And the cameo from Ada Goth was everything I didn't know I needed. Apr 04, Kristina rated it really liked it.

Chris Riddell is by far my favourite artist and cartoonist. His drawings and sketches are so unique and bizarre but downright gorgeous I've read all of Ottoline's adventures and I can honestly say I love that little girl and her pet thing :D This time they play a little bit of match making between two foxes : It was super cute and I can't wait for more books!

Sep 29, Mehsi rated it it was amazing Shelves: 5-twinkling-starscover-loveoctarineaway-laughing-on-a-fast-camelchildren-but-also-for-adultswarning-english-books. Ottoline is back again! With new adventures, new friends! I have been looking forward to a new Ottoline book for some time, so imagine my delight when my wish came true!

This time it is all about Ottoline's party, and the new friends she makes while planning for it. We meet 2 Foxes, a girl who looks like Ottoline and even has a hairy Ottoline and the Purple Fox just like Ottoline has it was just a delight. I was a bit looking forward to some sort of twist though as Ottoline is back again!

I was a bit looking forward to some sort of twist though as to why the girl was so similar to Ottoline. But nothing really happens with it, the only thing that happens is that they are both amazed, and keep saying the same sentence. The foxes, well I mostly liked the girl one. The boy one was just Ottoline and the Purple Fox cocky and I didn't particularly like him. He was just so into the touring thing, that he didn't even notice anything around him.

I did like the fact that the foxes could live in such a small and tiny space. It was great fun to see how they decorated, how the inside looked.

Like a miniature house. The party was also great fun, good job Ottoline, that was really sweet of you and you Ottoline and the Purple Fox to do. Hopefully those two will be very happy. I wouldn't mind having Ottoline and the Purple Fox book with both characters in it.

There is just one thing that I am still hoping for. That we will meet Ottoline's parents once. Even if it is a flash-visit, I would still love to see them come home. All in all though I loved this book a whole lot, and I hope that Chris Riddell will make many more. I would highly recommend this one. Feb 01, Juwita rated it it was amazing Shelves: read-in Yet another delightful story of Ottoline!

This time, Ottoline and Mr Munroe make some new friends, hold an excellent dinner party, and help a friend discover love. Ottoline and the Purple Fox love them! Jun 07, Lin Let marked it as to-read. It was a cute story, a little bit more random than the other ones, but contained some mystery for other sequels to reveal, I would assume.

Of course, the illustrations were superb. And Goth Girl crossover? I miss Ada so much, I'm still not over the fact that series is over. Hope to see her more, at least in Ottoline series. Also, I really hope we get Ottoline and the Purple Fox see Ottoline's parents sometime. Jul 26, Franko rated it it was amazing.

Chris Riddell and his Ottoline never disappoint. Even though this one differs from other Ottoline books because its plot is not necessarily centered around Ottoline's big adventure, it's still very adorkable. I also loved the interactive parts where the reader must flip through different pages to read poems and signs. Apr 01, Tamara rated it it was amazing. Chris Riddell will never disappoint.

His drawings will always be beautiful Ottoline and the Purple Fox his stories will always be sweet. A very fun read. Jul 14, Camilla Chester rated it liked it. I keep changing my mind between 3 and 4 stars on this.

To be fair, I've not read the others in the series and this is the first Ottoline book I have come across. It was a fun story and I did enjoy it. Perhaps I would've liked it more if I had the book rather than the audio, that way I could've enjoyed Chris's amazing illustrations which I am positive add so much to the text.

It felt a little forced if I'm honest and very familiar. Quirky for Ottoline and the Purple Fox sake rather than because it adds to the character I keep changing my mind between 3 and 4 stars on this. Quirky for quirky sake rather than because it adds to the characters or the story. I think this is why I'm sticking to 3 stars. He sells by the bucket load I'm sure so my slightly flat review will make zero difference I'm sure. Sweet story and characters I'm sure everyone else adores it!

This is my 3rd Ottoline book and it is just as adorable and enchanting as the previous two. I love Chris Riddell's humor and illustrations and Ottoline is such a wonderful character, with her odd shoes, quirky personality and devoted companion. Dec 12, Neville Ridley-smith rated it really liked it.

This one seemed a bit simpler than the others.
