His book Natural Healing Encyclopedia explains detailed information about advanced natural drugs and means for the most dangerous diseases. He has participated in two PBS documentaries on natural medicine and will be the host of the forthcoming PBS education and fundraising show about natural health. Dr. Stengler has been widely trained in both traditional medicine and natural alternatives. He was asked to be a medical expert at FOX, CBS, and NBC, in addition to hosting his popular weekly TV show Natural Healing with Mark Stengler, who can be seen on PBS and cable stations Country. Natural Healing Encyclopedia is a 560-page book with 80 rescue reports that contain step-by-step how you can improve or cure specific health problems. Dr Stengler argues that his views can cure cancer, diabetes, Alzheimer's disease and other diseases. These are just some examples of what he claims in his book: - How funky vinegar can help control blood sugar levels and fight diabetes (p. 186) - How 7 common medications destroy hearing loss and can cause you to become deaf (p. 446) – How strange a Himalayan caterpillar fungus can be a breakthrough treatment for fatigue, impotence and kidney disease (p. 143) - How two tablespoons of secret ingredient can facilitate chronic constipation almost instantly (p. 305) On the site you can get a dr. for free. Some people have cured their diseases by using some methods in the book. Many people are very skeptical of strong statements in the book, especially the claims about the treatment of cancer and other serious diseases. There are many people who have detailed books on natural remedies, including: Dr. Rothfeld's Atlas of Natural Cures, Miracles from The Vault: Anthology of Underground Drugs, Prescription For Natural Cures, and a Complete Encyclopedia of Natural Healing.
