JetBlue Checked and for carriage of allowances Whether you will check your luggage, carry them on the plane with you or a combination of both, there are some things you need to know. Checked Bag Quotas and fees Specific fees for checked bags with JetBlue may vary depending on the type of ticket price you buy. JetBlue offers four different types of prices, ranging from Blue and Blue Plus to Blue Flex and Mint. With the exception of blue fares (which charge anywhere from \$25 to \$30 for the first checked bag), your first checked bag is always free on JetBlue, as long as it sticks to weight and size specifications. This includes a maximum weight of 50 pounds (which is quite the industry standard) and a maximum size of 62 linear inches. If you book a blue flex or mint ticket, you'll be glad to know that your second checked bag will fly for free. Blue and Blue Plus fares will be charged anywhere from \$35 to \$40 for a second bag, with a fixed rate of \$100 to \$150 for your third (or more) bag in all types of fare. JetBlue transportation quotas and fees also offer generous transmission quotas. Regardless of the type of ticket you have booked, you are entitled to one free personal item and one free carry-on bag as long as they meet the size limits. For your personal item, this includes sizes no larger than 17 x 13 x 8. For your standard carry bag, sizes must not be greater than 22 x 14 x 9. Please note that these dimensions of carriage include wheels and handles and that all carry-on items must be stored in the available luggage bins above or below the seat in front of you. Chester Store What to do with babies, strollers and baby gear? If you are travelling on a lap (under two years old), you can carry together with a diaper bag, stroller and car seat at no extra charge. Note that babies on lap do not qualify for a checked bag quota. Fees for extra bags and overweight luggage bags of JetBlue must not exceed 50 kilograms. If your suitcase exceeds the weight limit, you will be charged a fee of \$100 to \$150. Bags that are considered oversized (more than 62 linear inches in total dimension) will also be valued at a large fee of anywhere from \$100 to \$150 per bag. There are some exceptions for special luggage, such as sports equipment and luggage. For example, JetBlue allows musical instruments to be placed on the plane instead of the traditional position for transportation. If you are traveling with any special equipment, it is best to contact JetBlue directly before the flight to learn more about checking or carrying your luggage. Saving jetblue baggage fees (or avoiding them altogether) As you can see, JetBlue's policies and baggage fees are pretty right. They are also among some of the more reasonable charges in the aviation sector. JetBlue Baggage Policies: Frequently asked questions below are some answers to some of the most frequently asked questions travelers have about JetBlue's policies and baggage fees. Can I get a backpack and extra carry-on on a JetBlue flight? In most cases, backpacks are considered personal items, as long as they do not exceed the maximum dimensions of 17 x 13 x 8. If this applies to your backpack, then yes, you will be able to bring the backpack as a personal item in addition to a larger shipment. If your backpack is larger than the maximum sizes, then it will need to be counted as a standard rather than a personal item. Make sure you're aware of isa's transfer policy. What are JetBlue's baggage limits and overweight baggage fees? Like most airlines, checked bags or any other luggage with JetBlue should not weigh more than 50 pounds. Airlines must follow strict safety guidelines so they try to deter passengers from over-packing by loading bags that weigh more than 50 pounds. JetBlue's overweight bag rules are pretty straight forward, with fees ranging from \$100 to \$150 for each overweight bag. You can avoid the surprise of an overweight fee at the check-in counter by using the luggage scale to weigh your bag at home after packing. If necessary, remove your luggage or move some things into carry-on if possible. JetBlue also has restrictions on the size of luggage to carry. If your personal effects or standard transport details are too large, they will not be allowed and will need to be checked. You can not pay a fee for carrying a bag that is too large, so it may make sense to get an international amount of transportation. Will I be charged for checking luggage with JetBlue? This will depend on the type of price you have booked. In most cases, your first checked bag will fly for free as long as it meets the weight and size requirements. An exception to this is if you have booked a blue ticket, in which case you should expect to pay between \$25 and \$30 for your first checked bag. For blue Flex and Mint prices, first and second bags always fly for free, while all fares will be subject to a fee of \$100-\$150 for the third or more bag. TrueBlue Mosaic members will also be able to check their first and second bags without charge, provided they do not exceed size or weight requirements. Is there any way to completely avoid baggage fees? Members of the army and their families can check for free from two to five bags, and mosaic members fly with their first two checked bags at no charge. Booking a Blue Plus, Blue Flex or Mint Ticket can also help you avoid baggage fees if you don't fly with more than one or two bags.
