## How to become a freemason in california

One of the traditions of Masonic is that we do not ask members or ask men to join. Men must apply for membership on their own initiative. You may have already heard us say this, although it deserves to say it again: Movies and books have led people to believe many things about what Masonic is, what Masonics are like, or what Masonics do. Before you start believing in everything Hollywood has to offer on the subject, let us start you on the right path. The secret is, there's no secret. Masonics are dedicated to the better of good men, from time to time. Mason Personal Growth awards – our constant pursuit of knowledge, ethics and leadership skills makes us better men and brings more meaning to our lives. Friendship – Masony is a community of men and their families that shares your beliefs and values. Sense of belonging – The Brotherhood allows men to connect with other men of honor and honesty who believe that honesty, compassion, love, trust, and knowledge, for example, are important. A strong successful fraternity – California has 80,000 members, Freemasters can be found in any field. Service to the community – Charity is at the heart of most Masonic activities. Our commitment to charity, volunteering and community service will help make the world a better place for all of us. Rich history – You are part of an organization that values tradition and history. The traditions and values of our brotherhood are now relevant and will last for centuries to come. Values – As a Mason, we value and promote ethics Personal growth Tolerance Education Diversity Charity Family community We believe there is more to life than pleasure and money. We respect the opinions of others and strive to grow and develop as human beings. Membership is open to men aged 18 and over with degrees. We welcome all ethnic and religious beliefs. If you are interested in become a Mason or have any questions about us, please email us at: This email address is being protected from spambot. JavaScript must be enabled to view it. You can also visit the Masons of California Grand Lodge website for more information on how to join our fraternity. Membership is open to men 18 years older who are strong and believe in the Supreme Being. Regardless of ethnic and religious background, men are welcome. What is the process of becoming a member? Masony cannot reach members; men must apply for membership on their own. Anyone interested in joining must first contact the Mason or the local hut. He is then introduced to other Masons who can recommend him for membership and offer an application. Once he has submitted an application, the Committee shall meet with him to discuss the application and answer his questions. The committee will then submit an application to the members who vote for his/her Can't women become brickers? Masony is a brotherhood, a brotherhood. Just as the essence of the sorority is that it is for women, the essence of the brotherhood is that it is for men, there are several Masonic organizations open to women, including the Brotherhood of the Eastern Star. What are degrees? Degrees are levels of membership, each of which is given at a ceremony held at the cottage. There are three degrees: apprentice, craftsman and master Mason. The titles come from the Middle Age. When a person wanted to join a knifeman like a carpenter or stone-taker, he was an apprentice first. As an apprentice, he learned the tools of his profession and, when he demonstrated his skills, became a craftsman. When he achieved exceptional ability, he was known as the Master of Craftsmanship. What good are being Masons? Brotherhood, values, and truths of the Masonic tradition have proved to inspire, challenge, and develop leadership in men. Benjamin Franklin described the brotherhood as a place of preparation. What do the Masons do? Charity is at the heart of most Masonic activities. Every year, California Masons donate millions of dollars and thousands of hours to both small and large charities. The Masons played a key role in establishing a public education system in the United States, and they are also constantly committed to public schools. The California Masonic Foundation has awarded more than \$5 million in scholarships in the last four years. What is Masonic? Masonic (also called a bricker) is the world's first and largest brotherhood based on the belief that every man can influence the world. The Mason strengthens and strengthens the character of an individual man by providing opportunities for brotherhood, charity and education. Where do the names Masons, Masons, and Free and Accepted Masons come from? The Name of the Masons comes from the occupation of their original members – stone-beaters who built castles and cathedrals in England and Scotland. The word free was added in the Middle Ages. Because the stone-feller had knowledge and skills that could not be found everywhere, these men had the privilege of travelling between countries. Over time, many men who were not builders attracted the Masons. To promote intellectual diversity, stonechakers began to take men from other professions into the fraternity. These men were known as accepted Masons. This trend continued, and in the end there were more approved members than operational members. Today, the names Masons, Masons, and Free and Accepted Masons are used alternately to refer to the Brotherhood. What's a cabin? Masonic began when stone-fellers formed local organisations called cottages to look after sick and injured members, as well as families who died The Masons also used the cottage as a spelling place, get paid, plan their work, train new apprentices and socialize. Today, this term refers to both the Masonic unit and the room or building where they meet. California has more than 320 lodges and the United States has about 13,000. What is a grand lodge? Grand Lodge is a governing body that oversees the Mason in a specific geographical area called the jurisdiction. The United States has large inns in all 50 states and the District of Columbia. Is mason an international organization? There are about five million Masons worldwide, including nearly 2 million in the United States and more than 60,000 in California. All inns follow the same masonic principles, but their operation may vary. Every large cottage is sovereign and independent; There is no U.S. or international governing body for the Masonic. Masony's a secret organization? Masony membership is no secret; all Members are free to recognise their membership. There's no secret to Masony's goals or principles. The constitutions and rules of masonry are available to the public, and meeting places are clearly recognisable. Like many similar organizations, some of Masony's internal affairs, such as ceremonies, excerpts and passwords, are considered a private matter for members only. What's going on at the lodge meeting? There are two types of meetings for members. The most common is a business meeting called a administrative procedures: minutes of the previous meeting, discussion of financial matters, voting on applications and planning lodge activities. The second meeting will be ceremonial and will be used to approve new Masons and award degrees. What are degrees? There are three stages to Masonic membership: The Apprentice, The Craftsman, and Master Mason. These steps are called studies and correspond to the self-development and Masonicria of members. When a man completes every learning phase, the hut holds a ceremony to complete his degree. The names of the degrees are taken from the handicraft roll: In the Middle Ages, a man would be the stonechaker first. As an apprentice, he learned the tools and skills of commerce. After proving his skills, he became a craftsman, and when he gained exceptional ability, he was known as a master of craftsmanship. What is the significance of officers' titles? Masony came to America from England and many of the original English titles are still in use. These headlines may sound outdated in today's society, but their meanings are simple. The master is the leader of the hut, similar to the term president in other organizations. He is called a master for the same reason that the conductor of the orchestra's first violins is called a concertmaster. It's just. an older term for the manager. Senior and junior wardens represent the first and second vice presidents. Why does masonism use symbols? Symbols allow people to communicate quickly and cross language barriers. When you see a green light or circle with a line running through it, you know what that means. Similarly, Masons use the metaphors of geometry and stone masonic architecture to inform the constant pursuit of knowledge, ethics and leadership skills. To reflect their heritage, Masons use aprons in huts, at certain public events and funerals to demonstrate their pride in the Brotherhood and their line toward stonecloths who historically carried their tools in a leather apron. The square and compass are the most famous symbol of masonism: When you see the symbol of the building, you know that the Masons meet there. Are the Masons pursuing a policy? Masonics do not support political candidates or legislation, and politics is not discussed at Masonic meetings. Is masonry a religion? Masony is not a religion, nor is it a substitute for religion. The Brotherhood requires its members to believe in the Supreme being, but the Brotherhood itself is not affiliated with any religion, and the Brotherhood is represented by people of all faiths. Religion is not discussed at lodge meetings. Why are some Masonic buildings called temples? We sometimes call the building a temple in the same sense that Judge Oliver Wendell Holmes called the Supreme Court a temple of justice. Most California inns call their buildings Masonic centers. What are other Masonic organisations? The man first becomes a Mason in his local hut. Once he has been awarded three degrees for the Masons, he can join any other Allied Masonic organization, each with a special social, upbringing or charity. In the United States, the best known are the shrine, the Scottish rite and york rite. Why can't women join Masony? Masony is a brotherhood, a brotherhood. The essence of the brotherhood is that it is for men, just as the essence of the sorority is that it is for women. There are several affiliated masonic organizations for women only, both organizations for both men and women. Are there Masonic organisations for young people? After World War II, Masons in the United States helped establish a trio of youth regulations dedicated to teaching young men and women the principles and values of Masons. Today, DeMolay International, Job's Daughters International and the International Order of Rainbow for Girls offer young men and women aged 10-21-10-21 opportunities for personal growth and community service. For more information, see masons4youth.org. Are there any financial commitments to the Masons? an application fee will be charged, including a charitable donation to help meet the our mission and duty to help brothers and their families in times of assistance. Continuous giving supports important charitable programs based on membership fees. Annual instalments shall begin on the date of the date of receive of the degree assigned; each lodge determines the number of submissions. Why do so many men join free Masons? Masony is a voluntary, fraternal organization made up of men of goodwill, good character, and good name who, in most jurisdictions around the world, believe in the Almighty Creator and practice the spirit of universal brotherhood man. They are loyal to their country and devote their time to the principles of friendship and brotherhood. Their focus is to be in the service of all mankind. For many men, Masonicness fills some of themselves, which they naturally felt was lacking. Whether it's social, philosophical, spiritual, historical, or simply communality with others; You'll find in the Masonic the part of you you're looking for. If I become a Mason, what's their job? Masons help build a better world through a unique and dignified process of building better men to live in it. The Mason Motto is: Better men make a better world. What principles did I learn? You will learn to practice brotherly love for all, charity for those who may need help, morality and good citizenship in every community. What kind of fraternal society is a Mason? The Masonic Works as a society that builds charitable, fraternal, educational, social and figure figures. Masonic Brotherhood: The active ideal of masonicism is the brotherhood of man under the fatherness of God. Masonic education is an important part of a Master's degree in Masonic education. Masonic education: Masonicism supports public education and teaches its own members morality and brotherhood through

ceremonies and symbols. Social: The Masonic Brotherhood offers men the opportunity and temptation to come together for group love and personal development. Character building: All Masonic activities emphasize the values of personal integrity and personal responsibility. Every three degree in the hut culminates in a man become a master mason. Each member is encouraged to make efforts to improve their community for the well-being of people, to inspire members with feelings of charity and goodwill for all mankind, and to transfer them to turn these learned principles and beliefs into individual actions. What will I learn if I became a Mason? You learned biblical history from the days of the Solomon Temple, throughout the Middle Age in Europe, speculative guesthouses and Grand Orient Lodges were formed in every country of the Middle Age. Many accurate the dates of events are sometimes difficult to distinguish, but Masonic data indicate that these Grand Lodges were formed: formed: In 1717, Ireland in 1725, France in 1728, the United States in 1730 and Scotland in 1736. If you want to study and learn, the Scriptures will finally begin to come to life with their true people and successes and failures. You will learn biblical truths with the supreme architect of the universe, as your master. If I contact you as a Mason, do I constantly receive spam and spam? Not. Why not? In some jurisdictions, a man who wants to be a Mason must, of his own free will, ask to become a Mason. In other jurisdictions (a few U.S. states and England), a man who wants to become a free Mason can be invited to join current members who feel he would be of benefit to the Brotherhood. In either case, every man becomes a Mason of his own free will and will. Any man who wants to become a Mason (regardless of whether he wants to become a member or has been invited to join the Brotherhood) must examine his background and then the ballots of his potential lodge brothers. If I join the Masons, will I learn the secrets of the Masons and the secrets of the Masons? Yes. But if the secrets of the Masons and the secrets of the Masons are your main reason for joining, your enthusiasm will soon diminish. Here are the secrets of the Masons: They are excerpts, passwords, punitive signs and ritual work. The rest of the Masonic is found in sacred books around the world, old fees, which are old manuscripts and Old Lodge Charters, which are 1390, and Masonic books. In fact, if you are considering becoming a Mason, the easiest way to start learning Masons is to start here on this website. I hear and read that Masons are satanic, engage in pagan quarts, try to create a new world order (NWO), like videos of the New World Order on YouTube, and their plans to capture the world. Is any of this true? Not. In fact, let's look at this sensibly, for longer. Entire countries and civilisations have come, gone and changed in the hundreds of years during which There have been Masonics. If the Masons actually tried to take over the world (about 300+ years to accomplish such an achievement), one could only conclude logically that these Masonic secrets are either tremendously well kept (both from the Mason and non-Masonic) or... Masons are not very effective designers. Is the Masonic a secret Masonic society? Free Masonry's secret legacy of the past is largely ceremonial. The Masonic Masonic Brotherhood meets in the halls and temples of the Masons, whose addresses are in the phone books of the United States. (However, it is difficult to a certain lodge as most only meet a couple of times a month so if you stop there is probably no one there.) Most Masons proudly use Masonic rings and Masons. If you are going to join the Brotherhood and become a master mason, it is also useful to learn more about why the Masons wear a Masonic sign ring showing the Masonic logo, square and compasses. Many member vehicles have Masonic emblem, such as Square and Compass. or the famous 2B1Ask1, ... To-Be-One-Ask-One bumper sticker. Newspapers and magazines record many of their activities and list their officers... and their charity work and events are not only very public, but very well attended. Every jurisdiction has a Grand Lodge. Here's a list of Grand Lodges around the world. Every state in the United States also has a Grand Lodge. The undersea inns fall within the jurisdiction of the Grand Lodge. Most Grand Lodges around the world have websites, as do many of the lower lodges. Despite ongoing National Treasure documents and a deCod ed episode on television in December 2010, in which it was decided that the Masons somehow used our symbolic Masonic tools to secretly remove the cornerstone of our country's Capitol (unnoticed by anyone), in reality, the secrets of everyday Masons remain (as they have for centuries) as special gripes, penal signs, passwords and ancient rituals used in the lodge. These are moves from ancient ceremonies that, if omitted, would erase some of the very proud history of the Masons. I read and hear a lot about faith in Masonic pentagrams on the streets of Washington, D.C., secret Masonic conspiracies, anti-Christian and anti-Biblical beliefs, etc. If I become a Mason, will I learn more about these? Not. Why not? They don't exist.... which is why no one can be revealed. If the only reason to join the Masons is to learn more about this type of Masonic myths, media jump, occult and other supposed Masonic secrets, you will be deeply disappointed. Is free masonry antichrist? Not. Is There a Masonic religion? Not. The Masonics comprise and welcome members of all religions. If I become a Mason, will I be expected to change our religion? Not. Masonic is a brotherhood of man during the fathering of God. Only those who are truly religious can fully understand the importance of universal brotherhood. Except for a few jurisdictions, only those who believe in the Supreme Being can be members of the Masonic Brotherhood. There is no mention of special religions in Masonic ceremonies or Masonic prayers. Masonic is not a church, tabernacle, mosque or and it does not replace any of them, or religious observance. The Mason is not sectarian, which means that it is not affiliated with any particular religious denominator and is not limited to any particular religious religion. A man's faith is his business. In fact, many active Masons are active religious lay people. In the United States, most inns use the Holy Bible, but if you belong to another religion, you can request that your holy book (Torah, Veda, Koran, etc.) be placed next to the Bible during lodge meetings. Some cottages have several sacred books that can accommodate different religions of its members. Inns whose members are entirely of a particular religion can only use their sacred books. Is the Masonic Bible unlike any other Bible on the market today? Not. (Although many Masonic Bibles contain Preface pages that can be filled in in order to record the recording of dates that receive their owner's degree, as well as possibly a study guide or Biblical index that helps its owner understand certain phrases, symbols, and biblical verses used by Masons.) Is the Mason a political group? Not. In fact, both politics and certain religions are prevented from mentioning in the hut, because it can undo its collective peace, harmony and therefore the universality of its spirit. What does a Mason do? Masonic is a brotherhood that tries to follow our Creator's plan for us and helps every man be the best man he can be. In different languages, the Creator is known by different names. He can be called God, Allah, Jehovah, YHWH, I am that I am and others. Can I stop being a Freemake if I want to? A Mason who is in good condition (whose annual fee has been paid) can withdraw from membership at any time. How are you going to be a Mason? Requirements for Masonic membership What are the requirements to become a Mason? The requirements for membership of the Masons are: You must be a reputable man. In most U.S. states, you must be over 21. Some states vary, so you have to ask. You must believe in the Supreme Being. (This is a requirement in most jurisdictions around the world.) You have to be able to support yourself and your family. You have to live a moral and ethical life. You must have a strong desire to change the world. With your actions, you want to make yourself a better man and make your community and the world a better place to live. Are lodge fees expensive if I become a Mason? Typically, lodge costs are a nominal amount in the UNITED States, but each lodge varies somewhat. Lodge prices in other countries vary. Some are nominal amounts and some may be more expensive. Enquiries must be made about the annual fees in your area to an individual What's in it for me if I become a Mason? You'll never be really alone again because you're part of the brotherhood. Fraternity, who want to see you prosper in every possible way, and if it is within their ability, they will help you do so. You will learn to focus your energies upright and truthfully on life and eliminate the more negative excesses that all mankind must constantly resist. If you become a Mason, you'll be a better man if you really want to study and learn. How do I start the process of becoming a Mason? In the United States, you can search the phone number of a Masonic lodge near you in the phone book, but it is highly likely that no one will be there to answer your call, as lodges usually only meet twice a month, during the day of the week, in the evening. If you find a man with a bumper sticker that says: 2B1Ask1, you can ask him to submit a petition to you. He probably doesn't have a petition for Masonic access with him, but if you give him your name and phone number, he'll contact the members of his cabin who will contact you. However, the easiest way to start becoming a Mason is to contact the state or the Grand Lodge in your country. You can call them or fill out their website form and ask someone to contact you. Then what happens? Let's say we meet in person to discuss The Masonic Lodge's committee of members, called the Investigative Committee, will contact you to arrange the meeting. They'll answer all your questions. If the meeting is mutually satisfactory; you will be asked if you want to fill out a petition form. The investigative committee is investigating others about your character. In the United States, this could take a few weeks. In most other countries around the world, this thorough investigation process can take up to two years. Lodge members will vote in favour of your membership application. You will be told by what date you will become a Mason, whose becoming a Mason is perhaps best summed up as a Mason and a sculptor for Gutzon Borglum, who, along with his son Lincoln Borglum, carved the faces of 4 US presidents to the stonotop of Mount Rushmore near Keystone, South Dakota. Starting in October 1927 and completed in October 1941 (14 years later), more than 400 employees worked on it during the engraving process.... without lives. When asked how he carved the stone into such beautiful statues, Gutzon Borglum replied: It's very simple. I just knock on a hammer and chisel a stone I don't need and the statue is there ..... It was there the whole time! ... And so it is with each and every one of us. Like everything else in life when you become a Mason, you get what you put in it from a Mason. What is a Masonic bead? Lodge is a certain quantity who gather for work and have the authority to do so on a charter or warrant, which usually comes from the Grand Lodge. Lodge room or lodge is a properly organized and furnished room where the lodge meets. Is everything about the Masonic secret? In fact, apart from passwords, excerpts, signs and ritual, itself, there is nothing else secret about the lodge. When you ask a Mason, most of the time the Masons haven't studied Masons who make mistakes, like joking when they say things like: If I told you, I'd have to kill you. Inside Masonry, there's nothing about its members killing anyone. Every Mason is taught that it is always his duty to try to heal himself to respect and respect God's trusts and to better help his brother the Masons. If you don't, it's a drone in a natural nest and worthy of Masonic aid. With the internet and online bookstores with thousands of books about Masonic, modern Masonics achieve greater collective knowledge of The Masonic and its true place in their lives. In a few short years, Freemasons who do not study will be at a great disadvantage in their own cottages. FREEMASON LODGES TYPES What is a regular Masonic lodge? Regularity is the process by which individual Grand Lodges identify each other so that they can formally interact at Grand Lodge level and visit members of other jurisdictions. The largest collection of mutually recognised Grand Lodges cottages is regularly based on the United Grand Lodge (UGLE) in England on the basis of specific criteria. Dating back to 1717, UGLE is not only the oldest, but the largest private of the cottages. UGLE offers a list of recognised Grand Lodges on its website. What is Kolandestine Lodge? No grand lodge rental area is legal. What's an irregular hut? The irregular cottage is a cottage with a grand lodge charter, but other Grand Lodges do not recognize its Grand lodge. WORSHIPFUL MASTER Why do Masonic houses call their leader the adoring Master? The adoring Master means one that is considered an honorable man. It is an olde englishe word that means someone who is worthy of honor and respect because he himself worships or is full of worship, faith and respect. He is respected because his faith in God is profound and strong, and because he trusts in Deity. ANCESTORS My now deceased relative was a Mason. How do I find out more about his Masonic connections? Start by contacting the hut where he was a member. If they can't offer you request the phone number of the Grand Lodge of the state or country where your relative was a member. RELIGION Are all Masonic in members, Christians? Not. Masony is not a religion and a particular religion is not one of its requirements. The Mason teaches each member to be faithful to his conscience and to his or her own chosen religion. In ordinary Masonic, a candidate is required only to believe in the Supreme Being. Can Mormons be Masonic? Yes. There is no rule in Masonic that prevents Mormons from becoming Masons. Many Mormons are Masonic. Can Catholics be Masonic? Yes. The Brotherhood of the Masonic Brotherhood would grant universality regardless of the man's ethnicity, economic or social status or religious beliefs. Catholics may, however, want to check with the Church the Church's position on the Masonic. SEXUAL PREFERENCE Can gay people join Masons Lodge? Yes... Masonic, however, is based on morality. Some members of the lodge may feel very strongly that homosexuality is immoral. If this happens, you can ask for another hut. EVIL, DEMONS AND PENTAGRAMS One of the symbols of the Masons is a 5-sharp star. Is it a demonic pentagram? Not. You've been watching too much TV. Do Masons practice devil worship, animal victims, or other such shocking acts? Not. Most Masons are hardworking, middle-class men with families, faith in the Supreme Being, church, and a desire to help others. The basic foundation of Freemaurarian is morality. If you are still unsure, ask your local Masonic lodge to explore the hut. Have you ever heard or read in the media about any of the shocking acts the Masonic shed has committed? However, it is, of course, possible that the perpetrator of such an act may be black or white, Christian or Hindu, married or unmarried, or even a scout leader or Sunday school teacher. However, the Masonic lodge itself, and the Grand Lodge, under which the hut receives its charter, neither tolerate nor tolerate any use of Masons, including murder, treason or horrific acts. The Mason is required to comply with moral law, the laws of his country, all regulations and established customs of the Brotherhood. FIND MASON LODGE How to find a Masonic lodge in the United States, you can: Check out the phone book Fraternal Organizations or Lodges. Run a Google (or other search engine) search: your state + Grand Lodge. When you arrive at your state's Grand lodge website, find a list of the underground inns in their jurisdiction that are near you. If you see a vehicle with a Masonic symbol on its bumper or taillight and feel comfortable talking to its owner, ask him where his hut is and what other questions you might have about it. For a list of Masonic lodges If you are not in the United States, go to this page on the World Grand Lodges page. When you arrive at the Grand lodge website in your country, find a list of the underground cottage areas in their jurisdiction that are near you. If you can't find a cabin near you, that doesn't necessarily mean they don't exist. Call or email grand lodge and ask for information about a Masonic lodge near you. How to find a Mason lodge If you are a woman Go to this page Women Masons page to get contact information only for women masonic lodges and Co-Masonry. Prince Hall Lodge Click here become A FREEMASON How to become a Mason Go to this page of the Become a Freemason page. Can I fill out an application for membership on the Internet? Not. You need to find a cabin near you. How to become knights the Templar all the Templar must first become Masons. (see Becoming Freemason, above.) Once you have become a Mason, you can begin to pursue other degrees, of which the Knights Temporal Knights are one of the order of the Masons York Rite. Note: In the United States, the requirement for York Rite to be a member is a recognized Christian. How to visit a Masonic lodge If you are in the United States, see number (1), and number (2), above. When you have a phone number or email address, please contact the nearest lodge and request a tour. Feel free to ask all the questions you have during your stay. How to start a Masonic lodge If you are currently a member of a regular Masonic lodge, read grand lodge By-Laws to find out what steps you need to take to start a new Mason's lodge. You can also contact Grand Lodge for more help. Help.
