Lyman shotgun reloading manual pdf

Top Reviews Latest Top Reviews Description Additional Info The #1 source of Shotgun Reload information The latest data: With over 230 pages devoted to I anything but data, this latest Lyman Shotgun Reloading Handbook is the most complete and up-to-date shotgun reload manual available. This new 5th edition covers cases that wads, and primers are currently offered by all leading manufacturers in all meters from 0.410 to 10 gauge. In addition, the latest and also the most popular powders from Alliant, Hodgdon, Accurate, IMR, VihtaVuori, Ramshot, Winchester are included. Extended non-toxic data section: Covers steel, bismuth and Hevi-Shot, plus complete how-to load instruction. Articles about the Non-Toxic Shot by Nick Sisley. Four articles cover the development, history and current use of non-toxic shots. Tips and techniques from Pro's at MEC: Authored by Dave Kern, Sales/Customer Service Manager at MEC. Popular case identification section: Actual size, full color, drawings show detailed cross-section of the cases used in this manual. Slug and Buckshot Loads Too: Data for Lyman Snails and Buckshot, plus a how-to-load section. Brand Lyman Condition New MPN LY9827111 Land of Manufacture USA Bullet Weight Range No caliber No is an item in stock? If the item is in stock, an available quantity is displayed above the 'Buy Now' button. If an item is on the back order, an estimated inventory date appears above the Buy Now button. The estimated inventory date is an average order time from the time an order is delivered and will change daily. Can I pick up my order? We do not allow ordering of goods or collecting goods from our premises as we are a mail order only company. How much will it cost for delivery? All orders are free delivery if the order total is over £50.00 A transport fee will be due if the order is below the free delivery limit. This does not include hazardous materials (powder, primers and ammunition). Can I return my item? All returns to UK customers are free. The details can be found here When will my order arrive? All no back orders are shipped the same day if ordered before 14:00. They should arrive the next day at Royal Mail Tracked 24 but Royal Mail does not guarantee this. Should I sign for my package? We send all orders using Royal Mail Tracked 24, Royal Mail Tracked 48, or Royal Mail 1St Class Signed For so they are fully tracked and can claim a signature. How can I track my order? Once your order is shipped, you will receive a shipping confirmation via email containing a Royal Mail tracking number. You can track this number here How long does it take to get back ordering items back in stock? All back order times can be found here as it is dependent on the manufacturer. What should I do if my package is lost or damaged? If your package is lost or damaged, you must we can contact the carrier immediately and arrange for a replacement or refund. Keep any damaged items, including damaged packaging, as a reference. How does your price match guarantee work? We will match any UK website price that is not on a clearance offer. All you have to do is send us the link to the cheaper item. The item must be available for purchase through the competitor's website. Can you send powders, ammunition and primers directly to me? We may send powder directly to you however ammunition and primers are a licensed item so they must be shipped to a registered firearms dealer for you to collect. As these goods are dangerous materials, the postage costs are £45.00 for orders under £300.00 and then £20.00 for orders above the £300.00 limit, regardless of number. All orders placed outside mainland England, Scotland & Wales, are subject to additional transport costs to be declared before shipment commences. Are you offering a military discount? We are proud to offer a military discount of 5% to any member of the military with valid ID. All we require is for you to email a valid copy of your ID to us within 24 hours of an order being placed, and we will then issue a 5% refund on your purchase. With over 230 pages devoted to I anything but data, this Lyman Shotgun Reloading Handbook is the most complete and up-to-date shotgun reload manual available. This fifth edition covers cases, preloads and primers currently offered by all leading manufacturers in all meters from 0.410 to 10 gauge.
