ПОДПИСАТЬСЯ Superhero currently is one of them. Phenomena get the most attention. Since, basically, movies that are the most popular and have the highest box office receipts belong to these products. It can be said that any game that has superhero characters will receive attention. Super City (Superhero Sim) is a well-known game and has reached more than 1 million downloads on Google Play. Just looking at the game once, you can see that it is more special than most currently popular products because its graphics did not go according to common sense, but went their own way. In my opinion, it is not beautiful at all, but if you look closely, it will begin to realize that it is wonderful. All the details of the character are carefully and accurately designed. Each character will have unique characteristics, and the colors also reflect exactly what was famous. All you have to do is look at it, it's instant recognition of your idol. The style is a bit different, but the characters that work exceptionally well are smooth and fun. Each character will be able to manipulate many different combos on their own, and all will match the personality of each character. All the most famous characters are in Super City (Superhero Sim), so you can choose and play. Marvel and DC heroes meet in one of the world's most powerful cities, where almost everyone owns power. Even evil people will be present in the most chaotic battle in history. Who will be the winner? Create your own superhero and cross paths Super City will work on the mechanism of the famous combat RPG. It's not the same as action games today. It's like an old wrestling game that works on first-generation console games. This mechanism, combined with this particular graphics, gives players nostalgia for old games, but works in a new, modern style. It's not that popular. Simple, addictive game control controls are clearly displayed on the screen. On the left is a 4-way navigation simulator like a console, not a joystick. On the right side will be a set of skills marked with letters (A = Attack (on his own target low, with the direction of the target high), G = Grapple, A + G = Block, R = Run (double tap jump or fly), A + R = Big Attack, P = Pick-Up / Drop (with a large direction throw), R + P = Set fire, T = Taunt, use props, release hold, S = Special Force). If you can maximize these combos, you will fight like a real superhero. Everyone has their own skill system, so each person will bring different feelings to the player. Also, their performance can be customized depending on your preferences. Points statistics, for power and equipment, allow you to change to suit your preferences. And with one of the main reasons being to make your hero stronger, these equipment are definitely needed. But in order to get that upgrade, you have to fight a lot. Now you are ready to download Super City (Superhero Sim) for free. Here are a few notes: Please check out our installation guide. To check the CPU and GPU of Android devices, use the APPLICATION CPU-Z We can not deny it, super heroes are everywhere. We see them every time on movies, shows, and even games. Most kids want to be super heroes because they're cool and have powers. Super heroes bring out the best in us and we see their influence in games. Super City is an arcade super hero fighting game that is popular right now. This game has over 5 million downloads in the Google Play Store itself and for some good reasons. If you miss arcade fighting games, it's the one that brings back those good old fighting games. Are you interested in learning more? Read on! What does Super City mean? Have you ever dreamed of living in a city where super heroes roam around? Where you are a super hero yourself as Iron Man or Flash and you have the opportunity to use your powers against the bad guys. Thanks Super City - that's all possible. Previously, super heroes are divided by companies that make them mainly DC and Marvel Comics. There are tons of super hero games already available on the market, but Super City is unprecedented. A gang of more than 150 super heroes that transcends the universes are casting characters inside the game – what more could you ask for? Unlike other super hero games, Super City brings back old fashioned 2D graphics arcade fighting game. It's not a high-budget game, but it does its job. In Super Hero, you can create your own super hero and see your favorite characters from DC and Marvel in the game. In this game is your story. You can choose to play one super hero until you want. Then you can also play other characters if you want. Graphics and mechanics are as realistic as they can be. But don't expect cutting-edge graphics because it's not made by DC or Marvel. However, even with the fact that the developers still managed to create an interesting super hero game with all our favorite heroes super hero characters. Features of Super City Super City is a unique super hero arcade game that breaks all the rules. Here you can play as Thor or as Flash or other heroes. There are no rules, just a good old-time fighting game. With that said, here are the features of Super City: Create your own super hero - In Super City, you have the opportunity to create your own hero. You can choose the costume, powers and movements of your hero until the last details. This allows you to completely create a unique hero that no other games have. With this feature, you can create lots of other heroes and experiment to the fullest. You don't have to follow any rules when creating your own superhero. Just create what comes to mind, and who knows, you can be even stronger than the Hulk! Clash with other heroes – After creating your own superhero, you can also meet up to 150 super heroes and villains from all super hero universes. Choose your side as you fight to the death against your enemies and alongside your allies! Defeat them with your normal strength or use your power to your full potential – it's your choice. It's the perfect game, the dream matches you crave and how you imagine as a child. Now it's reality thanks to Super City. Gain control of all the streets of Super City as you go to fight with other heroes or villains. Simple and intuitive operation – For the most part, the controls are relatively simple. However, you need to be able to get used to a few things before you can fight on your heart's content. Here are the controls: A = Attack (itself to keep the target low, with the direction of the target high) G = Grapple A + G = Block R = Run (double tap jump or fly) A + R = Big Attack P = Pick-Up / Drop (with direction throw) R + P = Set fire T = Taunt, use props, release hold S = Special force * Click portrait transform (after activation). * Touch the clock (or bottom of the screen) to pause the game. * Tap speech bubbles for speed through conversation. * Download from the center of the display to zoom in or out. In addition to the basics, there are other hints in the game that you need to watch out for. This allows you to perform certain movements! Nostalgic graphics - Super City does not have the highest resolution graphics that other super hero games boast. However, it will bring back a 2D old-school arcade style fighting game similar to early match games. This allows you to truly appreciate with the intense battle scenes the game has to offer. Also, every super hero is well designed and has every detail you will ever need to distinguish them from each other. It's a mish mash of strengths and strengths than you can definitely miss! Interesting combat mechanics - In this game, fighting styles resemble those early 2000s wrestling games. You can use super abilities as well as normal combat sequences. You can also use tools such as axes, swords, golf clubs and more. This game has brutal combat mechanics that gives you a lot of fun to go through. Customization – In this game, you can completely customize your super hero's body stats, strength and equipment and movements. You can completely decide to change its height, gender, habitat and fidelity. Then you can also change powers, defenses and other stats to defeat your super hero. Tips for playing Super City At first glance, a super city may seem like an easy game, but that's where you're wrong. You need to have a decent understanding of the game first before you get to the bottom of it. Here are some tips for you: Get to know your enemies – There are 2 big classes in this game – heroes and villains. You can't just fight someone who doesn't know who they are and which side they're on, because that's how you start a civil war. Basic knowledge of DC and Marvel characters would go a long way! Super City Mod APK - Unlocked full items Do you want to play Super City but don't want to pay for the premium version? Download the unlocked full item mod now and enjoy! Enjoy!
