## Official iphone unlock icloud

Our fast, legal and Apple-sanctioned iPhone unlocking service is compatible with all versions of iOS, up to and including the latest version of iOS 14. We can unlock all models – such as the iPhone 11, 11 Pro, 11 Pro Max, XR, XS Max, XS, X, 8 Plus, 8, 7 Plus, 7, 6S Plus, 6S, 6 Plus, 6, 6, 5S, 5C, 5, 4, 4, 3GS and 3G. Having made payment, your IMEI will be marked as whitelisted in Apple's IMEI database, giving you a permanent unlock, with no risk of canceling your warranty and still allowing you to update to the latest version of iOS. Your unlock is delivered remotely over-air using either WiFi or cellular connections, with no need to connect your iPhone to a computer or restart your device. You can continue to use your iPhone as normal, with no interruption of service. Once you receive the SMS from us that your iPhone is unlocked, you are then free to place any simple ones of the device. Unlock Direct has a successful 100% rate for all Apple devices – including yours. All of our unlocking services are Official iPhone Unlocks – meaning they are permanent, and both fully approved by your network and Apple. Your AppleCare guarantee remains completely valid. For your peace of mind, we offer a 100% money back guarantee if we can't unlock your iPhone. Why use iPhoneIMEI.net? More important – we have direct connections with all manufacturers and network databases. With us – you simply enter your IMEI and we immediately know everything about your device, and because of this direct database connection connection it means also unlock us to usually do immediately – whereas other companies will have to deal with much slower manual methods. Other unlock companies will have you what to do, models and networks you have even if you assign your IMEI number. Why don't they know that? Because they are among them. Avoid companies like this. your iPhone will be unlocked automatically on-the-air, simply connect it to a WiFi network (available for iOS 7, iOS 8, iOS 13, iOS 14 or higher, iOS 6 or lower should be unlocked by iTunes) All features such as: Message, Facetime, 3G, 4G, 5G, wifi, Contact... worked perfectly 100%. Function your phone exactly as a phone that wasn't purchased from an Apple Store, instead of an insurance-subsidied carrier device. You are free to upgrade iOS, restore or sync with iTunes without ever worried about getting the future relocating. Your iPhone IMEI number (Identification iPhone number) will be marked as SIM-FREE in Apple's activation database. AppleCare Guarantee is affected. We offer 100% money back if we can't

unlock your iPhone for any reason. Our prices are usually the lowest in the industry – if someone else is offering cheaper, please let us know and we can match the price. Unlock our officials will never get scrolling because it unlock your iPhone by whitelisting your IMEI from Apple's database. But some other companies use method to unlock your iPhone using jailbreaks, claim to unlock ALL MODELS – ALL iPhones! Of course, they will never reimburse you if your iPhone get backed up. Our official unlock never will get backload because they unlock your iPhone by whitelisting your IMEI in Apple's database and sync it with your network. Our services are 100% legitimate and official IMEI-based method supports iPhone 12/Pro/Max/Mini, iPhone 11 / Pro / Max, iPhone SE (2020), iPhone XS (Max), iPhone XR, iPhone X, iPhone 8 (Plus), iPhone 7, iPhone 6S, iPhone 6 (Plus) – iPhone 5S, iPhone 5C, iPhone 5C, iPhone 5, iPhone 4S, iPhone 4S, iPhone 4S, iPhone 4S, iPhone 4... You can check VANN by and country here Before you order, please check the carrier network is correct. NO REFUND for carrier wrong!\* IMEI needed - no submission for iCloud Activation Lock Removal before \*\* Black IMEI list not accepted - please check before buying as we can't refund if your iPhone/iPad has been marked as lost or have been listed! When you order the service please insert your correct contact number! %100% money back if there is no success with your order, unless your device lists nuts like lost or have been listed and you haven't used our check; Free iPhone Simlock Status Check Activation Close When selling your iPhone you will sell your iPhone, you don't want to be bothered by your seller to say you didn't turn off Activation Lock or didn't deliver the phone to them in a userable state. Make sure you have a list transaction by doing all these things right before you sell your iPhone. Learn how to remove Activation Lock so that you can set up and use your iPhone, iPad, or iPod touch. Activation Lock is designed to keep your device and your information safe in case your iPhone, iPad, iPod Touch, Apple Watch, or Mac is permanently lost or have been removed. If you delete your device without signing out of iCloud first, it might still be protected by Activation Lock. If you erased your own device or bought one from another person, you can turn off Activation Lock by entering Apple's correct ID and password. Forgot your Apple ID or your Apple ID password? If you are not signed out of iCloud before placing your device in recovery mode and restore, it might remain in Activation Lock. This means you need to enter the Same Apple ID and password that you use when you already set up the device. If you have iOS 11 or later and your account is protected with two-factor authentication, you can turn off Activation Lock and pascode your device. Type unlock and Passcode, then type Use Passcode device. Learn more about using a passcode. If you still need help removing Activation Lock from your own device, contact Apple Support. Before you purchase an iPhone, iPad, or iPod touch from someone other than Apple or an Apple retailer authorized, make sure that the device is erased and is no longer linked to the previous owner's account. Learn what to do if an Apple Watch or Mac is still protected by Activation Lock. If you turn on your iPhone, iPad, or iPod touch and see one of these screens, you need help from the previous owner. If you see the Activation Lock screen, the device is still linked to the previous property account. If you see the locked passcode screen or the Home screen, the device is not deleted. If the device is linked to the account of a previous owner and will be locked by, ask to enter the Apple ID and password on the Activation Lock screen and remove the device against them. If you see the passcover screen and the device is not deleted, ask the owner prior to unlock the device and go to Settings > General > Reset > Delete all content and Settings. They'll need to enter their Apple ID and password. If the previous owner is not present, contact them and ask them to remove the device from their account: Sign in iCloud.com with their Apple ID. Go to Find my iPhone. Click all devices at the top of the screen. Select the device that you want to remove from iCloud. Click Erase [devices]. Choose Next until the device is erased. Click Remove from Account. After the owner before removing the device from their account, lock the device and then turn it back on to start the setup process. Thank you for your feedback.
