## The last of the really great whangdoodles

This article does not mention any sources. Please help improve this article by adding quotes to reliable sources. Non-insourced material can be disputed and removed. Find sources: The last of the really big Whangdoodles - news - newspapers - books - scholar - JSTOR (August 2013) The Last of the Really Great Whangdoodles First edition (US)AuthorJulie Andrews EdwardsCountryUnited StatesLanguageEnglishGenreFantasy novelPublisherHarper & Row (US)Collins (UK)Release Date1974 The media typePrintISBN0-06-021806-1OCLC979976LC ClassPZ7.A5673 Las The Last of the Really Great Whangdoodles is a children's novel written by Julie Edwards, married name of singer and actress Dame Julie Andrews. More recent editions credit the book to Julie Andrews Edwards. Plot summary Three brothers, Ben, Tom, and Melinda Potter (better known as Lindy), meet Professor Savant as they visit the zoo on a rainy day. On Halloween, Lindy is challenged by her brother to knock on the most frightening house on the block for a quarter, which seems to belong to the Professor, and the three know him more. After a second meeting, they begin to spend time at the professor's house, where he introduces them to concentration and observation games. He reveals that there is a magical land called Whangdoodleland that can only be reached through imagination, and that he is aedating them to accompany him there. Whangdoodleland is the home of the last Whangdoodle who lived in the world. Once the Whangdoodle, and other creatures that are now considered imaginary, lived in our world. However, fearing that people would lose their imaginations in the pursuit of power and greed, the Whangdoodle created a magical and peaceful world over which it reigns. The professor and the children explore this world. Every time the children return, they venture further and further afield into Whangdoodleland, with the intention of reaching the palace where the Last Whangdoodle resides. However, the Prime Minister of Whangdoodle, the Oily Prock, does not want them to disturb His Highness, and creates a series of traps, both in Whangdoodleland and in the real world to prevent this encounter. Enlist the wonderful and entertaining creatures of the earth in his effort, including the High Behind Splintercat, sidewinders, Oincks, Gazooks, Tree Squeaks and Swamp Gaboons. Children use their imagination, intelligence and friendship of another denizen, the Whiffle bird, to defeat traps. The children finally meet the last Whangdoodle. It turns out that she wants a female Whangdoodle to be her queen, so she won't feel alone, and Professor Savant's knowledge and talents have the ability to grant the Whangdoodle just that. That is, if the professor is able to exactly how to do it. Children's Literature Portal This article on a children's novel by The '70s are a stub. Recovered from As part of my distance learning plan with my elementary school readers, I've been sharing one of my favorite stories since I was a kid, one chapter at a time! It's bittersweet to share this story: I've always wanted to do it out loud with a class, but I've never had time to do it. Now that the COVID-19 pandemic has Virginia schools closed for the rest of the year, time no longer seems like an obstacle. Also, when the world is scary, the magic of stories can give us a safe and wonderfully exciting place to escape. So let's run away with Whangdoodleland! The Last of the Great Whangdoodles is a novel written by Julie Andrews Edwards. Some information about the book, from Amazon: The Whangdoodle was once the wisest, kindest and most extraordinary creature in the world. Then he disappeared and created a wonderful land for himself and all the other remarkable animals: the ten-legged Sidewinders, the little furry Flukes, the friendly Whiffle Bird, and the treacherous and oily Prock. It was an almost perfect place where the last of the great Whangdoodles could rule his kingdom with peace, love and a sense of fun, apart from and forgotten by people. But not completely forgotten. Professor Savant believed in Whangdoodle. And when he told Potter's three sons about his search for the spectacular creature, Lindy, Tom and Ben were eager to reach Whangdoodleland. With the professor's help, they discovered the secret way. But waiting for them was the intriguing Prock, who would use almost all means to keep them away from his beloved king. Only by skill and determination were the four travelers able to discover the last of the great Whangdoodles and grant him the desire of his heart. (Source) What is a digital book club? I don't know yet! Here's my plan so far: I'll record and share a few chapters every week. I will connect them here for you to watch or listen to if you want. I'll plan to refresh this page with the new videos every Monday, then check again. For now, that's all I have. Want discussion questions? Activities? Let me know! This is a totally new experience for me -- I never wanted to be on YouTube, I don't particularly like being recorded (no one else out there makes really weird faces when they read? #librarianproblems) and I've pretty much missed out without a live audience of kids! But I'm happy to share this story and provide some magic for you. This readaloud is shared with permission to Childrens' Books. Thank you, HarperCollins! (You can read more how publishers are adapting policies to help educators during the closure of COVID-19-related schools here.) Swope, Sam. Jack and the Seven Deadly Giants. Farrar, 2004. Travers, P. L. Mary Poppins. Harcourt, 1997, c1934. The Last of the Great Whangdoodles is the second children's novel ever written by Julie Andrews, the beloved star of Mary Poppins and The Sound of Music. Perfect for young readers who love wacky stories about magic This chapter book is an excellent choice to share during homeschooling, especially for children ages 7 to 9 who read independently. It's a fun way to keep your child busy and as a supplement to children's activity books. The Whangdoodle was once the wisest, kindest and most extraordinary creature in the world. Then he disappeared and created a wonderful land for himself and all the other remarkable animals: the ten-legged Sidewinders, the little furry Flukes, the friendly Whiffle Bird, and the treacherous and oily Prock. It was an almost perfect place where the last of the great Whangdoodles could rule his kingdom with peace, love and a sense of fun - apart from and forgotten by people. But not completely forgotten. Professor Savant believed in the Whangdoodle. And when he told the three Potter sons of his search for the spectacular creature, Lindy, Lindy, and Ben were eager to reach Whangdoodleland. With the professor's help, they discovered the secret way. But waiting for them was the intriguing Prock, who would use almost all means to keep them away from his beloved king. Only by skill and determination were the four travelers able to discover the last of the great Whangdoodles and grant him the desire of his heart. The novel was originally published in 1974. This edition includes a preface by Julie Andrews. EXCERPT: I assure you that the Wangdoodle exists, the man said. Look for it in your dictionary when you get a home. "What does it look like?" That's pretty hard to describe. It's a bit like a eose -- or a horse, maybe. But with fantastic horns. And I think he's got pretty short legs. Where does he live? 'Oh, far, far away.....'THE BLURB: The Last of the Really Great Whangdoodles was the second children's novel ever written by Julie Andrews, the beloved EXCERPT star: 'I assure you the Wangdoodle exists,' the man said. 'Look for it in your dictionary when you get home. "What does it look like?" That's pretty hard to describe. It's a bit like a eose -- or a horse, maybe. But with fantastic horns. And I think he's got pretty short legs. Where does he live? 'Oh, far, far.....'THE BLURB: The Last of the Really Great Whangdoodles was the second children's novel ever written by Julie Andrews, the beloved star of Mary Poppins and The Sound of Music. Perfect for young readers who love wacky stories about magic! The Whangdoodle was once the wisest, kindest and most extraordinary creature in the world. Then he disappeared and created a wonderful land for himself and all the other remarkable animals: the ten-legged Sidewinders, the little furry Flukes, the friendly Whiffle Bird, and the treacherous and oily Prock. It was an almost perfect place where the last of the great Whangdoodles could rule his kingdom with peace, love and a sense of fun, apart from and forgotten by people. But not completely forgotten. Professor Savant believed in Whangdoodle. And when he told Potter's three sons about his search for the spectacular creature, Lindy, Tom, and Ben were eager to reach Whangdoodleland. Only by skill and determination were the four travelers able to discover the last of the great Whangdoodles and grant him the desire of his heart. MY THOUGHTS: Every time I read Julie Edwards' The Last of the Really Great Whangdoodles to and with my children, and I never realized the author was Julie Andrews! He must have had a huge amount of fun writing this book, for it's a funny read, but with a more serious genetics and cloning. But the best thing about the book is that it's magical, not in a Harry Potter way, but in its innocence. This book would never have been written or published today. A group of kids who leave with a strange man they met at the zoo and do things in his house that they can't tell their parents about?! And that's a shame. Because this is a wonderful book. And I was so happy to find him, appreciated and loved on my son's shelves that I read to and with his boys. Really a book for all ages. If you've never had a way to read it as a child, read it as an adult. We all need some magic and wonder in our lives. A big thank you to Brenda, who worked for me many moons ago when my adult children were young, and who bought this book for them. It was precious and always will be. ... More... More
