Girl scout dance

You want to start the fun today? Try this! Imagine you're a grasshopper or a ladybug. I see cockroaches like these people? Small stones look big? Do the blades of grass look super tall? Now put on some music. Are you moving or dancing differently now that you're a cockroach? Now pretend you're a bird that can fly over the earth, a giant elephant with a swaying trunk, or even a household pet. Has the dance changed? We'll learn about a lot of animals and we'll find fun new ways to dance together at the party! We can't wait to meet you and share ideas about the Scouts being able to overload your daughter's life. Interested in finding out more through a virtual session, click Register for details. Animal Dance Parties are every Monday night practically from 6:00 p.m to 7:00 p.m. Place? Share Social!
