Pryor public schools calendar 2020

This page contains the main holiday dates from the 2021 school calendar for Pryor Public Schools in Oklahoma. Please check regularly for any modifications that may occur, or consult the Pryor Public Schools website for their 2020-2021 approved calendar. You can also visit the school district's home page to check for any last-minute urgent updates or updates that may not have been incorporated into official calendars. Please also note that we have incorporated non-student days such as teacher preparation days, teacher service days, and professional development days on the following dates. Visit the link above to see the full, original school calendar. Osage has had a great start to our new year. Remember that we are partners in this process and we will succeed if we work together. Please help us ensure that students have plenty of time to eat. Our school day starts at 8:20 with regulation and breakfast must end at 8:20. Students who wish to eat must arrive by 8:00 to have enough time to eat. We'll stop allowing students into the cafeteria at 8:15 for breakfast. We hope you understand and will help us ensure that your child is able to benefit from our free breakfast. Note: Masks are currently required to enter the building. Students are encouraged to have an extra mask in their bag or classroom. It's possible, our masks requirements will change as we continue to monitor the Oklahoma Covid- 19 Alert System.Your Osage Team! Greetings Fellow Panthers! I wanted to reach out today to say THANK YOU to all parents who are so patient and kind as we work through our reopening plan for the 20-21 school year. We know it's frustrating not knowing what to expect in relation to school and how you look for your family. Please understand that we meet weekly with top officials throughout Oklahoma and don't have those answers either. Things change every day and we can tell you that we are working as hard as we can to ensure that we have a plan to meet as many needs as possible. The Board of Directors will hear temporary plan on Monday night and then hopefully in a week or so after that we will have the plan ready to be shared with our families. However, I would like to add that the plan will change even after its release due to new information on changes at the state level. Please keep in mind if you have not registered your children with us yet you will need to register with us so that we know how many students we need to plan and how many new students we can get from outside our area. We value our families and I look forward to working with you! Donald Pellen, Inspector 15. tammikuuta kello 0.29 · We want you all to know that an electricity line is under the High School and restricts our Internet access to school sites. It could transfer to tomorrow so you should know that it can limit certain calls if you try to contact a site tomorrow. We'll still be at school. Posted at 6:07 p.m., September 15, 2020 PRYOR CREEK, Okla. - Pryor High School is moving online learning beginning September 16-19 due to an increase in positive COVID-19 cases, according to Pryor Public Schools. The district announced Tuesday that it will move to Scenario Two Distance Learning after two more positive cases, bringing a total of six positive cases to the region. Officials won't say whether the cases are students or staff. The district said all other activities this week were canceled. In the face classes resume Monday, September 21. For more information about the region's response to COVID-19, click here. Stay contact us anytime, anywhere – Letter from Pryor Public Schools Superintendent Don Raleigh, it is a pleasure to welcome you to Pryor Public Schools. Pryor is a vibrant community with something to offer for almost everyone. Our school district enjoys strong support from the Pryor community, as well as a high level of parent participation in every area of our school. Pryor Pryor. includes four elementary schools, a traditional high school, and a high school with facilities that include: the 2,500-seat Burdick Center, a professional agriculture building with a greenhouse, state-of-the-art amphitheater and performing arts center, football field, track, baseball field, and field softball. Today we serve more than 2,750 students in PreK-12 grades.The staff of experienced teachers constantly presents a high level of commitment and care for the learning of our students. Our region continues to build a professional learning community where teachers have high expectations and refuse to allow students to fail. Our students and teachers are equipped with integrated technology to meet their needs. Each school district houses modern computer labs; and, each teacher has at least one computer in the classroom. Interactive white boards are found in all our classrooms. Soon we'll complete the Chromebook 1-to-1 app in grades 6 through 12. Teachers continue technological professional development through a collaboration with the Eighth Floor Technology Training Center. Our students consistently score above the state average in state exams. Each school website has implemented a character training program titled The Leader to Me, which is based on the 7 habits of extremely effective people. This leadership and personal responsibility approach provides our students with the opportunity to develop and demonstrate their leadership skills. All Pryor Public School Districts provide career exploration opportunities for all students as we work with local and regional colleges, CareerTech, businesses and industry to prepare our students to be college and career ready. We are proud of the many opportunities we have for our students. Pryor High School enjoys one of the strongest fine arts classes in Oklahoma State. Pryor's award-winning instrumental and vocal music programs are well respected throughout the state. Multiple opportunities exist for all students to participate in programs, including: FFA, FCCLA, student government, academic groups and honor courses in most academic subjects. A variety of sports including baseball, basketball, cross-country, football, wrestling, golf, football, softball, tennis and track are also part of our school programs Welcome to Pryor! Tiger House! It was far from ordinary for the Class of 2020, however on June 13th at 10 am, this class will receive their diplomas and have one last to be together. Pryor Public Schools will hold their commencement activities at Tiger Stadium. Here's what you need to know: Each student received ten tickets. You have to have a ticket to go. This is to help with social distancing and to be as safe as possible. All ticket holders will have access to the stadium. The rumor that five of these tickets you have to watch the start of their cars is not true. Everyone who comes to the beginning should honour the social distancing approach that the school has implemented. If you haven't gotten a ticket but want to watch, Pryor Public Schools will stream the graduation live by tuning in to Tiger Video. We'll share the link on Saturday.The weather forecast is for clear skies with temperatures from 83 at 10 a.m. to 89 p.m., so dress appropriately. If the weather doesn't work - remember, we're in Oklahoma - the backup plan is to push the ceremony for next weekend. There is no plan to use the Burdick Center for graduation activities. Seats will be first-class seats for those with tickets, but there will be limited seats in spaces to create social distancing. The stadium gates will open at 9 a.m. The school encourages everyone to wear a mask, but they don't require it. More information will be available on pryor public school's website later tonight. We all know that this is not the graduation that most of these seniors and their families have dreamed of for twelve years. Yes, not everyone who wants to attend will actually get the chance. However, in true Pryor fashion, we can show our support in the class of 2020 and tune into Tiger Video and cheer on the class of 2020. We here at PiP want to say congratulations, and look forward to seeing the impact you have on our world. World.
