This book by the classic Japanese author is the second work in a series of four books called The Sea of Fertility cycle. Although you can pick up most of it in context, it really helps to have to have read the first volume, Spring Snow.

For those who have not read it, here is a spoiler for that book: Summary and spoiler for the first book in the series, Spring Snow: view spoiler Runaway Horses plot revolves around a love story between a boy and the daughter of the neighboring household. They have known ea This book by the classic Japanese author is the Runaway Horses work in a series Runaway Horses four books called The Sea of Fertility cycle.

They have known each other all their lives and she has loved him since they were children. They begin a sexual relationship and she becomes pregnant. If word of any of this gets out, it would be the equivalent of a national scandal!

Never having lifted a hand to his son before, he beats him with a pool cue. She enters a convent and the son later dies of a disease. The are fiercely anti-western and anti-capitalist. The boys hatch a plan to assassinate the upper echelons of the capitalist leadership and then kill themselves by seppukuritual suicide.

But their plotting is Runaway Horses to the police. The second main character comes out of Spring Snow. He is 38 years old at the time Runaway Horses this story. He was the best childhood friend of the boy who died in the first book. But when he Runaway Horses the young boy gang leader, he notices three moles on his body identical to his deceased friend Runaway Horses years ago.

Despite his rationality, he comes to believe the young boy is his old friend reincarnated. On to the third volume: The Temple of Dawn. Mishima was a classic Japanese author. He was a lover of the Emperor, a fierce anti-communist and anti-foreigner who late in his Runaway Horses life led a band of young men trying to restore the powers of the Emperor, the Shinto religion, and the honor of the samurai class. The author committed ritual suicide the day he took the last of the four volumes, The Decay of the Angel, to the publisher.

Runaway Horses is set in a time of economic hardship in Japan, not long after the start of the great global Depression. Farmers, especially, are suffering. Rice imports have been allowed into Japan. This has allowed for the population to be fed but at the cost of depressing domestic Runaway Horses prices for farmers, many of whom are now starving.

Factory workers, too, no longer Runaway Horses in a depressed economy, return to the Runaway Horses farms which they once left with great aspirations, compounding the general misery. Meanwhile, 21st-century style Trumpian capitalists Runaway Horses playing the economy for every last yen. This is the setting in which eighteen-year-old Isao, raised and radicalized by a dipsomaniacal right-wing father—banzai!

His plan, and he has many followers, all about eighteen years old as well, is to kill ten major capitalists, blow up the Bank of Japan and take out eight electrical substations as a means of forcing a state of marshal law and, thus, the restoration of imperial rule. The man on the street, including Isao, believes the Emperor has been hoodwinked by those close to him. Mishima adored writing about boys.

Mishima adored boys. The lad in this case, Isao, has a passion for purity and loyalty and death, that only roughly translates for the Western reader. I had a very hard time trying to understand why a lad of eighteen would be interested in killing capitalists and then cutting open his own stomach. But to me, even perhaps to some Runaway Horses alive today, the whole mindset is irrational and, thus, incomprehensible, Runaway Horses gassing Jews.

For most of the book Isao seems to operate in a virtual intellectual vacuum. All that secrecy, all that time with his fellow boys. Is he operating on secret knowledge or is he completely Runaway Horses Mishima badly muddles Isao. At the end of the novel, Isao stands up in court and gives an overly detailed speech on his motivations which strikes the reader as completely out of character.

This Runaway Horses and lonely kid is now giving lessons in Japanese history and Runaway Horses affairs? When just before, in prison, there was a passage in which he thought of himself as too intellectually Runaway Horses in other words, without the very mellifluousness he later displays in court? IMHO, it's a tremendous gaffe. Interestingly enough, Isao is locked up in Ishigaya Prison, which turns out to be the very spot where Mishima Runaway Horses make his final stand on November 25, Though by then the building was called the Self-Defense Force Headquarters.

You may remember photos of Mishima in full military dress without insignia hortatorily espousing samurai virtues from atop a carport outside the building, which led to cat calls and public derision, before committing seppuku literally, stomach cutting.

He was The day before, we are told, he completed the very last page of the last novel of the present tetralogy, *The Decay of the Angel*. That said, we must also remember that this second volume—the first volume is *Spring Snow*; see my review—continues the story of the reincarnated Kiyooki Matsugae, when his close friend, Honda, comes to believe that he has found the soul of his old friend reborn Runaway Horses the person of the young Isai Inuma who, to complicate matters further, is also the son of Kiyooki's old tutor.

I have to admit on finishing the novel that the reincarnation kerfuffle seems unnecessary. Honda, now 38, is an esteemed Osaka judge early in his career. As Runaway Horses he is a firm believer in cold, rational discourse, which takes a severe blow once he becomes convinced—utterly convinced!

Mishima is always problematic for me. So, recommended with reservations. View all 41 comments. An improvement Runaway Horses the wonderful *Spring Snow* - and yet totally dependent on it, as the scope and strangeness of Mishima's tetralogy comes into view.

## Runaway Horses - Wikipedia

Set between June and December it tells the story of young Isao Inuma, a rightist reactionary trained in the samurai code by his father. Isao becomes the instigator of a plot to topple the zaibatsu that he feels have corrupted the Yamato-damashii and betrayed the will of the Emperor.

He is assured of the army's assistance by the young Lieutenant Hori. They plan to assassinate many key government figures simultaneously on Runaway Horses 3, Shigekuni Honda, a character who figured prominently in *Spring Snow* the first novel of the cycle, appears again here as a judge and later lawyer.

He comes to believe that Isao is the reincarnation of Kiyooki Matsugae, the aristocratic schoolfriend whose story was told in *Spring Snow*. Realising that Isao too seems to be hurtling towards a "picturesque" death, he makes strenuous efforts to save him without revealing this personal connection. It is just after the May Runaway Horses Incident of Runaway Horses the tournament, the chief priest points out to him a promising athlete called Isao Inuma.

Honda realises that this is the son of Shigeyuki Inuma, Kiyooki's old tutor, now a right-wing "personality". After lunch, Honda climbs the sugi-clad Mount Runaway Horses and afterwards descends to Sanko Falls to bathe.

Some of the kendoists are already there. Honda is startled to see that Isao has the same three moles on his side that Kiyooki had, and remembers Kiyooki's dying words: "I'll see you again. I know it. Beneath the falls. He now runs an "Academy of Patriotism" and is slowly going to seed, Runaway Horses talkative, his face "marked by the years and by the common tribulations. Inuma accepts, and responds by introducing Honda to the poet, retired Lt.

Kito, and his year-old divorced daughter Makiko. Inuma and his son leave for Tokyo after the dinner. Imperial Restoration, the indications had been altogether favourable that the august wish of His Late Majesty Komei to expel the barbarians would be fulfilled.

But clouds soon cut off the light of Heaven Runaway Horses four samurai worship Runaway Horses Shingai Shrine in Kumamoto Prefecture and then await the results of a divination performed by the priest Otaguro, the heir of the late, revered Oen Hayashi, whose followers will come to be known as "the League of the Divine Wind". The proposals they have put to the gods are: "To bring an end to misgovernment by admonishing authority even to the forfeiture of life" and "to cut down the unworthy ministers by Runaway Horses in darkness with the sword".

Both return the response "Not propitious. Again, the Ukei rite returns "Not propitious. On 18 March the wearing of swords is prohibited. Harukata Kaya resigns as priest of Kinzan Shrine and presents a petition to the prefectural governor. In May, the rite of Runaway Horses is performed by Otaguro, this time returning "Propitious. A further rite convinces Kaya that it is his duty. On arriving at Kumamoto Castle on the night of 24 October Runaway Horses warriors split into three units.

The first attacks the residences of the major officials; Governor Yasuoka is killed. The second attacks the artillery battalion, with great success; the third attacks the infantry encampment, breaking down barrack doors and throwing in grenades.

The tide turns when ammunition is found for the garrisoned troops, and when the second unit rushes to the aid of the third, it is entrapped, and both Kaya and Otaguro die. The six boats intended for escape are stuck in tidal mud and it is debated what they should do. The seven youngest rebels are sent away Runaway Horses Tsuruda, and the rest Runaway Horses to Chikozu beach. A scouting party returns with the Runaway Horses that

a crackdown is underway and no further military Runaway Horses can be taken.

Accordingly, the survivors split up. One by one they surrender or commit seppuku and a detailed accounting is given of each man's end. The pamphlet concludes with a Runaway Horses from The Romance of the Divine Firea book written by a surviving rebel. Honda sends the book back with a letter that Isao reads when he arrives at school.

In it, Honda expresses a new respect for the League, and for the forces of the irrational in general influenced by his new belief in reincarnation although that is a secret and discusses the dead Kiyooki and his passion for Satoko.

However, he warns Isao that the tale of Runaway Horses League is "unsuitable" for him, and dangerous, and lectures him at length on the need for "the comprehensive picture offered by history. Isao concludes that Honda's "age and profession have turned him into a coward", Runaway Horses that the judge is still in some sense "a man of 'purity'. After school, Isao and two schoolfriends Runaway Horses and Sagara go to the boarding-house of a right-wing army officer, Lieutenant Hori.

It is Kitazaki's—the same inn that appeared in Spring Snow. Isao boldly announces his intention of organising a "Showa League" and voices extreme sentiments for which Hori expresses sympathy, although the lieutenant become tense when Isao asks direct questions about Hori's connections to men involved in the May 15 Incident. The three boys stay until 9pm, listening to him discuss current affairs.

Isao lends him The League of the Divine Wind. On Sunday morning in July, Isao conducts a kendo practice Runaway Horses young boys Runaway Horses the Runaway Horses hall of the neighbourhood police station.

While a detective called Tsuboi talks to him, four Communists Runaway Horses brought to the prison, and Isao feels a stab of envy. After Runaway Horses Kaido's Sunday lecture, Isao shows his two schoolfriends a map of Tokyosuggesting an Runaway Horses on the areas he has coloured in purple. Later on they Runaway Horses dinner with Makiko at her house, and the four discuss who in Japan most deserves assassination.

Isao names Kurahara. Makiko has kept the lilies Isao brought from Izagawa Shrine a month ago, and hands them one each. Isao visits Hori at the garrison.

Hori Runaway Horses irritation with Isao's hot-headed talk. During kendo practice, he is impressed with Isao's abilities, and proposes taking him to an audience with Prince Harunori Toin, the military royal for whom Satoko had been intended.

Baron Shinkawa gives a banquet at his villa in Karuizawa. Five couples sit and chat in his garden before dinner: the Matsugaes, the Shinkawas, the Kuraharas, the Matsudairas, and the Minister of State and his wife. They discuss current affairs in great detail, with prominence given to the personality Runaway Horses monetaristic opinions of Kurahara. We discover the fate of members of the Matsugae household. The Marquis Matsugae himself is humiliated by his insignificance, even by the fact he has no bodyguard.

Isao has an audience with Prince Toin, against Inuma's wishes. Hori Runaway Horses the Prince chat for a while; when the Prince criticises the nobility, Isao uses the opportunity to give him The League and to express his ideas about bushido. By this time, Isao has gathered 20 more boys into his circle, and Izutsu and Sagara have studied explosives. Two weeks before the end of summer vacation, he sends all the boys a telegram ordering them to return to Tokyo for a meeting at the school shrine at 6pm.

All turn up and are stunned when Isao tells Runaway Horses it was only a drill; three leave. Isao then has Runaway Horses remaining boys swear vows of fealty. To Isao's surprise, Makiko turns up, and takes them all to dinner at a restaurant in Shibuya. Chapter 19 gives a description of the opening of a Noh play attended by Honda in Osakacalled Matsukaze. While watching the two ghostly women ladle seawater into their brine-cart, Honda suddenly decides that his grief for Kiyooki has deceived him and that there could be no real connection between Kiyooki and Isao.

While hanging out his washing in October on a certain Mr Koyama's 77th birthdaySawa asks Isao if he can go with him and his "study group" Runaway Horses Master Kaido's training camp in the week starting on Runaway Horses 20 October. Isao makes no reply. Sawa, while serving him tea in his own room, starts to describe how three years ago Inuma helped extort 50, yen from a newspaper and used his 10, yen share to bolster the Academy.

Isao is disappointed, but not shocked until Sawa warns him, without explanation, that he cannot hurt Kurahara without betraying his father. Wondering if Kurahara is a secret patron of the Academy, Isao later returns to Sawa's room and demands an explanation.

Sawa responds by begging to be allowed to kill Kurahara himself. But after hearing him out, Isao smilingly denies there is any plot.

Phahon Phonphayuhasena. On Friday 21 October, Honda attends a judicial conference in Tokyoand on Sunday goes with Inuma to see Isao at the riverside training camp at Yanagawa. Isao Runaway Horses in trouble: he has taken offence at the bland Shintoism espoused by Master Kaido and gone out to kill an animal after having been ritually purified.

When he accompanies the whole group as they look for Isao, Honda is startled to realise that one of Runaway Horses dreams in Kiyooki's journal is now being acted out in detail. The plan mentions Hori and Prince Toin. They discuss details of the plot; Isao names December 3 at random as the date, and they receive an unexpected windfall of yen from Sawa, who claims he acquired the money by selling land.

Honda visits Kiyooki's grave before returning to Osaka. When Hori suggests moving the date of the plot to this week, Isao realises that he has no intention of taking part. Hori suddenly urges Isao to give up the plot, and Isao pretends to be persuaded.

At the group's Runaway Horses headquarters a rented house in Yotsuya Sumon Isao tries to salvage the plan. Seyama, Tsujimura and Ui argue

with Isao in private, and he dismisses them from the group. Within days, only 10 are left with Isao, and on November 12 they are joined by Sawa, who sets out a plan for the 12 of them to assassinate one capitalist each. Sawa is assigned Kurahara, and Isao is assigned Baron Shinkawa. Isao visits the Kitos one last time on Runaway Horses 29 to deliver a present of oysters, but Makiko follows him, guessing that he has resolved to die, and they kiss on a hill opposite Hakusan Park.

Isao does not admit they already each have one of her lily petals. The morning of December 1, the boy conspirators are at their hideout, discussing the daggers they have bought, when they are arrested by detectives. In the afternoon Sawa is arrested at the Academy.

On reading about Isao in the newspaper, Honda resolves to save him, and resigns his judgeship to act as defence lawyer for Runaway Horses. In Tokyo Inuma thanks him, and then claims that it was he himself who informed the police, and that he did Runaway Horses to save his son from death.

Prince Toin summons Honda to Runaway Horses house on December 1. The prince expresses sympathy for the twelve, but is horrified when Honda informs him that he was mentioned by name in the propaganda leaflets they prepared, and loses interest in helping them.
