The Preston County Humane Society works on: Reducing The Population of Stray and Unwanted Animals through the Spay/Neuter Program. Strengthen understanding and awareness of the needs of animals and communities. Protection and care of animals in need. The Preston County Humane Society (PCHS) is a volunteer, a nonprofit organization run by a board of directors who serve without compensation. Funds to support our programs come from membership fees, donations, souvenir gifts, fundraisers and grants. We are a charity 501(c)(3). Donations are tax deductible, according to the law. Pet overcrowding is a critical issue in Preston County and West Virginia. The best response to the tragedy of unwanted, neglected and homeless animals is neutered and neutered. PCHS offers financial assistance to help pay for spay/neuter procedures. We especially reach low-income families and seniors. The income guidelines to be eligible for aid are generous. Spaying (for women) and neuter (for men) has many benefits in addition to preventing unwanted litters. The procedure can reduce roaming, tagging and aggression, making animals easier to live. It can also help animals live longer, healthier lives. WE BELIEVE THAT SPAY AND NEUTER SAVES LIVES
