If I were to give this book 3-stars for historical accuracy, I would hope that some noble person would have me institutionalized. Still, I find The Black Sun: Montauks Nazi-Tibetan Connection book charming in its own deranged way. The author also did a good job not kissing Judaic ass, which is an added bonus in our world of international cultural Marxism submission.

This is If I were to give this book 3-stars for historical accuracy, I would hope that some noble person would have me institutionalized. This is a book I recommend for those that have been exhausted by intense scholarly works and need an intellectual break.

Jul 23, No rated it liked it Shelves: occult. Book favors the long noses and is a massive web of conspiracies, lies, truths, misleading, misguided, misinformed information, but yet also contains some highly interesting occult related ideas. Worth the read, just proceed as such. This included the claim that the ancient Germanic culture built the pyramids of Egypt. Book favors the long noses and is a massive web of conspiracies, lies, truths, misleading, misguided, misinformed information, but yet also contains some highly interesting occult related ideas.

This included the claim that the ancient Germanic culture built the pyramids of Egypt. Teudt's association with the Nazis has made it difficult for modern establishment scholars to digest the actual scholarship of his work. Ironically, his views were corroborated by an English scholar, Albert Watkins, who independently reached the same conclusions in his own research, minus the bombastic racial superiority. Watkins had no pro-Aryan axe to grind, but his discoveries concerning the ancient Teutonic peoples would also remain buried.

This compares precisely with the Egyptian scribe of the Gods, Tahuti, who is known as Thoth by the Greeks. Tahuti is known in Egyptian mythology and history as the builder of the Great Pyramid. At the very least, The Black Sun: Montauks Nazi-Tibetan Connection is the one who arranged for or inspired the erection of the structure.

Odin was only able to obtain this wisdom after he traded an eye in exchange for it. Artistic renditions of Odin depict him as missing an eye. The above legacy shows a remarkable correlation to that of Egypt. While the term hieroglyph refers to sacred Egyptian writings or secret ciphers, the word rune means secret. In the Egyptian pantheon, Tahuti is the purveyor of this written wisdom. The Black Sun: Montauks Nazi-Tibetan Connection his role as the god of knowledge and scribe of the gods.

He was also known as the surgeon of the Eye of Horus. Thus, his position does not conflict with that of Odin. This trading of the eye for wisdom by Odin is, of course, symbolic of the third eye. Odin sought the knowledge of the Eye of Horus, of which Tahuti was the surgeon. It was this secret knowledge which gave Odin command over the other The Black Sun: Montauks Nazi-Tibetan Connection and symbolizes the rulership of the morphogenetic grid.

Odin then dispensed the knowledge of the runes to mankind so that they could themselves keep the archetypal powers in check. In esoteric symbolism, the concept of the Beast is a metaphor for a rather deep and The Black Sun: Montauks Nazi-Tibetan Connection principle with regard

to how the universe is formatted.

Magicians, whether white or black, believe in a sacred rite which involves the changing of their identities. This is what the 10th Degree of the OTO is about. One relinquishes a former identity and assumes a new one. The new identity could be through death or surreptitious means. Hitler's demise is the most enigmatic and certainly the most magical. He chose April 30th, the Celtic holy day of Walpurgisnacht, on which to pass from this world.

This day is not only exactly six months from Halloween, it is also a celebration of dead souls. Hitler's departure on this date makes it all the more mysterious. This was most aptly demonstrated in history when it was a place of prominent worship to the Hindus according to conventional history, the Hindu religion we know today was a product of the ancient Aryans. As it is beyond the poles, Hyperborea is positioned as being outside of this dimension. Thule, being in the center, is positioned as the source of all life on Earth.

In Greek mythology, Pythagoras was taught sacred geometry by Apollo, a god who was identified as a resident of Hyperborea. In Pythagorean teachings, the Earth itself geometrically unfolds from a void in the center. This void has been recognized by many ancient groups, including the Sumerians, as the Black Sun. In this sense, Thule is synonymous with this Black Sun. The swastika itself The Black Sun: Montauks Nazi-Tibetan Connection part and parcel of these ancient concepts. It can be observed in the unfolding geometric shapes of existence.

The word Swastika means source, amongst other definitions, and represents eternal cause or the fountain of creation. Accordingly, the Thule Society used the swastika symbol in their logo to represent this idea.
