Released: July 20, 1998 (1998-07-20) Miami . November 23, 1998 (1998 – 11-23) Big Willie Style is the first solo album by American hip hop singer Will Smith. It was released on November 25, 1997 by Columbia Records. The album was produced primarily by Poke & Tone, with other collaborators including L.E.S. and Smith's former collaborator DJ Jazzy Jeff. The album was the first to be released by Smith since 1993's Code Red, the last of dj Jazzy Jeff & Tone. Five singles were released from Big Willie Style, including the first number one on the Billboard Hot 100, Gettin' Jiggy wit It. After releasing five albums with DJ Jazzy Jeff, Smith turned his focus to acting and appeared in films such as Bad Boys and Independence Day before returning to the studio in 1996. The following year, he starred in Men in Black, for which he recorded the song of the same name and led singles charts in several countries. Big Willie Style was released at the end of the year, reaching the top 10 of the US Billboard 200, the UK Albums Chart and several other international charts. Recording and production The recording for Big Willie Style took place mainly in New York with producers Poke & Tone and L.E.S. – four tracks each were recorded on The Hit Factory (Y'all Know, Chasing Forever, Miami and Just Cruisin') and Right Track Studios (Gettin' Jiggy wit It, Candy, Yes Yes Y'all and Big Willie Style). Three tracks (Don't Say Nothin', I Loved You and It's All Good) were recorded at DJ Jazzy Jeff's A Touch of Jazz Studios in Philadelphia, Pennsylvania, and Just the Two of Us was recorded at Pacifique Recording Studios in Los Angeles, California with producer Curtis Sauce Wilson. Other contributing producers were Keith Pelzer, Ryan Toby (both in Don't Say Nothin' and I Love You), Andrea Heard (Y'all Know) and Valvin Roane (I Loved You). The songs on the album are divided by a series of interludes with exchanges between Smith and fictional character Keith B-Real, a hilarious magazine editor and motivational tape artist. B-Real is voiced by actor Jamie Foxx. All four Keith B-Real shears (including Intro) were recorded by Jean-Claude Olivier – Poke of Poke & Tone – at The Hacienda in Los Angeles, California, and were co-produced by Smith. [2] Composition and lyrics as with Smith's previous releases with DJ Jazzy Jeff, Big Willie Style features a pop-rap sound with non-explicit lyrics. Speaking about The Big Willie Style lyrics, Rolling Stone's Jamie Hunter identified topics such as multiculturalism and monogamy, commenting that Smith tells the larger story of rap values adjusting the American dream of how he came to terms with the conflict between the neighborhood and the global cineplex. The musical production in Big Willie Style is focused largely around disc samples and soul music from the 1980s. [3] [5] Sampled artists include Sister Sledge (He's the Greatest Dancer in Gettin' Jiggy wit It), Stevie Wonder (Ribbon in the Sky in Chasing Forever) and The Whispers (And the Beat Goes On in Miami). [2] Promotion and release The release of Big Willie Style was preceded by the single Men in Black in June 1997, originally released on Men in Black: The Album. The title track of the film of the same name was a commercial success, surpassing the singles charts in Australia, Belgium, France, Germany, New Zealand, Switzerland and the United Kingdom,[6] where it remained at the top of the charts for four weeks. Just Cruisin' was released as the album's second single in December, peaking at number 23 on the UK Singles Chart. In January 1998, Gettin' Jiggy wit It was released as the album's third major commercial single – it became Smith's first single to surpass the Billboard Hot 100 singles in the US, and also reached the top 10 in numerous other regions. Just the Two of Us and Miami were the last two singles released from the album, and both had mild commercial success in the US by reaching the top 20 of the Billboard Hot 100; [8] The singles were most successful in the UK, however, where they reached number two and number three on the UK Singles Chart, respectively. [7] Reception Commercial Big Willie Style was a commercial success. Peaking at number eight on the Us Billboard 200, it remained on the chart for a total of 99 weeks. [9] On the UK Albums Chart, the album entered at number 63 in December 1997, remaining in the top 100 for 29 weeks; in July of the following year, the album returned to the top 100, and by January 1999 had reached its maximum position of number nine. In total, the album spent 87 weeks in the UK top 100 during three separate periods. [7] Other regions where the album reached the top 10 include France (#5), Norway (#8) and the Netherlands (#9). [10] In 1999, Billboard reported that Big Willie Style had been the 39th best-selling pop album of the period between 1990 and 1999. By July 2000, Big Willie Style had been certified nine times platinum by the Recording Industry Association of America, indicating nine million units shipped in the United States. [13] According to Nielsen, U.S. sales are at six million copies sold as of 2013. The album is also certified gold by the Australian Recording Industry Association, indicating Australian sales of more than 35,000 units,[15] double platinum by the British Recording Industry, indicating UK sales of more than 600,000 units,[16] and six times platinum by Music Canada, indicating Canadian sales of more than 600,000 units. [17] Professional ratings reviews scoresSourceRatingAllMusic[5]Christgau's Consumer Guide[18]Entertainment Weekly[19]C-NME3/10[20]Rolling Stone[3] The media response to Big Willie Style was mixed. Stephen Thomas Erlewine of AllMusic awarded the album four out of five stars, praising Smith's trademark... Friendly and humorous pop-rap style, which he pointed out have been modernized since his releases with DJ Jazzy Jeff. In particular, Erlewine highlighted the songs Gettin' Jiggy wit It, Candy, I Loved You and Men in Black as among his best. Rolling Stone writer James Hunter was equally positive, describing the album as perversely well-designed, praising the album's delicious party jams and noting Gettin' Jiggy wit It and Yes Yes Y'All as private highlights. He concludes by praising the album's lyrical themes, calling Big Willie Style an exceptional megacelebrity album. [3] Entertainment Weekly writer Jim Farber, however, scheduled the album, describing it as being full of non-stop pop-rap clichés and stating that The Musical World suffered great loss when Will Smith Smith rap to act. Village Voice critic Robert Christgau rated the singles Gettin' Jiggy wit It, Just the Two of Us and Miami as good [songs] on an album that isn't worth your time or money. NME writer Andy Crysell also gave a negative review of the album, calling Will Smith the Cliff Richard of rap, in addition to saying that the album was explicitly horrible with nary the redeeming feature on show. [20] Big Willie Style accolades and awards earned Smith recognition at a series of music industry awards ceremonies. At the 1997 MTV Video Music Awards, the Men in Black music video won best video for a film, and received nominations for Best Male Video, Best Choreography and Best Special Effects. Smith won again at the 1998 MTV Video Music Awards, receiving awards for Best Male Video and Best Rap Video for Just the Two of Us and Gettin' Jiggy wit It, respectively, as well as nominations for Video of the Year, Best Dance Video, Best Choreography and Spectator Choice, all by Gettin' Jiggy wit It. Miami won best male video and received nominations for Best Special Effects and Best Cinematography at the 1999 MTV Video Music Awards. Smith won his third and fourth Grammy Awards for his work on Big Willie Style – Men in Black won the Grammy Award for Best Rap Solo Performance at the 40th Grammy Awards in February 1998,[24] and Smith retained the award the following year at the 41st Grammy Awards when he won for Gettin' Jiggy wit It. At the 26th American Music Awards in January 1999, he was nominated in the categories of Favorite Pop/Rock Male Artist (who lost to Eric Clapton) and Favorite Soul/R&M Male Artist (which he won), while the album was nominated for Favorite Pop/Rock Album and Favorite Soul/R&M Album, both of which won. Also in 1999, Smith received three NAACP Image Awards – Entertainer of the Year, Outstanding Music Video (for Just the Two of Us) and Outstanding R&M Artist, and was named Favorite Singer at the 1999 Kids' Choice Awards. In 2000, music television network VH1 compiled its list of 100 Greatest Dance Songs, including Smith's single Gettin' Jiggy wit It at number 100. [28] Track list No.TitleWriter(s)Producer(s)Length1.
