I like to take my sub because when I get home, the car smells so good!!! My family of three tried a few of their subs and they ... all delicious. Hot or cold, along the way or selective, continues here. The deals can also be a sandwich, drink and salad at a very good price so it's worth it - both potato salad and pasta salad are very high signs get and delish! The sub-shop owned by this family has been around for years. The new owners (coming British!!) took this shop a few years ago and, fortunately, the quality has not changed at all. Sometimes change is not so great, you know? They are super friendly, the art is great and the Beatles memorabilia is fascinating. Winn Dixie shopping plaza (across the street from WaWa) rocked on new digs and will not be disappointed - which sandwich you decided to try. I think wednesday and saturday close early, but most weekdays they are open until 6:00. Very YUMMY subs! More Grilled rib steak sautarched with onions - American cheese.
