You can install the original APK and MOD apk version (Unlimited Medallions) of this game via the link below this article. Table of contents [ShowHide]Join Bloons TD Battles, you will experience many interesting battles with adorable monkeys and colorful balloons. In a challenging battle with a rival in the same match, who will win the victory? Let's find the answer in the article below. GameplayBloons TD Battles is a classic tower defense game. Here, the two players will face each other and try to destroy the enemy tower. Starting the game, you need to choose the game mode, map and tower defense. Depending on the mode you choose, there are various goals that need to be achieved. However, your main goal is still to destroy all the balloons before they enter your stronghold. Each battle limits the number of balloons that can enter your castle. If the number of balloons exceeds the limit, you will lose. Bloons TD Battles has up to 18 unique battles with 20 monkey towers. Each tower can be increased up to 8 times. Strength, defense, and energy will increase with each increase. Players can quickly recharge the monkey tower's energy by using Monkey Tower Boost. When using this function, the monkey tower will attack faster over a certain period of time. If the player is Assault mode, players can use Bloons Boost to help increase the power of balloons when fighting opponents. ControlControlling in Bloons TD Battles is pretty simple. All you have to do is scroll monkeys to let them move and interact. Roll over Super Monkey will help him use a laser gun. In order for the monkeys to attack, roll over to sniper monkey so that they aim and shoot. In addition to dramatic battles, Bloons TD Battles also offers more than 16 exciting special achievements for you to collect. This achievement results from a confrontation with an AI battle or an online PvP match. Share on Facebook to compete with your friends. In case you didn't know, Bloons TD 6 is also a very successful tower defense game from kiwi ninja. ModesBloons TD Battles has three main game modes including Assault mode, Battle Arena and Defensive.In Assault, players try to destroy their opponents by using balloons directly. Initially, the balloon will fly quite slowly. But from round 30 onwards, all balloons will increase at a rate of 20% per round. Although the mechanics of this mode are offensive, players should not ignore the defense. Try to protect your tower from your opponent's attacks. Starting from Defensive mode, players will be offered \$75. The player's job is to find a way to improve the defense and last as long as possible. By buying increased revenue packs, defenses are also improved. Cooldown is also based on increased revenue. Players can increase their earnings to a maximum of \$3,000.In Battle Arena mode, players will be able to participate in arenas that compete with many other players around the world. When there are many medals, the player ranking increases. When it comes to being the best, players will receive special benefits. Increase your weaponsAll you advance to higher levels, the speed of movement, numbers, the power of the ball increases higher. If you use weapons that are too weak, you will not be able to prevent waves of balloons rushing to attack your tower. Therefore, buy new weapons and upgrade to increase defenses. Each win will bring bonuses, you can use them to constantly upgrade weapons. Some tips you may needBefore each battle, you can preview information about the characteristics of the balloon that will appear. This will help you choose a tower of defense that has an advantage over this type of balloon. The balloon will move slower and will swarm on the curly road. You have to set up more towers in this location to destroy them quickly.
