(a) An analysis of the school's insurance policies shows that 2,400 coverage expired (prepaid insurance 12,000)b) Inventory shows that educational materials costing 2,800 are available at the end of 2008. (8000)c) Annual equipment depreciation is 13,200 (equipment 80,000)d) Annual depreciation at the professional library us 7200 (Prof. Library 35,000)e) 2 school staff are paid weekly. At the end of the year, the salary for 2 days is accrued at the rate of 100 per day of each employee. (Salary Costs 50,000)f) The balance of prepaid rent is rent for December. You're a prepaid rent of 3000. own clique of henchmen with a villainous cohort as their lieutenant. Lieutenant. Character level 7th, good standing with evil organization. Advantage (s): You can attract a loyal cohort and a number of intimidated followers to help you with your travels. This feat is similar to leadership, with the exception of the Vile Leadership Award, rather than hindering leaders who have a brutal reputation or who result in the death of their followers. Once you take this feat, you can't take the leadership feat without retraining your choice feat). In order to benefit from this feat, you must belong to one of the evil organizations listed in this section and also be in a good position with this organization. Numerous factors can affect your Vile Leadership score (which acts as a leadership score with the purpose of feats and abilities that rely on leadership score other than leadership itself); Work with your GM and use the tables below to customize your Vile Leadership score. The NPCs you attract should be associated with the evil organization to which you belong. Vile Modifiers Leadership Reputation Leader Influences Here Vile Leadership Score. The Modifier Of reputation leader Ruthless No 2 Awards loyalty/success No. 1 has a singular strength No.1 Indecisive -1 Tolerant failures -1 Merciful -2 Other modifiers can apply when you are trying to attract a cohort with this feat, as listed below. The modifier of the leadership's attributes gained power by eliminating the no.1 supremacy can't punish or kill henchmen who make costly mistakes - 2 Recruits a cohort of different alignment -1 Cumulative for the incident of compassion shown. This punishment is incurred even if you show mercy to avoid killing or punishing more than 20% of your minions during this level of character (see footnote to the following table). Followers have different priorities from cohorts. When you are trying to attract a follower with this feat, use the following modifiers. The leader attributes modifier has a strength, a base of operations, a guild, etc. No.2 Punished or killed henchmen to set an example or approve the dominance of No.1 has a tendency to long periods of inactivity -1 restricts henchmen from robberies, robberies, or holds other war trophies -1 Cumulative to a maximum bonus of 1 euro per level of character, with a minimum of one minion per incident. If you punish or kill more than 20% of your henchmen during this level of character, this bonus becomes a punishment instead. At the beginning of the new level, any bonus fine from punishing or killing henchmen is reset to 0. You rule your own clique of henchmen with a villainous cohort as your lieutenant. Feat Type (s) Premise of any evil level level alignment of the 7th manual You can attract a loyal cohort and a number of intimidated followers to in your heinous deeds. This feat is similar to leadership, except for the Vile Leadership Awards, rather than punishing leaders with a brutal reputation or who lead to the death of their followers. As soon as you take it feat, you can't take a leadership feat without retraining your choice feat. Numerous factors can affect your Vile Leadership score (which acts as a leadership score with the purpose of feats and abilities that rely on leadership score other than leadership itself); work in conjunction with your GM and use the tables below to customize your Vile Leadership score accordingly. The NPCs you attract should not be very well aligned. Vile Leadership Modifiers: Your reputation (in terms of a cohort or follower you're trying to attract) raises or lowers your Vile Leadership score. The modifier of the reputation of the leader of ruthless No 2 Awards loyalty or success No 1 has a singular force No. 1 Hesitant -1 Tolerant failures -1 Merciful -2 Other modifiers can apply when you are trying to attract a cohort with this feat, as listed below. Leader Attributes Modifier Got Power by eliminating Superior No. 1 can not punish or kill henchmen who make costly mistakes -2† Recruits cohort of different alignment -1 † Cumulative for incident compassion shown. This punishment is incurred even if you show mercy to avoid killing or punishing more than 20% of your henchmen during this level of character (see footnote in the following table). Followers have different priorities from cohorts. When you're trying to attract a follower, use the following modifiers. The leader attributes modifier has a strength, a base of operations, a guild, etc. No 2 punished or killed henchmen to set an example or approve the dominance of No 1† Tends to long periods of inactivity -1 restricts henchmen from looting, looting or cleaning other war trophies -1 † cumulative to a maximum bonus of 1 euro per level of symbol. If you punish or kill more than 20% of your henchmen during this level of character, this bonus becomes a punishment instead. When you get a new level, any bonus or fine from punishing or killing henchmen is reset to 0.
