For information about the current price and menu, please contact the restaurant directly. People read Stopped by this place for lunch with our three-year-old and we loved it! He was a kid in chicken deals that came with potatoes and juice in a box. I had a plain hot dog with ketchup and mustard. We also divided the chocotate milkshake... who was the killer. We both loved our food! The potatoes were crisp and not overcooked, hot too. The hot dog bun was tosted and honestly that tiny bit of consideration to help prevent the bun from getting wet so quickly made the meal great. We'll be back for a quick lunch soon, I'm sure!
