In each level you will be given 10 puzzles to solve. Each puzzle has 2 or more emojis. You have to guess what could have happened. It could be a movie, a character or a real person. Below the emoji there is room for letters and in the end there is a pool of letters. Tap a letter and add it to the spacebar for the correct answer. Guess emoji Cheats: This game if it is really fun, but at the same time difficult especially for young people. Every time you break an emoji, you will be rewarded with a few coins. You can use coins to get clues about other puzzles or solve them completely. There is actually no cheating to increase the number of coins. You can only buy it. The only cheat to guess emoji is this website with the correct answer to each level. The number of levels is the same for all users (unlike some other games such as 4 pics 1 word, where for each user, a random level is set). Guess emoji for Facebook: Actually several different levels for facebook. This is just a normal change, because developers don't want to be sued on some brand names. Name.
