'The Great Minds of Investing'

The Great Minds Of Investing – Book Review by David Merkel, CFA of The Aleph Blog This is a difficult book to review. Let me tell you what it is not, and then let me tell you what it is more easily as a result. Get The Full Series in PDF. "In the late 's, Jean Marie Eveillard faced the investing equivalent of a near-death experience." That is how William Green begins his describing one of the great minds profiled in his book. By combining photographs and profiles in this unique way, The Great Minds of Investing offers both a visual delight and a treasure trove of wisdom. It provides deep insight into the lives, minds and ideas of these famous investors, illuminating the qualities and principles that have enabled them to achieve enduring success.

The Great Minds of Investing

Value investing is like religion: either you believe or you don't believe. We believe." Howard Marks: "The screwiest thing you can do is to think you're a master of the universe. We're all just little cogs, and the universe will go on without us. We have to fit into it and adapt to it. Change is inevitable. The only constant is impermanence. By combining photographs and profiles in this unique way, The Great Minds of Investing offers both a visual delight and a treasure trove of wisdom. It provides deep insight into the lives, minds and ideas of these famous investors, illuminating the qualities and principles that have enabled them to achieve enduring success. Design for a book that features portraits and profiles of 33 top investors in the world.
