But before you do, check out these five quick tips to build better slide designs. They'll save you time and ensure your audience stays engaged. 1. Add plenty of pictures Let's face it: pictures worth a thousand words. Let the pictures bring to life the presentation ideas of your animals. The animal kingdom is full of beautiful and diverse species that you can use to illustrate your slides. And thanks to premium formats, adding photos is as easy as dragging and dropping! Feet - Animals, a Pet PowerPoint template filled with compelling visualizations.2. Use YouTube videos are another great way to improve your amazing animals PPT. Add a YouTube video A number of advantages. Of course, you can show off clips of your favorite animals. But you can also bring in other voices and sources of information to support your message. Intrigued? Learn how to embed YouTube videos in PowerPoint in just 60 seconds: Microsoft PowerPoint How to add a YouTube video to Powerpoint in 60 seconds Andrew Childress 3. Use a dark background for readings When you think about your audience, consider the setting. If you're talking to a large group, or giving a longer presentation, a dark background is an option to consider. These are a lot easier to see, something viewers will appreciate. Plus, they help bright images stand out. With its dark background, the Bizunismo premium pattern helps create beautiful contrasts on the built-in animal slides.4 Keep objects aligned neatly If you have many objects on a slide, it's essential to keep them aligned. This may mean in relation to each other, the boundaries of the slide, or both. Otherwise, slides start to look sloppy quickly. Fortunately, aligning objects requires only a few clicks. We've built a complete tutorial to show you how to do it quickly: Microsoft PowerPoint how to align objects in Microsoft PowerPoint in 60 seconds Andrew Childress 5. Keep things moving with animations and keep your cool animal background moving. They can be used as slide transitions, or introductions to new topics. Adding them yourself takes time, and it's easy to go too far. Your best bet is to choose a pre-built animal theme download with animations included. It takes all the time and effort out of waking PPT or Google slides. The stylish Premium Zoo Google Slides Template comes with built-in animations and transitions.
