## **Running in the Family Summary | GradeSaver**

These notes were contributed by members of the GradeSaver community. The author reveals a dream he had of his father's death. This serves as the inciting incident on a plan that has been brewing for weeks: He will visit the place of his father's death, Sri Lanka.

He goes to find himself, describing the limitations of his mind and body, of his memory, of his emotions and appetites. He essays on his arrival in Running in the Family, the history of the island Running in the Family its government, and he discusses his time with his sister, Gillian. Together with Janet and Christopher, the other siblings, they all four collaborate to share their memories, trying to piece together a cohesive idea of their

childhoods. They discuss culture and religion.

In a flashback chapter, we then learn that Ondaatje's parents didn't have a paradise marriage. He explores his father's mental health issues and alcoholism. Also, we learn about his father's misuse of his family's *Running in the Family*. He lied about being accepted to school, and he spend what they thought was tuition money on a lavish lifestyle in the city.

Back in the present, Ondaatje turns his prose to his environment. He discusses Matisse, the painter and *Running in the Family* inspiration gained from verdant jungles. He discusses human history and God, and he discusses many animals and their various natures, comparing them to human life.

In the memoir's closing, Ondaatje details his father's rowdy life, the difficulties of life for the family in light of the alcoholism and depression. Finally, he admits that his mother was not a very good listener; she felt more comfortable telling stories.

Then again, Ondaatje reminds his reader that technically, the *Running in the Family* forbade others from helping him. *Running in the Family* study guide contains a biography of Michael Ondaatje, literature essays, quiz questions, major themes, characters, and a full summary and analysis. *Running in the Family* essays are academic essays for citation. Canadian poet Ondaatje *The Collected Works of Billy the Kid* made two return journeys to his birthplace, Ceylon, in and —and the result is this slight, graceful mosaic: a collection of poetic impressions and less poetic but far more involving Ondaatje-family stories. They knit the story together, each memory a wild thread in the sarong. So most of the friends and family hardly noticed at first that Ondaatje's suave soldier-father was an alcoholic—until he began ripping off *Running in the Family* clothes on the railway or in desperation draining the liquid from kerosene lamps into his mouth.

And grandmother Lalla, too, was an ancestor worth reconstructing: an earthy, merry widow "loved most by people who saw her arriving *Running in the Family* the distance like a *Running in the Family* the first woman in Ceylon to have a mastectomy, the triumphant victim of a flood—"her last perfect journey," evoked in imaginative detail here.

Ondaatje captures less personally particular aspects of Ceylon as well: the heat, the snakes, *Running in the Family* beautiful alphabet, the exotic wildlife. But, while there's no strong dramatic shape to his rediscovery of his parents' past Ondaatje himself remains a blur it's the family history that almost always holds this delicate assemblage together—and extends its appeal to a readership beyond Ondaatje's poetry-oriented following.

Doyle offers another lucid, inspiring chronicle of female empowerment and the rewards of self-awareness and renewal. More life reflections from the bestselling author on themes of societal captivity and the catharsis of personal freedom. In her third book, *Doyle Love Warrior*, etc. Some stories merely skim the surface of larger issues, but Doyle revisits them in later sections and digs deeper, using friends and familial references to personify their impact on her life, both past and present.

An engrossing memoir as well as a lively treatise on what extraordinary grace under extraordinary pressure looks like. The former first lady opens up about her early life, her journey to the White House, and *Running in the Family* eight history-making years that *Running in the Family*.

As the author amply shows, her can-do attitude was daunted at times by racism, leaving her wondering if she was good enough. With her characteristic candor and dry wit, she recounts the story of her fateful meeting with her future husband. Throw a presidential campaign into the mix, and even the most assured woman could begin to crack under the pressure. Through it all, Obama remained determined to serve with grace and help others through initiatives like the White House garden and her campaign to fight childhood obesity.
