Archangel's Kiss (Cursed Angels, #1) by Anna Santos

Archangels Kiss this series, I like the sexually explicit parts but they don't overwhelm the story. Perfect balance. I liked it. The best way to say it is that it kept me interested, but not enraptured. I didn't stay up until I was done, but still was anxious to get back at it. I love the world being built or destroyed, depending on your POV and the details are fantastic. Thing is, the focus continues to shift between action and a more in-depth character development Archangels Kiss you, waking up to find out you have wings probably does take time to get used to!

For Lijuan is ancient and her power over the dead has grown in the year Elena has been asleep.

And the gift she has prepared for Elena is just what you Archangels Kiss expect from an archangel without conscience. Elena is still as kick-ass as always. It was wonderful seeing her learn how to use her wings, not just for flying Archangels Kiss learning how to fight with them. I love that she kept her hunter-born abilities, Archangels Kiss the fact that they seem to have evolved a little.

It says a lot about him that he fears losing himself, becoming the monster that archangels can be. And I do love that he appreciates the gift Elena gave him, by making him a little mortal. I love that they are slowly opening up to each other, telling their secrets, their hurts. The romance continues to be fantastic! I love that they are slowly learning more about each other. The slow pace of their relationship is more realistic than the whirlwind Archangels Kiss before.

They need time to learn to trust each other, to give deeper meaning to the intense need, love and possessiveness they already have. The intense Archangels Kiss between them continues to scorch the pages, and I just love how much they want and need each other. The more we learn about angels and archangels, the more I realise how cruel, Archangels Kiss and inhumane they truly are.

The angel politics continue to intrigue me, especially when you consider how little most things mean Archangels Kiss them, except Archangels Kiss their one supreme law view spoiler [children are not to be harmed. The place Elena was taking to recover, to learn about being an angel was amazing, and I loved Archangels Kiss more about angels.

Nalini teases us by giving us little pieces Archangels Kiss information about all of them, which makes me even more eager to find Archangels Kiss more. Lijuan is so creepy, so terrifying and Archangels Kiss reborn horrific. Another fantastic instalment from my favorite author. I love this unique world that Ms. Highly recommended. I Archangels Kiss Justine Eyre Archangels Kiss of the book a bit boring and I found myself not really getting into the series. So I gave up. Then my brother who is a huge fan of the series demanded I reread them, but this time I had to read Archangels Kiss myself. Wow what a different it made. I loved this book this time around. I'm changing Archangels Kiss rating to 5 stars. Here it is the 4th of December, and I started this book on Nov That is how long it has taking me to finish this book. I just kept walking away. Archangels Kiss makes me feel sad because I really wanted to love this series.

I love Nalini Singh, but this series isn't grabbing me. When I read book one I didn't love it but I did like it alright. Archangels Kiss had some potential, but there was something about it that was off for me. Archangels Kiss figured I would read the second book and it would get better. I have been trying for a few days to figure out why this series isn't doing it for me.

Why everyone loves it but me. Trying to put into words what wasn't working for me, but why I'm not wanting to fully give up on the series. The only things I can think of is 1. This series doesn't really have a clear point.

No clear case of good vs evil. I Archangels Kiss tell who is a good guy or bad guy. They exist but they have no real purpose. They all remind me a little of Greek mythology. A bunch of god and goddess with a ton of power no real purpose.
