A new story from The DUFF - The Spare Wheel World by Sonny Ardmore is a great liar. That his father is in prison, that his mother kicked him out of the house and that he secretly sleeps at his best friend's house at night. Maybe Amy Rush is the only one who can see through Sonny's net and hold her to her acoutes no matter what. They share everything: their secrets, their clothes... In fact, they even share a hatred for Ryder Cross. Ryder is the new guy at Hamilton High, and he embodies everything Sonny and Amy can't stand: the guy is an arrogant, snooty nerd. But Ryder has a weakness: Amy. You can't deny your crush. So when Ryder sends Amy an email to help her get out, the two girls feel there's an unavoidable opportunity for them. It turns out that Sonny is chatting with Ryder all night, and to his sincere horror, he realizes that he's starting to love the boy. But there's a problem: Ryder thought he was talking to Amy all the time. Sonny's going to do a complicated operation to make Ryder understand that he always wanted it, not Amy. Will Sonny be able to go to the truth with his lies, or will he end up losing Ryder and Amy? Kody Keplinger returns to the world of The DUFF - The Spare Wheel with a funny and heartbreaking story: he writes about the lies we fall for and the truths we didn't expect. Every man has a package that he carries with him, and if he doesn't pay enough attention to it, it's just a woman and a woman until he can carry it. Sonny is not a normal girl at all. I like that you're so frank that you're as smart as a razor. He is not your average protagonist. You make mistakes, you lie until you lose your And all that doesn't bury him. He is going through hell, which would not only be a lot for a teenager, but no adult could bear these burdens. You could list his mistakes by not thinking rationally, cutting the tree and the rest, but it's all part of his character, because he's a child. And at the end of the book, I was completely at peace with his boring habits, because his life was never easy for him. The ones I don't understand are Amy's parents. They are very nice, they are cute, but no doubt spoiler While reading, I was repeatedly booted by the feeling of I exceeded this feeling, but in the end I put the book down with the characters growing to my heart, that it had something to tell me and that it was a good book I love him. I really like Kody Keplinger's vision, he never brings out the perfect, he presents the average. His characters make mistakes, they're not perfect, but if they're on the right track, they get happiness.10 commentOrsi999! August 14, 2017 at 7:54 PM 8 comments reading P! October 16, 2016 21:39 Kody Keplinger: Lying Out Loud - 78% of people will say that there are many clichés (even in the book, Sonny says himself a cliché), but you have to pay attention to the real story. Besides, I don't even process a few shots in a teen book. For his part, I love the new boy at school. Well, it's a fact that Sonny has already told some lies about his family history, and when he and his girlfriend want with this new boy, Ryder, he gets into a special lie net. It begins with a random misunderstanding, which he wants to explain immediately, but fails, so that one of the most terrible lies comes out, he speaks on behalf of his girlfriend, cats and texts. Then he even gets his girlfriend to get over his own habit, treat the boy badly, get even more confused, and disillusioned with Amy, sonny gets his concentration. But it's getting more and more uncomfortable for everyone, and Sonny is unable to stop and admit the truth, and it can't lead anywhere else, it's going to hit the crack. I liked the characters, they were clearly presented by the author, especially the two BFF girlfriends, and all the pros and cons of being together appeared. I was glad that Ryder didn't dive into a dream figure looking like a guy either, he wasn't impeccable, and in the result, he enjoyed it particularly well through the eyes of author Sonny. Kody is a young author, he is good with the problems of adolescence, but he does not want to change the world, this is not what is needed here. In addition to all the jokes, you can always find touching moments. Romance is characterized by kindness, this relationship is really not a love love View. I love it when a couple first fights words, they play a cat and mouse game, and then as soon as they get to know each other, they realize each other's values. Oh, and the duff joke, of course we're going to meet Wesley and Bianca. I loved these lines, and they don't just come from far away, Wesley is Amy's brother, so there are scenes together. All in all, I recommend the book to those who also liked The Duff, but it can't be considered a sequel at all, it's a separate story, its nature is what's similar. I really liked it! commentDezire!
