While I really enjoyed the first book, The Boat Man, I found this to be quite slow and a bit plodding. The plot was good. People dying, some in good health and others on the brink of death already, with no discernible pattern have the police stumped. Then Mattox notices a crucial clue that brings it all together.

Can he catch the perp before more people die? The perp was an unusual choice which I liked. So the story itself was different and interesting. I just felt it lacked drama. The delivery was a bit flat and I couldn't get all that excited about it.

I'll try the next for sure but it better be better! View 2 comments. Apr 16, Cindy rated it really liked it. Enjoyable and engaging Police drama with twists in the murder that kept me reading. Clean and well written, without incongruities. May 27, Arthur rated it it was amazing. The Good Son by Dustin Stevens. Detective Reed and his K-9 partner, Billie take on the case of all cases, murdered individuals whose death makes no sense, because the autopsies indicated that in spite of being in good health, the supposedly was having a heart attack and the actual COD was suffocation, while the other was similar, an apparent suicide was reported as a domestic.

Hang on, the cases keep coming, all strangers, None making sense, until one dies from a broken neck, but his liver is totally gone. How that info leads Reed to concluding that organ donors are being targeted, you'll have to read and follow Stevens' reasoning behind his writings to see where it ends. Thanks for another great read. Jul 16, Jane Razeghi rated it it was amazing.

Another very well written, exciting thriller! Stevens' style is so good. Seems low key but so you get into his story. Please let there be a book 3 and many more. I don't have a dog, but have many friends who do. He provides an insight into how they communicate with each other that seems real.

I am looking forward to reading The Good Son. Another very well written, exciting thriller! The very best ever! Dec 12, Anne added it. I've really enjoyed reading about Detective Reed and his partner Billie. The story moves right. I found myself reading The Good Son good new author. Apr 30, hipposelect rated it did not like it. Well, I really liked the idea of a dog being a partner in investigations, but this book just turned into a bore and I could not get through it.

Too much time was spent describing what he had to do to accommodate the dog's needs, such as chaining him in the shade instead of leaving him in the car while going to an interview. The investigation was too slow and I just, in the end, had to abandon the book. s Well, I really liked the idea of a dog being a partner in investigations, but this book just turned into a bore and I could not get through it.

The investigation was too slow and I just, in the end, had to abandon the book, something I do once I've invested hours in it. View 1 comment. Apr 18, PWA Allen rated it really liked it. Being a huge animal lover, I would like to read more about Billie's personality. Right now, she seems sort of like a robot, but I really enjoy the book overall.

Feb 10, Shirley Alvarez The Good Son it it was amazing. I'm enjoying this series so far and looking forward to next book. Please keep them coming. Love Billie! Feb 16, Paul L. Reese rated it it was amazing. The development of the main character detective Reed Mattox and his evolving relationship with his partner Billie a military trained Belgian Mullois, a wolf like dog. Excellent study in the ability of dogs and humans working together. The Good Son and the way dogs are drawn to humans and become loyal to a master.

Also this second book shows a change in the way Mattox and Billie move from working together to being partners. The plot develops a little The Good Son than the first book but still delivers a powerfully thundering end.
