I was the owner of an advertising agency - I called my art director Dimitri Georgiopoulos, gave him a map of the island and the copy. The rest is history. We printed as many as we could afford, gave out copies of the artwork to anybody requesting the right to print, prepared translations in many languages Greek students all over the world asked for them.

We received hundreds of letters - the most important being one by Archbishop Makarios. But for me it remains something very personal: a tribute to the parts of Cyprus - Kyrenia, Bellapais, Salamis, Famagusta - which I had visited and loved three years before the invasion. In his book, Dimou challenges the reader to have an open mind about what it means to be Greek which can be difficult for those who love their culture,
