from the White House to your so-called land border is in your eerie hand we illman illegal chingan see the federal, but behavior and emotions myth, lie, government here and in neighborhood migra want everything the government insists control today, tomorrow, make violated your right to freedom mexico for baghdad no border in this world is sane anyway concrete, barb or chain again jump for your life again rhetoric and politics big tricks , bigt tricks sick and grandparents also a border should never rule out desert fires need clean water and at night it is cold across so many rivers and in every American an immigrant who took a stand against a line drawn in the sand free land , freeing the country closed its mouth, fixing your eyesight no black, red, white again we rise and fucking fight with bad lies , ignorance you suppress immigrants despite conception, birthplace of the free world, free up earth fences for the justification enough we talk the fight for rent my money goes to absconder and every penny small counts recycled every forty ounce free nations, fuck your orders squat the world and erase the borders of every shit militia-man we are north and South American again jump for your life again! Submit corrections Punk Lyrics S STAR FUCKING HIPSTERS Looping Star is a song performed by Sidecars, released on the album Background Noise in 2020.Looping Star lyricsOtrastead sits on the star loopingDuses and worn screwsThey that is given to tell you the truth Have already been given by themselves and they can not take moreStrogged code since the last impasl do not know how I do , but I never stop forcing the machineAnd I'm about to derailI'm in the crossfire and I don't know where to go down Fear of raising your hands and catching speedSube And turning me if you let me go, you'll see, I still have the strength to breathe, I haven't noticed and I've come all the way to the end , every sum and subtraction, and it is no longer a Christmas party, I am doomed to sing the truth, and today I woke up so happy, so insaneWhat is hard to explainA little jekyll and some Mr. HydeA sometimes terrifiedAnd another many supermanDa afraid to see the years go byAnd take speedSube and give me turnslf you let me go you will see I will still have the strength to breathe I have not much and subtractionAnd it's no longer Christmas partyOn times terrifiedAnd another many supermanDa afraid to raise your handsand catch speedSube and give me turnslf you let me go you will seel also have the strength to breatheI have not noticedAnd I have come to the endCada sum and restaY is no longer Christmas partyAin addition and restaY is no longer Christmas party I followed Sidecars on Facebook! The lyrics to I Want to Kiss Your Lone Star Lips Again made by Coveralia contributors/users. Lone Star I Want to Kiss Your Lips Lyrics is a transcript from the original song created by Coveralia contributors/users. Do you like this song? (click stars to rank) Just seeing you make me will (Just in Cartagena) After all this you are looking for me.. Because it's because of me. You you can't leave without answering the question that is what you want what you need is the one you have (Chorus) To seduce me again Kiss me again Kiss me again I put the world upside down Pa' kiss you as yesterday Feel again You put the world back upside down as yesterday (The Z and L) Just watch you make me want to travel back in time and save the moments that you and I share, the desire to rumbre the nights with never ending We lived in a fantasy, but it was real What we felt, What we did, the chance we stayed on the same plate, let's take advantage of that we saw how we felt , What we did, Chance we stayed on the same record, Give him mom who left (Coro) To seduce me again Kiss me again Kiss me again Put the world upside down Pa' kiss you like yesterday Feel again You put the world upside down As yesterday (J Balvin) Today reappears under the full moon, mermaid, just in Cartagena Déjame.. relive this is a pleasure Dance that night is yours, that the rhythm affects Spicy Ponle, that love flows And we realized that there was an end This does not have to finish what we feel, What we did, It is no coincidence that we lived on the same plate, Let's take advantage of that we saw what we feel, What we did, It's no coincidence that we stayed on the same record, Dale Mom who left (Chorus) To seduce me again Kiss me again Kiss me again I put the world upside down Pa' kiss you as yesterday Feel you again You put the world upside down As yesterday I wanted to fly and I knew loneliness I played love without delivering Without waiting I go out to look for some clues , a sign Make my dream a reality I can love Alone again I do not know how to live alone again Without love I want to know How it feels a woman My heart can no longer stand Loneliness Alone again I do not know how to live alone again I am here again Without love I wanted to fly And I knew loneliness I played love without delivering Without waiting alone again I don't know to live alone again I don't know to live without love I no longer want to be so alone No love alone again I can't live without love alone
