Choices: Stories You Play is a storytelling game created by Pixelberry Studios. The game includes many immersive visual stories where each choice determines everything that follows. Get ready for a bold journey of practically falling in love, solving crimes or starting an epic fantasy adventure. There are several novels in the game such as romance, crime, and fantasy genres, so you play as one of the characters and make decisions that in turn affect the story. This game has the most elite collection of story games. Plus, there are more new stories and chapters every week. Gameplay Choices: Stories You Play is a role-playing game with amazing graphics and stories. Creators aim to educate and entertain players through games. Stories are formed into books, comprising an individual number of chapters in those books. The game uses a diverse system to make the game entertaining and exciting. You can get unlimited key with options: Stories playing MOD APK. Diamonds are currently used only for someone or something special. Things like shopping, dating a friend the more. If you want unlimited diamonds, download Options: Stories playing Mod Apk. A certain Endless Summer series launches a message in the Enhanced/Decreased Relationship line each time you face options that will determine your relationships with that person in the game. In addition, the characters remember what you choose and did them in the previous chapters. These options appear and you need to make a decision within a certain amount of time and you need to make the right decision, which in turn will determine the attitude of the other characters towards you. Text messages are new games that appear in chat stories; also most of the time characters can stimulate relationships to flourish. You can also try our new BLEACH Brave Souls MOD APK. Current Stories The Crown and the Flame - Raise a to regain your throne from enemies. Master magic and regain your kingdom. Build an army with alliances and crush enemies in an epic battle. The Freshman - In this college drama story, you will be greeted by Hartfield Hartfield to make new friends for life and find real love schoolmates romancing. You'll have the option to go out with James, Kaitlyn and Chris or all three at once. Bloodbound – In an urban fantasy romantic thriller story, you request a job with CO billionaire Adrian Raines. High School Story – Relive your teenage years with this story mode, make friends, attend high school welcome dances and find love. You can also get Unlimited Diamonds by downloading Last Shelter: Survival MOD. Tips & Tricks For players to move through chapters, they need to spend on keys and diamonds, however, the best way to own more diamonds is to learn how to win these diamonds. Keys are required to start a new chapter. Diamonds and keys are the main resources in the options: stories you play, you will get unlimited resources with our mod. Download it for free and enjoy playing. The game does not allow players to play characters, so the only option is to restart the story from its inception. Switching between stories is a great part of this game; easily move between stories without any impact on the progress you've made. The MOD features you will get in this MOD Apk is:Unlimited KeysUnlimited DiamondsAds FreeUnlockedUnlimited CoinsTojos the features you see in this mod version have already verified, and are working well. VIP Options mod apk is the unlocked game you are looking for. Sometimes you may see some errors. Please try to understand that this is the server-based game and that is why you may see some bugs. We are also working on other games as well; that's why you might get a delay in updated or resolution issues. We're doing everything we can to be in this. Do not worry. If you have something to say, let us know in the comments. We're here just for you. An alternative can change every little thing! With romance, drama, horror and extra. Decisions has the best assortment of story video games on the planet! FeaturesCustomize your main character Fall in love, clean up crimes and embark on epic fantasy adventures Decide your story from our library rising with weekly chapter updates Managing what happens next in immersive visible tales! The option set is fundamentally flawed. It is a paradoxical and impossible object that cannot exist in reality. The idea of choice is not a physical object. You can't see or touch. There may be an option in mind. Choice is a mental construct, not something real in the physical world. It's an illusion of thought. Imagine a toddler playing the option game. It's a lot of fun, isn't it? Let's play the options game! You never know what's going to happen next! But the child is wrong. There are no real options in the game. The boy thinks he's making a decision, but it's not true. The child thinks he's choosing the next action, but it's not true. Decisions are already made for him. How to install MOD Apk options on AndroidTene follow the steps below to install and get all mod features on your Android device. The process is simple and almost similar to any other app you install on your device. There is nothing new or different in this apk as well. Here are the steps you need to take.
