Vincent Sartori? [Garcia throws a coffee cup in the trash] I was still drinking it. Garcia: Not only is this equipment expensive, it's also extremely sensitive. [Spencer and Elle share a strange look] ---- [Elle talks about a criminal sealed records] Elle: Can you get into those records? Even though they've probably been erased, he finds the faintest echo of the deletion, successfully recreates the file, and thereby sends us to prison for computer fraud. [Elle and Garcia have a look] We can -----Garcia: You're breathing on my neck. I'm sorry, I didn't know you were here. Excuse me, Elle: Are you two having a good time? Oh, yes. Slatng Freddy's life and time I wouldn't miss this party with Dr. Reid. 1x09 Derailed Morgan: And remember, play with the guy fantasy, believe yourself. In fact, did you know that dentists and surgeons were secretly drafted to insure these in otherwise normal medical procedures? It has been happening in and out since the late 1930s. ----- at least one of them looks like they're going to see me again? -----, Reid, what are you talking about, a magic trick? yes, I'm talking about a magic trick. ----- Gideon, can you tell him I don't have to go to the hospital? Gideon: The rules are regulations. Are you going to be okay? I'm fine, Dad.Gideon: Elle? Elle: Yes? Don't ever call me dad again. [Gideon walks away] I wonder what he'd think of mom. Let me know when you do that so I can run. ----- Elle: Um, Reid? You probably saved my life. Probably? I totally saved your life. And I'm sure I've been hired. 1x10 The popular kidsMorgan: So tell me, what does young Dr. Reid keep awake at night? Wait, let me guess. Are you memorizing some obscure textbook? No, no, no, you're working on the cold fusion? No, I got it, I got it, I got it. Watching Star Trek and laughing at the flaws in physics? Actually, there aren't a lot of scientific flaws in Star Trek. Especially considering how long ago it was taken. There are certain improbability, but not so many complete mistakes. It's true, it's true. 1x11 Blood hungryGideon: Garcia? Hotchner: Penelope...? The technician with the glasses...? The room... one of all screens ...? No, I'm not a great encyclical. ----- [Morgan walks in and gets scared elle]Elle: Dude! Dude? You're too tense. ----- Hotchner: What's it like to have Gideon here? You can have it back any time you want. ----- Hotchner: Sometimes what we don't do is as strong as what we do. For old time's reents. Okay... [looks around, steps closer, whispers] Maybe you should think about that tie. ----- Garcia: (pick up the phone) Penelope Garcia's house, how can I save your ass today.----- Gideon: Hey Hotch, do you send flowers to the tech room girl Garcia and say it from me? Hotchner: yes. Gideon: Why? Jason, people need to know they're important, and sometimes you forget that. Gideon: I've already sent him a gift, an MP3 player. It takes longer unless you drop it, or the batteries die, whichever comes first. So you got two presents? What if he thinks I'm crazy about him? 1x13 Poison Gideon: Mr. Fisher? Eric Fisher: Shrink or cop? Well, I'm an FBI profiler, so I guess a little bit of all of them. 1x14 Riding the LightningHotchner: How many more are there? Jacob Dawes: I'm just a few left, and although I like you - and me like you - I'd like to be alone now. (he puts his hands out) It was nice to meet you. HotchHotchner: (ignoring his hand) I'm not done yet. Jacob Dawes: Oh, me neither-----, to last words? Jacob Dawes: Bring on.----- (Garcia doesn't want to meet the Dawes)Garcia: Slaughtered 13 young girls with blond hair, (points to self) HELLO!-----[JJ enters the room where Hotch talks to Jacob] Jacob: Oooh, you! JJ: My friends call me JJ... Well... Hello JJ! JJ: You're not my friend: you can call me Jennifer.1x15 Unfinished BusinessReid: What do you think of Ryan? He hasn't changed much. I think we can learn a lot from him. What can you learn that you don't know yet? Hotch, repetitive thinking is the death bell of the brain. Total brain use, varied stimulation is the key. ---- Ryan: [reading second note] For the light to shine so brightly, the darkness must be present. Now he's quoting Sir Francis Bacon. Ryan: I have this specific quote from my... Reid: In your book, the 184th-century book was published in 184th Century, I read it on the plane. And do you remember the page number and the quote? Don't ask. ----- Morgan: So they've been here all night? Hotchner: Apparently Elle: Where else would any of us be on a Saturday night? It's not like we have a life or anything. He didn't escape, and you didn't count that eight-page prologue. 1.16 The Tribe Blackwolf: [The Gideon] You look like a university professor. [For Reid] You look like his student. [For Hotchner] You look like the FBI. ----- Blackwolf: We don't do massacres. Yes, there is. Hotchner: I personally? Blackwolf: The government. ----- you're telling me the Indians wouldn't be so brutal? No, I'm saying the Indians wouldn't be so confused. ----- Hotchner: It's a surprise. You haven't cut your hair since Thanksgiving. ----- Sean: Are you saying I can't take care of myself? No, no That's how I want to say I'm an asshole. I think it's hereditary. ----- JJ: Is he Hotch's brother? I don't see it. Sean, listen to me. I'm just saying you're 25. You know what? Don't profile me, Aaron. This is the day people don't, no, no, I see it now. ----- Elle: Brother... That this is Hotch's brother? Maybe Hotch was adopted? ----- Gideon: Is Ga'he good spirits or bad spirits? Both. Like men. ----- Blackwolf: Samuel, tell the people of the FBI- Are. The Ga'he are powerful spirits who live in desert caves. Reid, is your name Samuel? I'm sorry, I don't know what to say. ----- Gideon: The Kids? Okay, we got them out before they got here. We filed these four. Without firing? I thought you were going to talk to Reid about taking some time off. What's a vacation? ----- Elle: Guys, we're here in New York, and even if we don't talk about our case, we end up talking about another profiler. You're right, I'm sorry. Elle, are you seeing anyone? ----- Reid: [the waitress, having a hard time with her chopsticks] Excuse me, can I get a fork maybe? That's the number I don't know what's going on. Did you know that experts credit Confucius with the advent of chopsticks. He equating the knives with aggression. You don't know how to use them, do you? It's like trying to have dinner with a pencil number two. It's absolutely unbelievable, 1.3 billion people remain fed because of these things. -----, so are we looking for an ex-convict or something crazy with an Amazon account? - ---- female officer: [After hearing the offender's profile] So we're looking for a small, angry, white guy for a day's work? ----- Hotchner: Ok, here's what we know. [turns around and walks away] Go catch them, my love. ----- [The artist just mentioned that he thinks the picture is boring] Gideon: Oh, I don't think so. I mean, nothing's just a picture. If we look at it correctly- whatever that means - we can see worldviews, obsessions, ----- Gideon: We're leaving. We're still looking for the exhibit. Now. [Reid turns to Lila and back to Gideon] Nwo. I think we're leaving. Reid, now. ----- Parker Dunley: Spencer. I'm Spencer Reid. Dude, man, it's not my fault. Look at you. You look the same. Look at you, nothing's changed. [Gideon] Spencer was the only 12-year-old in our senior class. Do I look 12? Gideon:... Fourteen.1x19 MachismoHaley: Go, it's all right. I'm not angry. No, you didn't hear him. He said everything was fine. You're a hell of a profiler. ----- Jessica: You keep it like a melon. Hotchner: Why? You think you can do better? Here, smart ass. [The baby rests in his arms] Hotchner: All right. Let's see how you profile an unorganized psychopath. ----- Morgan: There's nothing like jet sleep, is there? yes, it's like a night of drinking without drinking. ----- [Garcia rattles off some bad Spanish] Morgan: Relax, Garcia. I think you insulted someone's mother. Shut up, shut up. I bought French. What can I say? Penelope, your last name is Garcia. That's my stepfather's name. Do you want my genius or not? ----- Elle: [The Reid, which is the wrong Spanish pronunciation] Face it chico, you're just a genius in English! ----- Elle: [when she saw the skeleton] Hotch! A little late. ----- Hotchner: Serial killers make lousy tourist attractions. ----- JJ: At least you can spend your birthday weekend in Mexico. yes, what's a doghouse in Spanish? 1x20 Charm & HarmGideon: The author François de la Rochefoucauld wrote: We are so used to disguise ourselves to others that in the end we will be disguised as ourselves. ----- Morgan: Why is it so weird? We're sitting with a guy who knows there's 800 corn kernels in a regular... Reid:... Arranged in 16 separate rows. And you call me weird? ----- Gideon: [after you find Gregory's fake IDs] Look at these driver's licenses, you can start your own car records. ----- [Elle's phone is ringing]Morgan: aw, this has to be her boyfriend. - No, no, Elle: yes, it is. [answers phone] Hello, Gideon. [Morgan's grin disappears] ----- Elle: You really don't know anyone until you take a trip with him. What are you trying to say? Look at this car, man. There are empty cans of soft drinks and fast food packaging everywhere. You're a slob. You know, in Quantico, your desk was clean, but I bet if you looked in the drawers, you'd find a mess. Okay, we've been on the road too long. ----- Doug Gregory: Are you saying that young boys aren't curious? Sure, they're curious, but not all of them peeked into the window. ----- Reid: How old were you when this happened? Doug Gregory: Ten.Reid: Were you close? Doug She was his mother! ----- Garcia: Aaron, do you have any idea how many people drown every day? Hotchner: Well, yes. Bruno: yes. Gideon: [Reach the phone] Then I need my team. ----- JJ: What do you think this is about? Call me cynical, but considering 2 a.m. You're a genius. ----- Elle: [The Gideon] Said he would send a postcard coming from the beach. Lied. Reid: Yes. You hate the beach. ----- Gideon: One thing I've learned over the years from profiling CIA agents, spies are some of the smartest liars in the world. Be smarter. ----- Garcia: Do I look like a threat to national security? Seriously? You're on the list. ----- Garcia: You know what that means. JJ: What? We can find out if Princess Diana's death was an accident. JJ: I think it's exactly the kind of thing that makes you on the list. ----- Reid: [after learning that the CIA staged the victim's suicide] How about that job? ----- JJ: What are you doing? (desperately working on his computer) I'm looking for Prince William's phone number. He'll be at the CIA. 1x22 The Fisher King (Part 1)Gideon: Writer Elbert Hubbard said: No one needs a vacation as much as the man who just had one. ----- Morgan: [the Reid] Looks ok for you? It looks like I would if I spent two weeks with my family. ----- JJ: [about the incredible Sir Kneighf] Please don't tell me you have a crush on a fictional character. It's not made-up. He's a real person's online alter ego. JJ: Hmmm, you don't know anything about it, even if it is... Her. Look, we meet online at times he's never late. We spend hours adventurous and chatting, during which time you get undivided attention and accumulate ad flattery. When did your date go so well? See if he has a fictional brother. ----- Garcia: What? Garcia, I need to run a name. Garcia: No! I don't know what you're talking about. Garcia: Information about Super Highway is closed. What are you talking about? Someone had the guts to run a black hack into my computer, Morgan, they hacked me, k? But I bet I can find them. I have honey up farms behind the UML card to store data packets and the first generation honey net I personally programmed. My snort log list, every visitor, every server request, every keystroke for the entire network. Well, I must have dropped it on the way here. ----- Killer: [the videotape] You'll understand why you should do so. You can even thank me. Don't hold your breath, son of a bitch.
