Charisma | Definition of Charisma at

In Christian theology the term appears as charisma an endowment or extraordinary power given by the Holy Spirit. Some derivatives from that root including "grace" have similar meanings to the modern sense of personality charisma such as "filled with attractiveness or charm", "kindness", "to bestow a favor or service", or "to be favored or blessed".

Theologians and social scientists have expanded and modified the original Greek meaning into two distinct senses: personality charisma and divinely conferred charisma. The meaning of charisma has become greatly different from its original divinely conferred meaning, and even from the

personality charisma meaning in modern English dictionaries, which reduces to a mixture of charm and status.

John Potts, who has extensively analyzed the term's history, sums up meanings beneath this diffused common usage: Contemporary charisma maintains, however, the irreducible character ascribed to it by Weber: it retains a mysterious, elusive quality.

Media commentators Charisma describe charisma as the "X-factor". The Hebrew Bible and the Christian Bible record the development of divinely conferred charisma. In the Hebrew text the idea of charismatic leadership is generally signaled Charisma the use of the noun *chen* favor Charisma the verb *hanan* to show favor.

The Greek term for charisma grace or favorand Charisma root Charisma grace Charisma the Hebrew terms in the Greek translation of the Hebrew Charisma the 3rd century BC Septuagint. Throughout, "the paradigmatic image of the charismatic hero is the Charisma who has received God's favor". Thus, Eastern Mediterranean Jews Charisma the 1st century CE had notions of *charis* and *charisma* Charisma embraced the range of meanings found Charisma Greek culture and the spiritual meanings from the Hebrew Bible.

For Paul, "[t]here is a clear distinction Charisma charisma and *charis* ; charisma is the direct result of divine *charis* or grace. He elaborates on his concepts with six references in Romans c. He makes 3 individual references in 2 Corinthians c. Charisma seventeenth and only other mention of charisma is in 1 Peter. The gospelswritten in the late first century, apply divinely conferred Charisma to revered figures. Examples are accounts of Jesus' baptism and of his transfigurationin which disciples see him as radiant Charisma light, appearing together with Moses and Elijah.

Another example is Gabriel's greeting to Mary as "full of grace". Believers characterized their revered religious figures as having "a higher perfection. . . a Charisma Charisma ". Additional changes began in the 17th century when church Charisma, notably in the Latin traditionaccented "individual gifts [and] particular talents imparted by God or the Holy Spirit. Simultaneously, the term became alienated from the much wider meaning that early Christians had attached to it.

These dialectic meanings influenced notable changes in Pentecostalism in the late 19th century, and charismatic movements in some mainline churches in the midth century. The discussion in the 21st Century Religion section explores what charisma means in these and other religious groups. The basis for modern secular usage comes from German sociologist Max Weber. He discovered the term in Charisma work of Rudolph Sohma German church historian whose *Kirchenrecht* [28] was immediately Charisma in Germany as an epoch-making work.

Perhaps because he assumed that readers already understood the Charisma, Weber's early writings Charisma definition or explanation of Charisma concept. In the collection of his works, *Economy and Society* Charisma by his wife, he identified the term as Charisma prime example of action he labeled "value-rational," Charisma distinction from and opposition to action he labeled "Instrumentally rational.

Weber introduced the personality charisma sense when he Charisma charisma to designate a form of Charisma. To Charisma charismatic authority he developed his classic definition: Charisma is a certain quality of an individual personality by virtue of which he is set apart from ordinary men and treated as endowed with supernatural, superhuman, or at least specifically exceptional powers or qualities. These as such are not accessible Charisma the ordinary person, but are regarded as of divine origin or as exemplary, Charisma on the basis of them the individual concerned is treated as a leader.

Here Weber extends the concept of charisma beyond supernatural to superhuman and even to exceptional powers and qualities. Sociologist Paul Joosse Charisma Weber's famous definition, and found that: For Weber, the locus of power is in the led, who actively if perhaps unconsciously invest their leaders with social authority. In other words, Weber indicates that it is followers who attribute the individual with powers, emphasizing that "the recognition on the part of those subject to authority" is decisive for the validity of charisma.

Weber Charisma in leaving "disordered, fragmentary Charisma without even the guidance of a plan or table of the proposed contents". One unfinished manuscript contained his above quoted definition of charisma. For the past half-century they have debated the meaning of many Weberian concepts, including the meaning Charisma charisma, the role of followers, and the degree of a supernatural component.
