Streamlight stinger led

Streamlight Stinger LED HL Rechargeable Flashlight (Light Only) glows over a wide range, thanks to an exceptionally good beam distance. It gives a blast of 640 lumens and a beam distance of 297 meters. A multi-function on/off push button also allows you to choose between three lighting modes and strobe. The three modes and strobe are high, medium and low. 'High' mode offers a super light beam at 640 lumen, 297 meters beam distance, and 22,000 candela peak beam intensity. The flashlight runs for 1.25 hours in this mode. 'Medium' mode provides bright light and longer operating times. It offers 340 lumen, 11,000 candela peak beam density, running time of 2 hours, and a beam distance of 210 meters. 'Low' mode provides light without glare and provides an extended operating time of 4 hours. In this mode, the flashlight provides 170 lumens, 5,500 candela top beam intensity and 148 meters of beam spacing. Strobe helps to disorient or signal your location and runs 3 hours. Using the C4 LED technology, this flashlight is shock-proof and has a lifespan of 50,000 hours. It has a deep-dish dishedabolic reflector to produce a concentrated beam with maximum peripheral lighting. The machine-crafted aluminum body has a non-slip rubberized comfort grip. It comes with an anti-roll rubber ring that is waterproof and is tested for a one-metre impact resistance. The flashlight uses a 3-cell, 3.6 Volt Ni-MH sub-C battery that can be recharged up to 1,000 times. Optimized electronics provide regulated intensity throughout battery charging. The polycarbonate is unbreakable and has a scratch-resistant coating. The flashlight is serialized for positive identification. Streamlight Stinger LED HL Rechargeable flashlight (Light only) is available in many colours: blue, red, lime green, orange, black and purple. Technical specifications Max. Lumen: 640 Max. Candela: 22,000 Lifetime: 50,000 hours Battery: 3-celled, 3.6 Volt, Ni-MH sub-C battery Rechargeable Up to: 1,000 times Lens: 8.41 or 21.36 cm Weight: 12.4 ounces or 352 gm Limited Lifetime Warranty Description Streamlight has launched its popular and well-known LED tactical flashlight - the Stinger LED. Its 350 lumen output can be quickly brought to life through the user-friendly, long-lasting push button switch. The switch also changes Stinger's brightness level. The Stinger LED runs on two different types of battery packs, either 1 x Ni-MH sub-C package or 1 x Ni-Cd sub-C package. Both packages are rechargeable for 1,000 bikes, so you get a lot of bang for your buck here. This is by far one of the best and most durable flashlights out there for tactical use, due to its almost indestructible polycarbonate plastic lens, its luminous C4 LED, which Streamlight has created specifically for their flashlights, and its shell that has been built out of the 6000 series machined Aluminum. Rechargeable & reliable On the optional Stinger LED is the PiggyBack charger. This handy charger is specially created for Streamlight brand flashlights, and it has a snap-in design for a simple, safe charging process. Its current levels are 120V AC/12V DC. You know when charging is complete due to the charger's LED. With the PiggyBack charger, you can charge the battery in the flashlight itself - no need to remove it. The Stinger LED is made to be ergonomic - it has a rubberized grip. And you can be sure that the Stinger LED won't go anywhere - a removable rubber ring prevents it from rolling away. Stinger LED is covered by Streamlight's limited lifetime warranty. Included with each device purchased area Streamlight PiggyBack charger, 1 x Ni-MH battery pack, and an anti-roll rubber ring. Streamlight has you covered in the most critical times with its new Stinger LED! Features: 3 brightness levels and a strobe option allows for use in a variety of settings Side switch controls both power and output, Make light extremely easy to operate Almost indestructible polycarbonate plastic lens for long-term use 6000 series machined aircraft aluminum construction Running on either 1 x 3-cell, 3.6 V Ni-MH sub-C battery pack, or 1 x 3-Cell, 3.6V Ni-Cd sub-C battery pack; both rechargeable for 1,000 bikes Rubberized grip for comfort Removable rubber ring prevents flashlight from rolling away PiggyBack charger has snap-in design too simple, Secure Charging Process Streamlight Limited Lifetime Warranty Optional Accessory: NiCd Sub-C Battery NiMH Sub-C Battery 12V DC Charger 120V AC Charger AC/DC Charger 2 Holders 120V PiggyBack Charger LED: C4 LED Power Source: NiCd Sub-C Battery PAcK or NiMH Sub-C Battery Pack Peak Beam Distance: 310 Meters (1017.06 ft.) Peak Beam Intensity: 24,000Cd Brightness Outputs: High 350 Lumen - 2 Hours Medium 175 Lumen - 3 Hours and 45 Minutes Low 85 Lumen - 7 Hours and 15 Minutes IPX Rating: IPX4 Impact Resistance: 1. Meter Dimensions: Length Length - 8...8.841 (213.61mm) Head diameter - 1.62 (41.15mm) Body Diameter - 1.17 (431.80mm) Weight: 12.4 oz. (352g) ** Some options are no longer available sales! Save 30% on the Streamlight Stinger LED rechargeable flashlight – now with 425 lumens in high and longer operating time – up to 10 hours in low. The Streamlight Stinger LED, with a beam range of 1,056 feet, is a professional quality rechargeable flashlight - perfect for law enforcement, security, building inspectors, pest control and home user who wants a reliably well built LED flashlight. The Streamlight Stinger LED has a durable aluminium body with rubber grips. The switch on the Stinger LED is placed against the head and can be easily activated with the thumb. Just press on or off; press and hold to change the brightness level. Charging is easy for Stinger LED. Just flashlight into the charging bracket – it is not necessary to remove the battery for charging. BrightGuy is an authorized Streamlight distributor. From \$92.95 Output: 425, 200 or 100 Lumen Battery Type: NiMH Rechargeable Running Time: 3 to 10 Hours Feature: Balanced Beam with Up to 1,056 Foot Range Dimensions: 8.41 Long X 1.62 Main Diameter with 1.17 Body Diameter \$92.95 - \$140.95 What's Included - Streamlight Rechargeable Battery, anti-roll ring and choice of charging options Features of Streamlight Stinger LED Flashlight * C4® LED technology with 3 brightness levels plus strobe > High- 425 lumen, 3 hours driving time, 322 meter beam area > Medium- 200 lumen, 5.5 hours driving time, 219 meter beam area > Low- 100 lumen 10 hours charge run, 155 meter beam area > Strobe- 5.5 hours running time* 1,056 foot maximum beam range powered by a Rechargeable NiMH > battery for 3.6V, 2.6A* waterproof to the IPX 4 standard* available with your choice of Smart Chargers with faster charging times > The AC-home USB input - recharged for 3.5 to 6.5 hours > DC car 12V input - recharges in 2 to 3.5 hours* available with Smart PiggyBack charger (charger flashlight & extra battery at the same time) > USB input for AC-home - recharged for 6 to 6 to 7.5 hours > DC car 12V input - recharged for 2.5 to 4 hours* fits existing Stinger snap-in chargers* measures 8.41 long x 1.62 main diameter with 1.17 body diameter* multifunction, easy access push button switch designed for extremely long service life* 6000 series machined aircraft aluminum with non-slip rubberized comfort grip* includes removable anti-roll rubber ring* unbreakable polycarbonate lens with scratch-resistat coating* serialized to positive identification* limited lifetime warranty through Streamlight* assembled in the U.S. Success!
