Bruce engineered hardwood gunstock

Mixed emotions We had a difference in the amount I received after receiving my order. I know we're going back and forth about this, but you have my money and my wood, and there's nothing I can do about it. I made an offer to buy two packages however this offer is ridiculous. It was 1/3 of the cost of 19 packages (200.00). Overall service was pretty good. Magan customer service wasn't that big. Delivery was good. If you ask me about any friend, or contractors service or product, I recommend it to you. Now the biggest puddles can't be a big thing. Hydropel™ water protection has a sub-size, keeping all sides (and hyper-dense core) safe from the water. Choose from a wide range of stain colors from oak and Hickory with smooth, engraved or brushed texture options. All designs look beautifully modern, with a low sheen finish and 5-inch wide plates. Instead of being nailed, the boards are connected together. And since Hydropel ™ waterproof paring, you can put it including any room, kitchen, basement and bathroom. Hydropel™ is our only engineering paring supported by the 50-Year Residential Finishing Guarantee, providing lifelong protection against scratches, stains and abrasion. It also comes with a Lifetime Structural Warranty and other warranties. Complete your floor with coordinating and shaping the flooring, which is the necessary finishing touch to your flooring project. Note: The colors used in the following pictures may not represent the actual product color TruTop™ Bruce-designed parming® with the performance you need expertly, curated to capture an authentic, true look of desire solid paring!
