The Audi A3 is a small family car, a.k.a. segment C in Europe, manufactured by Audi since 1996. The first two generations of the Audi A3 were based on the Volkswagen platform, as were some other models: the Audi TT, volkswagen golf, Volkswagen Caddy and Volkswagen Touran, as well as seat león, seat toledo and Skoda Octavia. The A3 was introduced a decade ago in Europe and was brought to the United States in 2006 as an entry-level model for the North American market. There are three generations of The Audi A3 and we have owner guides for all models. The first generation Audi A3: 1996-2003 The original Audi A3 was introduced on the European market in 1996. It was a return to the production of smaller cars. It was the first model of the Volkswagen Group to use the same platform as the Volkswagen Golf Mk4. Production of the first generation model in Brazil stopped in 2006. Second generation Audi A3: 2003-2012 Audi launched the second generation A3 in 2003. It was created by Walter de'Silva. It was originally a three-door hatchback, but in 2004 Audi updated the single-frame grille and launched a five-door Sportback model. 2008 Audi has introduced many upgrades to the A3 and S3 as a revised nose and tail style, with redesigned lattice and a new brand of day running LED lights, a common railroad 2.0 TDI motors, a seven-speed S tronic dual clutch transmission availability smaller outside the US. engines and optional adapts to the ride Absorbers. In addition, the range now includes the S3 Sportback model. Third-generation Audi A3: 2012-now Third generation A3 was a three-door hatchback and it has been on sale in Europe since late 2012. The Audi A3 is now based on Volkswagen's new platform. A five-door sportback and convertible are planned for production. A3 now includes a new entertainment system with handwriting recognition and adaptive cruise control. The latest Audi A3 hatchback is better looking and driving than its predecessor. The design is an evolution of the outgoing A3 shape with some new hints of style, such as front and rear lights and hexagonal single-frame grilles. Audi A4 owners head audi A4 is a small executive car line produced since late 1994 by Audi, a subsidiary of the Volkswagen Group. Introduced in 1996, the A4 has become the most popular car manufacturer model. The A4 has been built in four generations and is based on the Volkswagen B platform. The first generation A4 succeeded in the Audi 80. Audi has a reputation for designing some of the best interiors on the market. While the new BMW 3 Series has had substantial interior improvements and the C-Class is still fresh, the A4's showroom has unparalleled simplicity and disorderly interior design. Safety includes two-stage front airbags, lateral thorax airbags, head curtain airbags, electronic stability control, anti-lock braking system, electronic brake pressure distribution and brake support. The A4 supports a 4-year/50,000-mile warranty. Find a manual for owner, service, repair and maintenance of all Audi A4 models. Download pdf format or read online. The Audi A6 owners guide the Audi A6 is a high-end car made by Audi, now in its fourth generation. It's a 4-door, 5-passenger luxury sedan, accessible in both front-wheel and quattro all-wheel drive. The A6 Allroad is a long-distance cruiser, but it also has single-lane highways. Audi also announced the C6 series allroad and it was called the Audi A6 allroad quattro. The Audi A6 continues with a high comfort legacy, with a strong focus on detail. The car adopts the latest Audi design language, the A6 stands out with its large grill mask and angular headlights. It is also noticeable due to improvements in performance, so it is a great car. It is based on the Volkswagen Group C platform, the same as other Audi models such as the S6 and RS6.
