## Strawberry shortcake toys target

Target/Toys/Dolls & Dollhouses/Strawberry Shortcake : Collectible Dolls Target/Toys/Strawberry Shortcake : The Collector's Spot At Target, we love dolls so much. That's why we wear so many. First, there is one of the most famous dolls of all: Barbie. With all the top Barbie toys ranging from dream houses to dolls, and with dolls ranging from mermaid collector editions to that handsome devil, Ken, there's some fun for every imagination. Here's a little factoid that even the most ardent fans might not know: The blonde icon's middle name is Millicent. Yes, pretty posh. And fancy this: There's so much Monster High stuff here, it's scary. There are throngs of dolls (plush ones even) from Cleo de Nile to Laguna Blue, and other goodies from hair chalk up costumes, so your little ones' options for pretending to play go on and on. Continuing the fake games are oodles of our generation of dolls and accessories, as well as lovable Lalaloopsy rag dolls (formerly known as Bitty Buttons, FYI) and baby dolls that they will love. What about Disney Frozen, you ask? Yes, we have bundles of frozen dolls, jewelry, books, sets and costumes to get creative with, not to mention our sweet selection of other Disney Princess dolls from Baby Belle to Toddler Tiana. Finally, home may be where the heart is, but Target is where the dollhouses are. Seriously, you see everything from little Smurf houses to big princess palaces. Okay, kids, time to get dressed up.
