Now, if you try to unlock a newly purchased K20 plus phone won't let you unlock, the eligibility criteria here is an active service period of at least 180 days. Earlier it was 90 days, which was now increased to 6 months. I have my K20 plus from eBay with 1 month unlimited plan. I didn't renew the plan after its expiration, but to my surprise after 90 days, when I tried the device unlock app my phone was permanently unlocked. I unlocked around 2 months ago. You can also give this method a try, you can unlock the K20 plus for free - to unlock lg K20 Plus MetroPCS On the home screen, press the MetroPCS folder as shown above. Look for the Device Unlock app and click on it to launch. To verify that your device is eligible for unlock or not, select CONTINUATION. Make sure you're connected to the internet. Wifi would work, too. Connecting it to the server, we have to wait for a while Press Permanent Unlock to start the unlocking process. Now ask for a Permanent. If the k20 plus is eligible, then it will get permanently unlocked and not lock again. However, if the eligibility criterion is not met, you will see an Unlock message failed. Fortunately, in my case, the unlock was approved. You can see in the first screenshot above Approved Unlock: Mobile device is permanently permanent I restarted the phone. Now, when opening the MetroPCS folder, I noticed that the Device Unlock app is gone so its no longer needed. I have my k20 plus unlocked just by paying for the first month of service. And that, too, I got for free along with my cell phone. If you don't want to wait for 6 months to unlock your K20 Plus, you can always purchase the paid app unlocking service from eBay.
