Welcome back to Anime Horrors! Anime has more niche genres than any other art form in the world; Due to the many subgenres, it can be a bit difficult for newcomers (and even anime veterans) to find new shows. That means there's a lot of awesome horror and sci-fi anime coming in 2019
that you absolutely don't want to miss. Without further delay, here are ten anime you need to check out in the new year! Boogie pop is supposed to be a shinigami that can free people from their suffering. After the disappearance of a number of people, a
group of students realize that something mysterious is in play, wondering if it is the work of boogiepop or something more. This anime is intended to celebrate the 20th anniversary of the debut of the original novel. The promised Neverland Stories about orphans, right? At Grace Field House,
life is comfortable and happy for the orphans, in part because of their friendly mom. One day the orphans Emma and Norman go beyond the gates of the house and discover that all orphans are actually cattle for demons; With only a short time on their side, the children will have to do
everything to escape. Revisions Daisuke Toujima, a student who was kidnapped as a child, experiences a special phenomenon with his friends known as the Shibuya Drift. The group is 300 years into the future and must survive an endless wilderness full of ruins and creatures known as
revisions and control mechanical monsters. The story follows Daisuke and his friends in search of a way back to their original time. Magical Girl Spec-Ops Asuka For those who have been looking for darker magical girl anime (like we viewers who love Madoka Magica), Magical Girl Spec-Ops Asuka For those who have been looking for darker magical girl anime (like we viewers who love Madoka Magica), Magical Girl Spec-Ops Asuka For those who have been looking for darker magical girl anime (like we viewers who love Madoka Magica), Magical Girl Spec-Ops Asuka For those who have been looking for darker magical girl anime (like we viewers who love Madoka Magica), Magical Girl Spec-Ops Asuka For those who have been looking for darker magical girl anime (like we viewers who love Madoka Magica), Magical Girl Spec-Ops Asuka For those who have been looking for darker magical girl anime (like we viewers who love Madoka Magica), Magical Girl Spec-Ops Asuka For those who have been looking for darker magical girl anime (like we viewers who love Madoka Magica), Magical Girl Spec-Ops Asuka For those who have been looking for darker magical girl anime (like we viewers who love Madoka Magica), Magical Girl Spec-Ops Asuka For those who have been looking for darker magical girl anime (like we viewers who love Madoka Magica).
Ops Asuka looks ideal. After saving humanity from horrible monsters, the show follows a group of magical girls fighting to stay alive against numerous threats. Combining much action with drama, this show seems to be an exhilarating emotional experience. Demon Killer: Kimetsu no Yaiba
Need an anime that is a good Ole Demon Hunt? In a demon-ridden world, young Tanjiro comes home one day to slaughter his family; his sister, the lone survivor, also became a demon. However, it still shows signs of human emotions and thoughts, and it will be Tanjiro's quest to fight the
demons and turn his sister back into a whole human being. Ultraman A Netflix original coming later this year, Ultraman is an adaptation of the Japanese show from 1967 (with this version based on the manga of 2011). Shinjiro Hayata when he discovered that he had superhuman powers
learns that his father was once Ultraman. It will then become Shiniiro's duty to protect the Earth from invading aliens. This adaptation seems to be an excellent mix of old-school nostalgia with reworked animation; From Action to heady drama, Ultraman seems to be one of the biggest
releases of 2019. 7 Seeds Another Netflix original that tries to pack many horror survival elements. After a meteorite hits Earth and wipes out the entire planet, 7 Seeds focuses on five groups of young adults and their survival in this new world. After waking up from cryogenic sleep, our
characters are confronted with the many struggles they expect in this existential sci-fi journey. Alice in Deadly School For those of you who shows like School Live! enjoy, here's something for your zombie fix. When a zombie outbreak suddenly occurs, a group of schoolgirls has to
figure out how to survive while trapped on the roof of the school. There is certainly a lot of Gore to unfold as the girls are surrounded by danger and despair. Firefighting This show takes place in a world where people can spontaneously burn and become creatures known as hells; but there
are also individuals who have the ability to manipulate fire. The protagonist of the story, Shinra Kusakabe, has the power to wrap fire around his feet, and works with special strength to fight the hell. The supernatural action story incorporates a certain secret into the mix as our protagonist
tries to learn more about the magical fire that suddenly burns people. Castlevania Season 3 So I take a chance with this one here, but it wouldn't be such a big surprise if Castlevania would come back in 2019. After the end of the second season, there is no statement about what to expect
for Season 3. With the deaths of Dracula and Carmilla, who were planning their attack on humanity, Castlevania has plenty of thrills and chills for fans to bite their teeth into. What are you most looking forward to in 2019? With the top 20+ best horror anime and anime series to date this
2020. Here you will find vampire horror anime, zombie horror anime and other dark anime. Often look back, because we won't stop updating this list until we get over 100 Horror anime.99) Corpse Party: Tortured Souls (2013) Score: 5.43/10IMDB: 6.5/10MyAnimeList: 6.71/10Seasons:
