Students can only sign in to Google by going to Google.com and clicking Sign In. This works from any browser and will allow the student to access Google apps (such as Drive, Docs or Classroom) but not import their custom settings, such as their website bookmarks or saved extensions. To use the entire account, we recommend signing in to the Chrome browser:Open Google Chrome. Add a new user (Click the circle icon at the top right next to the three dots. Click +Add, and then click Add Person if prompted.) Sign in to Chrome with your student's full email address and password. Click Link Data to synchronize with the account. Click OK, I have it to finish logging in. The student is signed in to their custom Google Account with synced bookmarks and extensions. All students can sign in to the Clever portal by going to www.clever.com/in/wwcsd and choosing to sign in with their Google accounts (which will work for all students) or, if applicable, a Clever badge. Smart badges were given at school primarily to K-2 students. These QR code badges allow students (when they're on the Clever Portal page above) to display their badge to a camera (tablet, mobile, or webcam) and automatically sign in to their Google account. This requires the device to have a work camera so that QR code be read. If your student doesn't have a Clever badge, they can still sign in to Clever with their full Google email and password. This will allow students to access different built-in apps like Compass Learning.Note that some apps in the smart portal may work differently when using a tablet or mobile device. For more information: Access to Clever and Compass Learning Out of School (information also available on main wwCSD a user logs in to Google/Chrome there is an icon at the top right of the browser that resembles a 3x3 square that we refer to as the Waffle. By clicking on the Waffle, students (or any user) can access their Drive, Docs, Classroom, or other applications, including the McGraw-Hill Wonders program (for K-5 students.) You can also see the waffle if you're Google.com. Clicking a link from there prompts you to sign in to use that app. Google Classroom is a virtual classroom that allows teachers to serve ads, assignments, resources, and more for students to access outside the physical classroom. See our Google Classroom: Basics for Student Use Guide for more detailed information. Only district accounts can join Google Classrooms.How do students access Google Classroom? Students will need to open the Google Classroom site or app and sign in. Students will receive a class code from their teacher or have been invited by their district email. Once they're in class, they'll be able to access that information from any device they're signed in to with their district account. Keep in mind that if you're using a mobile device or tablet, you may need to download the Google Classroom app, as well as any other Google apps needed to edit or view different types of Google files. It may be possible to open everything through your browser, but as each device is different, not all files can be supported without the specific application. Google Classroom IconStudents can click this Google Waffle icon to open Google Classroom This page includes FAQs to help a student with general questions and apps used while we are learning virtually. Contains information similar to the information found on the Family Help page, but written for students who use the devices. Click the buttons on the right for more specific help. Contact your teacher for more information. K-5 Students: Your device will have the smart login page. To sign in to your device: Turn on your Chromebook. (The power button is usually on the top right or right side of the device.) If you have a smart badge (QR code):Click the next blue button (bottom right of the pop-up box)Show your badge to the camera (camera is at the top of the screen)Wait for the green check mark - once you see that you are logged in. If you don't have a Clever badge (QR code): Choose Sign in with another account (It's blue text at the bottom left of the box sign in with your district Google Account (you may already have the wwcsd.org for you!) You're signed in and ready to use your Chromebook! The Clever page may appear with useful links to get you started. Grades 6+:P will sign in to your device, enter your district Google Account. (You may already have the wwcsd.org for you.) Using a smart badge (QR code) to sign in to Chromebook: Sign in with your Google login (or Clever badge). You have to everything! Desktop/Laptop: You can only sign in to Google by going to Google.com and clicking Sign In. This works from any browser and will allow you to access Google apps (such as Drive, Docs or Classroom) but not import your custom settings, such as your website bookmarks or saved extensions. To use your entire account, we recommend signing in to the Chrome browser: Open Google Chrome. Add a new user (Click the circle icon at the top right next to the three dots. Click +Add, and then click Add Person if prompted.) Sign in to Chrome with your student's full email address and password. Click Link Data to synchronize with the account. Click OK, I have it to finish logging in. The student is signed in to their custom Google Account with synced bookmarks and extensions. When a user signs in to Google/Chrome there is an icon at the top right of the browser that resembles a 3x3 square that we refer to as the Waffle. By clicking on the Waffle, students (or any user) can access their Drive, Docs, Classroom, or other applications, including the McGraw-Hill Wonders program (for K-5 students.) You can also see the waffle if you're Google.com. Clicking a link from there prompts you to sign in to use that app. The Waffle to access your Drive, Docs, Classroom, or other applications, including the McGraw-Hill Wonders program (for K-5 students.) If you don't see the app you're looking for, you may need to scroll down to see it. You can search for the app and click the link; If you do this, the Google app usually appears in the Waffle the next time you refresh the screen. You can click and drag an icon in the waffle to reorder them (put them in an order that makes them easier to find.) Extensions are ways to expand the browser experience. (These only work if you're signed in and signed in to your Chrome browser.) To install an extension:Go to Chrome Web StoreSearch box for the extension you have been asked to install (Note: On the left, below the search box, you will see a place marked for wwcsd.net; check here for recommended district extensions.) Click the extension making sure it's the one you've been asked to add, and click Add to Chrome (Many extensions have similar named options)Accept permissions (do not accept will not allow it to be added)The extension icon should appear in the top right of the Chrome browser. You can click on the puzzle piece to see more extensions or manage their extensions. students will only be able to install district-approved extensions. This is because some extensions may interfere with different applications and slow down the device's response (for example: background/theme extensions). Sometimes they will add different extensions without the user knowing and can cause problems. Go to Manage extensions to disable or remove unwanted extensions. (Extensions installed in the district will be grayed out and cannot be removed/turned off.) When contacting any of the sources of help, be prepared to give your student's name, school, teacher's name, and the type of device the student is using (student id, student email, and password can be helpful to know to expedite attendance.) attendance.)
