Hatching Pearl bling Eggs can be obtained in 3 ways: from furby boom! - This is the most common way to get Furlblings. If the Furby boom is handled well, you will gain experience. Eventually, the experience will add up and the Furby boom will lay eggs. The first egg is always the same pattern as the parent. Furby Boom lays up to 50 eggs to fill the city and trucks can deliver them to new rooms. When Furby boom level, it will make new in-app friends - from virtual in-app friends. Furbucks allow you to buy eggs from your friends. From special QR codes - you can unlock limited edition promotional Furlblings by scanning the in-app camera and special Furlbling code. Here's an example of McPherson: To hatch Furlbling eggs, you must first incubation. The gauge under the egg fills slowly (when playing with the Furby boom, the eggs always hatch for a minute. When playing without a Furby boom, the eggs hatch slowly depending on the rarity of the eggs. If Furby is playing without boom, you can also use the cuckoo clock power, which will speed up the hatching process.). Eggs need help along the way. This is done by rubbing your fingers on the eggs. When the gauge is full, the egg begins to hatch. If you play with Purvey Boom, your current personality will be reflected in the pulbling. If you are playing without Furby Boom, you hold your finger on the egg, and a random personality is chosen for it. When the animation ends and Furlbling bursts in the shell, you can name it. Now you have to raise a new Furlbling until you move to the city. Currently, eggs can not be hatched until they are moved to furlbling city. Taking care of Furlbling you can speed up the time it takes to get to the city by making sure your Furlbling is well cared for. You can do this: play the game - by playing one of three different games, you can keep Furlbling happy. The game is as follows: Furball: When playing with Furby Boom, you have the option to play with your Furlbing or Furby. When playing without Furby Boom, you move Furlbling with your finger and try to block as many goals as possible. Play with Furby: Score a goal for your team here against Furlbling. Play with Furlbling: You team up against Furby Boom to score goals. Hide & Seek: When playing with Furby Boom, you pop balloons to find your Furlbling. Your Furby boom will give you clues. (Hot and cold tip. if you say the Furby boom is hot, pearling is close; if you say it's cold, pearling is far away.) When playing without a Furby boom, blue or red confong will pop out when the balloon pops out. The deeper the color and the larger the explosion, the closer or further furlbling is. Songlong: Same game Tap Revolution, if the gauge on the left is full in the note chain, you can turn the Furby Boom upside down to activate freeform.
