Saint Anthony of Padua was born Fernando Martins de Bulhões in Lisbon, Portugal. His family was wealthy, but also faithful, and they had him instructed in the cathedral school in his area. His first religious community He entered canon's regular of the Order of the Holy Cross when he was just fifteen years old. But due to the distractions of frequent visits from relatives, he asked if he could be transferred to Coimbra, where the parish's mother's house was located. He priesthood priesthood priesthood, but soon after the new religious community, the Franciscans, set up a hermitage near Coimbra, and was attracted by their charisma, he believed he was called to join them. His superiors agreed, and that's when he changed his name to Anthony. Anthony as a Franciscan Anthony began to travel to evangelize, but he became ill, and through various adventures arrived in Tuscany, Italy, where he lived in the hermitage of San Paolo, growing in prayer and wisdom. A time in 1222, in Forlì, Italy, some Dominican monks came to town to visit, but no one knew who was supposed to preach homily for a prescription. His Franciscan colleagues asked Anthony if he was willing to give the sermon, somehow the Holy Spirit directed him. Anthony's powerful homily surprised and delighted both Dominicans and Franciscans. His eloquence also reached Francis of Assisi, and the two met, becoming quick friends. Two years later, St. Francis Anthony made the director of studies for all Franciscans. St. Anthony, Protector of Lost Things St. Anthony became the patron saint of lost things in this way: Anthony had a book of Psalms that he used for the purpose of studying and teaching, but a Franciscan novice stole the book, resigning from society in the process. Anthony asked for the missing book to be recovered, and miraculously, the novice returned the book he stole, as well as regretted leaving the Franciscan community. Saint Anthony is often portrayed holding the child Jesus, because of this story: One night, Anthony was studying the Bible, when the Child Jesus came to him. Jesus touched St. Anthony's face, a gesture of great love for the saint who preached so eloccalely about Christ. Saint and doctor of the church of St. Anthony was 36 when he died. Pope Gregory IX canonized him within a year in Spoleto, Italy. He was declared a Doctor of the Church on January 16, 1946. Updated: March 3, 2019 2019
