You can get help with Canvas using the Help menu. Depending on the user role, the Help menu generates a list of resources to help you with Canvas. Canvas displays links according to roles in all registrations; For example, if you're enrolled as a student but have at least one course with a teacher-based role, the Help menu shows you links that are available to students and teachers. This lesson describes the default help links that can be included in your institution's Help menu. Note: Depending on your institution, it's not possible to be available in the Help menu. In Global Navigation, click the Help link. Note: Depending on your institution, the name and help icon may vary. The Covid-19 Canvas Resources link lets users view instructions on how to create course content in Canvas. The Report an Issue link helps users report issues in Canvas. You can find a faster answer to your question by searching the Instant Experience Guides. But if you can't find an answer, you can submit a ticket and get support help. The Set Community link lets users with a teacher, TA, or designer-based role work with other members of the Canvas community to get answers to Canvas questions. This link appears to the Find Replies area in the Instant Experience community. The Show Welcome Tour link shows you how to set up notifications, resources that instruct how to get course content online, and how to access your Instant Experience guides.
