Wolfgang deep gloss paint sealant canada

Wolfgang Deep Gloss Paint Sealant 3.0 will change your perceptions of paint sealeds forever. The shiny, liquid-like shimmer increases all types and colors of paint. No other synthetic wash or paint sealant gives your vehicle the glare, the depth, and the protection of Wolfgang Deep Gloss Paint Sealant 3.0. Now with reinforced polymer technology, Wolfgang Deep Gloss Paint Sealant 3.0 is simply the best paint sealant you'll ever use. The entire Wolfgang Concours series collection is built around this single product. Wolfgang Deep Gloss Paint Sealant 3.0 was developed to meet demand for a paint protector that captures the wet look of a caravan but lasts longer. Immediately we looked at the latest breed of crystalline super polymers being developed in Germany. German Super Polymers was the foundation of our original groundbreaking formula. With Wolfgang Deep Gloss Paint Sealant 3.0, we've taken our signature paint sealant to a whole new level. With the addition of new breed polymers, Wolfgang Deep Gloss Paint Sealant 3.0 offers more protection, glare, and depth than ever before. We absorbed the cost of implementing this new technology so Wolfgang Deep Gloss Paint Sealant 3.0 can remain an excellent value at the same price as the original formula. Wolfgang Deep Gloss Paint Sealant 3.0 features reinforced polymer technology. Wolfgang's German Super Polymers are reinforced with more dirty cuddly power to keep your vehicle cleaner and shinier, longer. Our improved super polymers have an incredible anti-static property that grimates water, oil, dust and road to provide unsurpassed paint protection. Your vehicle remains cleaner because foreign molecules literally slide off the clear polymer coating. Super polymers easily bind to car-infestation and form an extensive cross-linked polymer network. This clear shield eliminates surface tension so contaminants have no foothold on your vehicle. The network of smooth super polymers increases the paint's jetting factor. Jetting factor is another word for decreased surface tension. No other paint sealed match up Wolfgang's jetting factor. Regular laundry with Wolfgang Auto Bathe will allow dirt to slide right off the paint. The appearance of Wolfgang Deep Gloss Paint Sealant 3.0 is similar to the semblance of a caravan beath was, but with a cutter, wetter surface gloss. The paint looks like a clear shiny layer has just been poured over it. The paint ripples with reflections and lift bounces off each corner and curve. The crystal-like structure of the German Super Polymers delivers an incredible, bright shine - not a sterile, surface shine. The crystals reflect very much like high-quality diamonds. Any color is reinforced by Wolfgang Deep Gloss Paint Sealant 3.0. Wolfgang Deep Gloss Paint Sealant 3.0 the best features of carnauba were - smoothness and shine - but it more than double the longevity of the average carnauba was. Just a few drops will shine a show-stealing that withstands the elements, ultraviolet rays, infrared radiation, saltwater, and environmental pollution and weapons your paint for months. Plus, Wolfgang Deep Gloss Paint Sealant 3.0 is excellent value. A little goes a long way. Wolfgang Deep Gloss Paint Sealant 3.0 was created to meet any car care challenge. It stands to extreme temperatures, road salt, salty ocean air, ozone, and moisture. Apply this in hot, humid conditions - Wolfgang Deep Gloss Paint Sealant 3.0 will deliver a dash-free shine each time. Apply it just before the start of winter and your vehicle will be protected until spring! Tech Note: Wolfgang Deep Gloss Paint Sealant 3.0 is a water-based, oxygen activated paint sealant. After buffering the sealed, the remaining layer must heal for 12 hours in dry conditions to fully bind to the paint. Exposure to moisture at this time will drown the polymers. For best results, leave 12 hours of healing time. Wolfgang Deep Gloss Paint Sealant 3.0 redefines the paint sealer in words any car lover can appreciate: drizzle wet glare, smooth, and amazing reflections. Take your vehicle to the next level of paint protection. Directions: 1. Wash your vehicle using Wolfgang Auto Bathe or your favorite shampoo. Dry completely. 2. For best results, use a paint cleanse like Wolfgang Paintwork Polish Enhancer to remove light imperfections and wash buildup. 3. Apply Wolfgang Deep Gloss Paint Sealant 3.0 over the entire vehicle either by hand or with a machine. If you are applied manually, use a yellow foam applicator. If you apply by machine, use a blue fine path. Using a dual action polisher, set the maximum speed to 4.5 and work in overlapping sections until the entire vehicle is covered. Apply a very thin, even coat. 4. Once the vehicle is covered, wait 30-45 minutes before buffering off the sealant. Use a microfiber towel or a microfiber bonnet on your polisher. 5. This product is moisture-sensitive. In order to achieve a smooth, durable finish, Wolfgang Deep Gloss Paint Sealant must heal 3.0 for at least 12 hours before being exposed to moisture. Do not apply seal before dusk because dew will interfere with the adhesion to the paint. Park your vehicle in a garage or under a shelter while it heals, if possible. 6. Use Wolfgang Deep Gloss Spritz Sealant to boost the glare and protection at any time with even more reflective Super Polymers. Enjoy free shipping in Canada for orders \$99 or more. We will match any advertised price within Canada (same shipping)! Scroll over image to zoom in Wolfgang Deep Gloss Paint Sealant redefining the sealant as we know it - your perceptions of paint sealeds will be changed forever! The shiny, liquid-like shimmer increases all types and colors of paint. Paint. Other synthetic washing or paint sealant gives your vehicle the glare, the depth, and the protection of Wolfgang Deep Gloss Paint Sealant. Now with reinforced polymer technology, Wolfgang Deep Gloss Paint Sealant is simply the best paint sealant you'll ever use.
