At the time of this review there were eight books in this series as well as 26 books in the original A to Z alphabet series. Kids love mysteries, they love series, and this gives them a heaping dose of both. The first page tells the reader to look for hidden letters within the illustrations and map, and challenges them to find the secret message.

Who can resist that? Do I love these books? Not really. A to Z Mysteries Super Edition #8: Secret Admirer find too many characters right at the start, and the writing is a little lazy.

Inside it was warm and smelled good. Do I respect these books? The author and publisher give kids a lot of what they need at this point in their reading life: the thrilling intrigue of the mystery, characters they can follow from book to book, and the comfort of easy reading within the challenge of a full book. The fact that author Roy is successful at producing so much work is truly impressive and inspiring. Thanks for the nice review. I, too, have never been enamored with this series, but your point about giving children what A to Z Mysteries Super Edition #8: Secret Admirer need for this stage of reading is absolutely right.

Thanks for the comment. Yes, getting them to read is the big point. After that we can discuss the merit of the particular text. You are commenting using your WordPress.
