The Emerald Queen's army is almost upon Midkemia and the army is staging.

Erik Von Darkmoor is sergeant-major of the King's armies and Rupert is almost single-handedly financing the war. The Emerald Queen and her army are making for the Lifestone, a magical source of power capable of destroying worlds.

Vast preparations are being made in Krondor, the anticipated point of invasion by the Emerald Queen's army, and all of Midkemia's allies - as well as some enemies - are being called upon to help. There are a lot of secrets revealed in Rage of a Demon King.

Some of the more mysterious figures who have inhabited Feist's books are finally seen in a clearer light. The origins of Macros the Black and Miranda are revealed. After returning, Erik is poisoned, but the quick thinking of Kitty saves him. The plan was to sacrifice Krondor and push the invaders to a 'soft' centre. They would defend the ground, shredding as many enemies as possible. On Nightmare Ridge, a huge fortification was constructed in tandem with the heavily fortified city of Darkmoor, with roads running Rage of a Demon King length to deliver supplies.

Pug sundered the link, and Macros returns to his Rage of a Demon King form. Duke James and Roo arrange a deal with the Quegans, which ultimately resulted in the Quegans believing that a treasure fleet would be coming their way.

Six hundred ships of the Emerald Queen herald the start of the invasion. Pug is persuaded by Miranda to destroy the fleet, however Pug fails to do so. The fleet was magically protected and Pug almost died after his own fireball turned on him. It is Rage of a Demon King revealed that the Emerald Queen was in fact a demon in disguise. He heals in Elvandar for a couple of months. The Kingdom's navy headed by Admiral Nicholas, plus the Keshians and Quegans duped into attacking the fleet ends up destroying a quarter of the fleet, but Nicholas is fatally shot by an arrow.

Krondor's harbour is blown up by the Pantathians, and the palace is soon destroyed resulting in Knight-Marshal William's death. Duke James Rage of a Demon King the defense of Krondor underground with the Mockers, however he stays behind with Gamina as the explosions consume Krondor.

Pug discovers a demon that is possessed by the Saaur's last Loremaster, Hanam. Both of them, Miranda and Macros destroy the rifts that feed the demons into Midkemia and Shila, however Macros sacrifices himself to defeat the demon King Maarg and Hanam dies in the process. As Krondor falls, Erik heads the defences in the centre.

All consumables and goods of Rage of a Demon King were destroyed to prevent the enemy from gaining advantage. Every town lent support, yet when it was overrun, it was put to the torch.

Pug and Calis journey to Sethanon, and begins to unlock the Lifestone. The demon Jakan furiously transports himself to Sethanon, while ordering a full scale attack on the Kingdom Army. Jakan appears in the chamber of the Lifestone, but the combined efforts of Tomas, Pug and Miranda destroy Jakan.

Eventually the defenses at Nightmare Ridge fail, and the city of Darkmoor is overrun. Just when the citadel of Darkmoor falls, Nakor and a magician from Stardock intervene and use weather magic to create a storm of snow.

The last Saaur are relocated to the plateaus Rage of a Demon King of the continent Triaga. The remnants of the Emerald Queen flee to the city of Ylith, where they rewinter and plan to retake the Kingdom.

A Publishers Weekly review called the book's depiction of the fall of Krondor "gripping" but added that it was let down by "a pedestrian use of language and antiquated images of women". From Wikipedia, the free encyclopedia.
