## Camden county college webadvisor username

Connect to your Craven CC WebAdvisor Account What is WebAdvisor? WebAdvisor is a web interface that allows students to access registration information from Craven CC's database. It contains up-to-date information on schedules and courses. Students can use WebAdvisor to sign up for online courses. Use your Panther ID to access WebAdvisor. To find your Panther ID, go to WebAdvisor and select What's My User ID? Enter your last name and Social Security number OR student number and select Submit. See Panther ID Tutorial. How do I connect to WebAdvisor? Go to WebAdvisor Before you log in for the first time, you set up your password. Follow the instructions below or check out Active Directory/WebAdvisor Password Setup/Reset Tutorial with screenshots - (pdf) Click Reset Passwords in the bottom right corner of the main page Select Reset your password Enter your Panther ID. If you don't know your username, see what is my user ID?. Then click. Answer all the questions of the challenge. Then click. Enter your new password. Password requirements (opens in a new window) Click then. You've successfully reset your password. If this is the first time you've used the reset portal, you'll be asked to add additional security questions (optional). Click Finish to proceed. Once you've finished setting up your password and security questions, click Connect to the top right of the main WebAdvisor page. Enter your Panther ID and password Click Click Students How to reset my password? Click on the Reset my password link at the bottom right of the main WebAdvisor page. See WebAdvisor Frequently asked questions for more information on WebAdvisor answered by: Camden County College Library Last updated: May 21, 2019 Views: 2332 Your student ID number is your 7-digit colleague ID number. This number appears on rank reports, registration statements, invoices, class lists, filing documents and other co-worker forms. It is also the number of your CCC ID card. Your CCC student card is not your Social Security number. It's not your library card number either. The student ID number is also part of the WebAdvisor ID. Your WebAdvisor ID is the first initial of your first name and the first your last name followed by your 7-digit co-worker ID. Your initials must be in the least case. Check out the links below for more information on WebAdvisor and students' email addresses. Never register or store your usernames or passwords on Computer. 1. Connecting for the first time: please log in using your network credentials. 2. Account Recovery Settings: Portal has a password management suite that lets you manage your own password. To do this, you need to set up your account recovery settings. Once you reset the original password, the system will invite you to put your (new) password. After that, you will be asked to set your account recovery settings. This should be done during your first login process. Once you're able to connect to Portal, you can manage your settings from the Reset Passwords feature. 3. Please set security questions and answers in the account recovery settings. 4. You need to set at least one account recovery method. Please key in your email and click Check. You can also check a secondary email by clicking Update after checking the main email. 5. The system will send a security code to your main email account. Please put this code and click submit. If you are unable to retrieve your security code from your email within 60 seconds, you can click Resend Security Code once the link becomes active (after the second counter becomes 0). 6. Once the security/verification code is successfully verified, you will get a verified message. 6. You need to set at least one account recovery method. Please key in your email and click Check. You can also check a secondary email by clicking Update after checking the main email. 7. You can retrieve your password by setting up the phone's recovery method. 8. Once you've set up your account recovery settings, you can now click on My Apps. The system will trick you to register. Click Yes 9. The next screen will give you the ability to set up your preferences. It's also a one-step. You can later manage your preferences from the Portal. 10. Once you've made the selections, click Fact and you'll be directed to the Portal Welcome page. 11. Protect your identity and information. When you have completed your portal session, it is important to log and close your browser. Browser.
