Nanny McPhee is a fantastic children's film that was released in 2005. The film takes place in 19th-century England and tells the story of the Brown family. Mr Brown has seven children to be raised by nannies because their mother died. Children hate the nannies their father hires and do their best to get rid of them. At the beginning of the film, the children had already passed through seventeen nannies. They also spend a lot of time bothering the cook that that's where the father hired. One day, Mr. Brown hears a strange voice in his house telling him to hire Nanny McPhee. Nanny McPhee arrives at the Brown house and Mr. Brown hires her instantly. She's very hideous to look at. The kids initially don't want to listen to it at all, but Nanny McPhee is different from other nannies. She has a lot of magic tricks that she uses to make the children obey her will. In one scene, they demolish their entire kitchen. The children are scared and beg her to fix it, which she does in the end. They gradually learn to obey her and begin to respect her and seek her advice. Over time, the Nanny McPhee look becomes less and less hideous and begins to look more beautiful. An aunt of the children wants to adopt one of them so that she can ensure that he or she receives a proper education. The Brown brothers don't want to be separated. I'm tricking my aunt into adopting Evangeline, who's their housekeeper. Evangeline wants to get a proper education anyway, so this is a master trick. The aunt also wants Mr. Brown to remarry, so he had a meeting with a woman named Mrs. Quickly. Children quickly realize that Mrs. Quickly is evil and are doing their best to disrupt the ceremony. They stage a swarm of bees to attack the priest and the wedding doesn't go through. After that, Mr. Brown realizes that he loves Evangeline and wants to get married. Nanny McPhee does a magic trick and the location of the weddings is covered in snow. That's what makes all bees die. Mr Brown and Evangeline can get married and the children are happy. Soon they live happily ever after. Nanny McPhee is a fantasy, comedy, kids & family film that was released in 2006 and has a duration of 1 hr and 37 min.
