Magic: The Gathering will launch The War Spark Mythical Edition exclusively on eBay through Hasbro's store. War of the Spark Mythic Edition is 81. The war spark follows the events of Ravnica's allegiance and revolves around an epic final battle as Nicol Bolas tries to ascend to the deity-only Gatewatch and their allies standing between him and a dark fate for the multiverse. The extension features 36 Planeswalker cards and what Wizards of the Coast describes as a cinematic story experience unlike anything Magic fans have seen before. Everything's at stake. Some of the best cards include Vraska, Swarm eminence; Arlinn, Voice pack; Jace, Wielder's Secret; Liliana, Dreadhorde General, and Ajani, big hearts. Mythic Edition will provide a design experience as well as feature eight exclusive Planeswalkers with special card designs and full-bleed artwork in a collector's box set. Due to the excitement surrounding last season's launch of Magic: The Gathering Fidelity, we've teamed up with Hasbro and Wizards of the Coast again as an exclusive platform of choice to offer nend enthusiasts a chance to add this limited edition set to their collection. Western War Spark Mythical Edition, said Sam Bright, Vice President of Soft Goods, eBay North America. As a destination for all things new, now and rare, we know that our global community of players and enthusiasts will jump at the chance to add this limited edition set to their collection. Customers had trouble processing their orders and tens of thousands of units were sold due to a technical problem on eBay. Wizards of the Coast pioneered the War Spark Mythical Edition box by printing only 12,000 units, a limited item contained with special rare finds that fans couldn't get anywhere else. The hype revolves around expansion turned out to be too much as the amount of traffic (and possible bots) flooded eBay servers, resulting in several technical problems. After posting refunds to those who purchased the Nonexistent War Spark Mythical Edition box, eBay also sent an apology letter promising to do well (in conjunction with the Wizards of the Coast) on their mistakes. We want to make sure you still have a chance to get into action, he told eBay. Screengrab via eBay and Reddit/x87x All customers who have received refunds for their purchases will receive an eBay virtual gift card sent to them. The amount in gift card dollars is not listed on the statement, but it says customers can use it for future purchases. EBay went on to say that it is working with Wizards of the Coast to provide any customer who has had their order cancelled with something special and will deliver it by mail in the future. This isn't the first time the Wizards of the Coast have had trouble selling their Mythic Edition box sets, but fans are hoping it's the last. Image via Hasbro eBay Magic: Gathering Wizards of the Coast and eBay compensate customers who cancel orders with a sheet of foil Magic: The Gathering War of the Spark cards and gift cards. After yesterday's announcement of a potential lawsuit was filed against Hasbro and wizards of the Coast, eBay released a statement saying all customers with cancelled orders would receive a full sheet of mythical and rare War Spark card foils from Wizards of the Coast. In addition, eBay sends a \$20 gift code for future purchases. A screengrab via Reddit/CF_ Gamebreaker foil sheet of cards is like a giant poster that contains 11 cards vertically and 11 horizontally. The cards are real, but they're not playable unless they're cut out. If the sheet is cut, however, the cards lose all value if not made by a professional card cutter. Used mostly as collectible items, the letters can often be found on eBay selling for around \$100 to \$300. Image via Wizards of the Coast Magic: The Gathering Although it's not the same as getting playable cards in a box set, the value of a sheet of foil cards over time is almost equivalent to a war spark mythical Edition box set. However, not all customers who have cancelled orders receive a compensation foil letter from Wizards of the Coast and eBay. There's still a large group of individuals who haven't yet received the first email from eBay notifying them of a refund. According to yesterday's statement, only customers who received the first email are set to receive a compensation gift code and foil sheet. If the War Spark Mythical Edition box was purchased, and no email or refund was sent, customers are encouraged to contact eBay and Wizards of the Coast to resolve the matter.
