Permatex anti seize copper

High-quality copper anti-grasp and lubricant threads that can be used to prevent capture, corrosion and galling where high temperature conditions exist. Contains a high percentage of microtonous copper flakes in semi-synthetic fats and is fortified with high-quality rust and corrosion inhibitors. Temperature range: -30°F to 1800°F (-34°C to 982°C). Provides good electrical conductivityAppendingApps: Candle plug threads installed in aluminum, exhaust collector bolts, engine bolts, oxygen sensors, knock sensors, thermostat body bolts, fuel filter fittings, and connecting the battery cableFor more information, please contact: Cuu Long Industrial Lubricant Co., Ltd Head Office: 264 / 23C Le Van Quoi, Binh Hung Hoa A Ward, Binh Tan District, Ho Chi Minh City, Vietnam Hotline : (+84)901.40.4 0.14 – (+84)901.40.4 0.14 – (+14) 84)908.079.792 Whatsapp: (+84)908.079.792 Zalo Vietnam: (+84)901.40.40.14 Email: sales@cuulongoil.com - danhtran.ceo@cuulongoil.com We will quickly respond to information about the product that customer support needs Permatex 31163 Copper vs Grease Grab, 1 Pound Discontinued by Manufacturer Copper anti-capture compound application • Copper grease is used for lubrication and glue resistance for spark plugs lace, bolts, evacuation pipes, engines, thermos parts, drainage pipe keys, exhaust systems, connectors and smoke exhaust assembly parts ...• Used for lubrication from wear, rust, protection of metal from rust, hard stick, damaged at high temperatures resistant to acid. Use temperatures up to 982 degrees Celsius• Place the product in positions Programs offered: Candle plug threads installed in aluminum, exhaust collector bolts, engine bolts, oxygen sensors, knock sensors, thermostat housing bolts and fuel filter fittings. Permatex 09128

Copper anti-capture lubricant 8 ounces prevents removal, corrosion and galling, where there are high temperature conditions Fortified with high-quality rust and corrosion inhibitorsTempering range: -30F to 1800FProvides good electrical conductivitySyuzhetnyh applications: Candlesticks ignition, installed in aluminum, exhaust collector bolts, engine bolts, oxygen sensors, knock sensors, thermostat housing bolts, fuel filter fittings and battery cable connections
