

Countrymen (and women). World. You. Let's just admit, we like covfef- I mean, coffee. But sipping the same cappuccino or frap or boring latte all the time can be really boring. Hyou want to be weird and also need caffeine, Dutch Bros Coffee, an Oregon-based chain, will be (or might already be?) your jam. All their coffee drinks are EXTRA, combining a variety of flavours that you wouldn't think of together but are actually good enough (almonds and frosting? What? Yes, I am! and maybe even addicted. And not only do they hang out with coffee, Dutch Bros. also messes with lemonade, energy drinks and smoothies. For the unintended, this coffee chain has many, many locations - mostly on the West Coast - that serve some of this good. And although their menu is definitely unique, loyal customers know that secret menus, often called less secret menus, are even more unusually strange. From whipped birthday cakes and mint mochas to unicorn blood (magic!) and gummy bear-roped energy drinks, here are 20 delightful sips from Dutch Bros' secret menus, are even more unusually strange.
