Load Shared Notes View Source Comments: Mystery Code with trade lock icon (Pokémon owned by this code cannot be traded.) Mystery Gift Code Redeemers Used to Redeem Mystery Gift Codes, reward Pokémon with Mystery Gift Code Redeemers Ability/Special Tools: Unlimited UseMystery Gift Codes: One-time use After defeating the first GYM leader (Brock) Having an empty space at your Party to receive your Pokémon The 'Mystery Gift' section is where you can redeem pokémon for free using code created by Wish\_z. The code in the Active Code section below is confirmed valid) in the Box and redeems it by clicking 'Enter', to the right of the box. Redeem/Receive Pokémon To receive redeemed Pokémon, have free space at your party, then click 'Redeem' located at the top of the box. Clicking on 'Redeem' will appear a list of Pokémon redeemed after the conditions are met. To receive Pokémon, simply click on the label and pokémon will be sent to your Party. The active code expires after the new code is released, which is released every Wednesday (announced by Wish\_z). The level of Pokémon redeemed depends on the number of Gym Badges you have earned. They can also be set at a certain level despite the number of badges you have. 'Case Sensitive' (be careful about uppercase letters or codes won't work). To use a code you must have at least get the first badge from Brock and have at least one empty slot at your party. Q FAQ: Can we create more code? A: No. The reason is that we only pass on the code from the Wish\_z twitter account (linked above) and we don't code because we're not admins or creators of Project: Pokémon. Q: Can you recreate an expired code? A: No. As said above, we just forwarded the code and didn't make it. Q: It's Monday! Why hasn't the code been released yet? A: Keep in mind that wish\_z are from the United States, so the time zone may be different from yours. You have to allow for some time (expect up to a few hours) until he releases the code.
