The novel is full of secrets, betrayals, loss, death, forgiveness, redemption, with love shining. Description of Mr. Knightsbridge by Louise Bay ePub Mr. Knightsbridge is a story of love, loss, heartbreak and unbreakable bonds. This novel was written by Louise Bay. This is a wonderful story about how life doesn't always work the way we want to, but if we're willing, we can still make it a great life. It's a beautiful story compelling, engaging and, easy to read. This is the perfect holiday novel, you can take it and go straight back into the story. The novel Mr. Knightsbridge is a funny story that moves at a good pace. It is not too fast, but at a pace that keeps the reader busy waiting to find out the result. It has a satisfying ending that's a bit predictable, but it ties all the outstanding issues. Some of the male characters are a little too good to be true, but that doesn't ruin any part of the story. The author switches between the two periods of time effortlessly and easily, which does not always happen in this type of books. Each plot had a wealth that was reinforced only by confrontation and in contrast to the other. The book certainly brought all the feelings, and the elements of all the characters. Throughout the novel, the story is smooth and generally moves well. At the end of the day if you are looking for something that you have read in a similar way to this before and you do not mind another, then this will satisfy you. If you are looking for something more than just an average reading, with which you will enjoy interacting, then this is also something you will enjoy. Focusing on the life of Dexter Daniels, famous extraordinary jeweler, and Hollie Lumen, an eager intern and jewelry designer, this story is emotional, sexy, sweet and fantastic. Well written and well paced and told in double POV, Mr. Knightsbridge is passionate and emotional and perhaps my new favorite by one of my authors Must Read. Hollie is in London as an intern trying to get as much training as possible under his belt that his unpaid internship is over and he has to go back nowhere oregon and his park and unreliable parents and wonderful younger sister. Becoming a person of interest in Dexter Daniels' life is beyond anything she's ever imagined, but she's not here to this day or falls in love, has a sister to support, unreliable parents who need her, and jewelry that designs things to learn. Dexter never thought he would be as enchanted by a woman as Hollie, it's partly his appearance, partly his apparent reluctant interest, but most importantly it's the way their souls talk to each other without any of them giving a word. Designed together by his amazement at his parents' tiara design, held together by their equal interest in the design contest and held together by something much more. I had all the feelings from this story. It might be a bit cliché with the rich man swoing to save the girl from the trailer

park, but Hollie didn't need Dexter to save her - she can save herself. what showed her strength the most was acknowledging that she doesn't make her any less to let the man who loves her help her. Loved! Enjoy! Dexter Daniels prefers gems to women. Emeralds on girlfriends. Diamonds on the wedding. He may be the most successful jeweler of his generation, a loyal friend and some say he is london's most beautiful man, but his past means he doesn't deal with love. When Hollie Lumen enters the ballroom where exquisite royal jewelry is displayed, he takes Dexter's world to a sudden stop. Despite her hand-me-down dress and borrowed shoes, Hollie is even more amazing than jewelry. Exuberant, funny and fiercely independent, that's all Dexter can see. Hollie Lumen can't take a break. He thought an internship in London was his chance to escape his responsibilities in Oregon and to make his dreams come true. When she is fired only a few weeks after being touched, she is ready to surrender and return home. Hollie never asks for help. She knows the only person she can count on is herself. So, what are you going to do with the tall, dark, handsome stranger who keeps saving her? He's going to save him right away. » Add to your shelf Goodreads Dexter Daniels prefers gems over women. Pre-Order: iBooks About Louise: USA Today bestselling author, Louise Bay writes sexy and contemporary romantic novels - the kind she likes to read. His books include the novels Faithful (currently not for sale as being maintained!), Hopeful, The Empire State Series, The Royals Series, The Nights Series (both series of independent books each following different characters) and the independent gentleman series. Ruined by the romantic miniseries of the 1980s, Louise loves all things romantic. There isn't enough of it in real life, so it disappears into imaginary worlds in books and movies. Louise loves rain, The West Wing, London, days when she doesn't have to wear make-up, be alone, be with friends, elephants and champagne. He loves listening to readers, so get in touch! Sometimes, when I read, it's not just fiction while I'm between pages. It's real. I get angry about their bad choices or when they do stupid things, and sometimes I cry or laugh with them. If a book can cause such real emotions and make you feel everything the characters feel, reading can never be boring.
